BRANDRAM - HENDERSON

CANADA'S CALL

FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right

spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no

THE GOVERNMENT OF CANADA

There should be no waste in war-time. Canada could

pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in

pathy is extended to Mr. Crerar's mother, who is a very old lady.

Mr. Allen Johnston, of Elmsville, is doing some carpenter work for Mr. Howard Mitchell and Mr. James McMillan.

At noon on Friday last a neighbour, woman discovered that the house of Mr. John Cunningham was on fire, she ran to the telephone and alarmed the neighbours. In a very short time the place was alive with willing workers of both sexes. When hclp arrived the ell and wood-shed were beyond hope, and all efforts were turned on the main house. But not till after a desperate fight for about an hour could any gain be seen, however, with the reinforcement of a rafting crew from Digdegush, and renewed efforts on the part of all, the fire was got under control. The wind was in favor of the fighters and there was an abundance of water nearby.

Much credit is due to the ladies who formed a Bucket Brigade and carried thousands of gallons of water on the grounds. The main house was badly damaged both by fire and water. Mr. Cunningham lost a lot of clothing and bedding, which was stored in the shed, while house-cleaning was going on. Loss amounting to about seven hundred dollars, partly covered by insurance.

The soldier boys from Black's Harbor have returned to St. John, after spending and heading, which was a neighbours.
