## MAY BE REINSTATED

**Crippled G. T. R. Employees Are Having Their Cases Reconsidered.**

Brockville—On re-consideration of their cases, it is understood that the Grand Trunk is arranging to reinstate four employees of the transportation department at this point who were removed from duty last autumn because of being incapacited through injuries received in railway accidents. One of the men has been ordered to report for duty and the rest, it is said, will undergo a further medical examination at Montreal. The men are employed as switchmen, crossing watchmen and the like. At the time of their withdrawal from service, it was stated that such action was necessary through the provisions of the workmen's compensation law. Several scores of men similarly situated were released at that time on the different Ontario lines, but it is not known whether the reinstatement will apply to these lines generally.

# CHEESE BOARD MAKES PROTEST

**Supports Stand Taken by Picton Board Opposing Dairy Standard Act**

**VOTE WAS 13 TO 10**

**Much Discussion at Meeting in Belleville—Cheese Sold at 20 13-16**

Belleville Cheese Board on Saturday by a vote of thirteen to ten decided to concur with the memorial of Picton Board opposing the principle of the Dairy Standard Act which imposes payment for milk by butter fat content.

Mr. George Nicholson moved, seconded by Mr. Stanley Walker the resolution.

An amendment was moved by Mr. P. A. Shannon and seconded by Mr. J. W. Crews, that the board concur in the Dairy Standard Act.

Mr. M. Sprague spoke in favor of the Act, but President R. Mitchell said all cheesemakers but one in the district were against it.

Mr. James McMullen declared it was difficult to get an accurate Act and contended that there was little difference in the quality of milk sent on by the various patrons. Farmers had been trying to get a better flow of milk and the Dairy Act would upset all their arrangements, emphasizing as it did richness of milk.

Mr. W. Simmons stated that something more than butter fat goes into cheese.

The man who supplies the best milk, should get the price, said Mr. P. A. Shannon, supporting the Act.

"Is it right to have one man always robbed," asked Mr. James McMullen, stating that some milk tested 2.9 and others near 4.0.

Mr. Sprague argued that payment by butter fat content would lead to the better care of milk and this would mean better price for cheese.

Mr. J. W. Crews argued in favor of the Act as necessary. Government experts help by their suggestions to increase the standard of cheese so that competition was possible. "We talk of democracy and know that if the matter were submitted to a referendum it would be defeated," he said, but stated that the attitude would change if all had the knowledge of the experts. "If I want to know how to make cheese I go to the one who makes a life study of cheese," he declared.

After three-quarters of an hour's discussion the vote was recorded.

Cheese sold down to 20 13-16 on the board, the following factories boarding:

## FIRST MISHAP IN HALF CENTURY

**Capt. Papineau Has Rounded Out a Long Marine Service**

Kingston—Capt Papineau, in command of the steamer City of Hamilton, which went aground above Iroquois, a week ago, is another old mariner, who has been in the service half a century, and it is stated that this is the first mishap he has met with in his long service. This is a record that any mariner might well be proud of. Capt. Papineau is one of the most careful navigators on the river and lakes. He is well-known and very popular.

# YEAR IN PRISON FOR A MOTORIST

**English Judge Sends to Jail Man Whose Car Killed a Child.**

LONDON, July 25.—Henry Beecham, 33 years old, of Forest Hill, Hartford, Cheshire, brother of Sir Thomas Beecham, the operatic director, was found guilty at the Herts Assizes last week of the manslaughter of a boy 6 years old, at Baldock, by running over him with a motor car, and was sentenced to 12 months' imprisonment. Justice Rowlatt, passing sentence, said to Mr. Beecham:

"I entirely agree with the jury it was a wicked and selfish negligence case. I think your career shows that you have been a thoughtless and selfish user of the highway. You caused the death of the poor little child, and maimed two others.

"I don't for a moment think you were not intensely sorry for it afterwards, and did the generous thing by them. You did not try to get away, and were not drunk, but you were selfish and negligent, and it is a growing danger."

Mr. and Mrs. Thos. Hatton spent the dinner hour on Saturday at Mr. Harvey Dafoe's.

# WIN OUT IN TENTH INNINGS

Tie nine-innings baseball matches seem to be a sign of dog-days in Central Ontario, so what should Belleville industrial teams do but to tie up in the ninth. On Saturday afternoon at the Fairgrounds, Belleville Hardware defeated Springer Lock Factory by a 5 to 4 score after ten innings of batting. In the early part of the game the Springer team led by 4 to 1, but towards the close the Belleville Hardware line-up rallied and ultimately squeezed out a victory.

**An Oil of Merit**—Dr. Thomas Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the curative qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

A. Donaldson, a licentiate of Kingston, has received a call to Lanark Presbyterian Church.

Kingston Board of Education have decided to discontinue the summer school for backward pupils.
