

DEEP - SEATED COUGH CURED IN FIVE HOURS.

New Home-Made Syrup. (Cut this out.) From Boston Press. Progress in medical compounds never ceases, and now it is stated by a prominent medical man that any deep-seated cough or cold on the lungs can be actually cured in five hours by the clock. Opium and morphine have been resorted to in the past, as relief measures. But now it is learned that the system must be treated to rid the inflammation and congestion. A tonic laxative cough syrup does the work so quickly and thoroughly as to be almost magical. What heretofore has taken weeks to cure can be accomplished in hours. Get this formula filled or mix it at home and always keep it on hand. One-half ounce fruit wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then take one-half to one teaspoonful three or four times a day until the cough is purified and lingers up. Give children less according to age. One filling will usually cure a whole family, as the dose is small.

One day the office boy went to the editor of the Soaring Eagle and said: "There's a tramp at the door, and he says he has had nothing to eat for six days."

"Fetch him in," said the editor. "I can find out how he does it, we can run this paper for another week."

Many inertly weak lungs, and a disease usually assails the weakest point, these persons are continually exposed to attacks of cold, and pulmonary disturbances. The speedy cure of Bickel's Anti-Consumptive syrup will be found a preventive and a protection, strengthening the organs so that they are not so liable to derangement from exposure or abrupt atmospheric changes. Bickel's Syrup is cheap and good.

The Hostess—Don't you think, Col. Broadside is quite a wonderful old man? Look at him. He is as straight and slender as an arrow, and he has the most wonderful memory. The Lady of Dubious Age—I think he's an atrocious old bore. He remembers when everybody was born.

Typographical errors are one of the chief bane of a newspaper man's existence. In the rush of daily newspaper making "proofs" are read hurriedly, or sometimes not at all, and occasionally the result in the printed product is astonishing.

For instance, the story is told of an editor who recently wrote a "puff" for the bells of the bell, saying: Her dainty feet were increased in shoes that might have been taken from a child's boots, but the blundering compositor made it read: "Her dirty feet were increased in shoes that might have been taken for shoes."

"About what time do you think the dispute over the discovery of the end of the world will be settled?" "About that." "About what?" "About the end of the world."

\$100 Reward, \$100. The reward is offered to learn that there is at least one disease that causes the hair to fall out. The only positive cure is Dr. Williams' Pink Pills for Pale People. It is a constitutional disease, requires a constitutional treatment. It is a disease that is generally, going directly upon the blood and mucous membranes. "This young man, of whose abilities I was telling you about, is literally buried in his small home place." "Ah! That is a grave matter." "And he is burning the candle at both ends."

BETTER THAN SPANKING. Spanking does not cure children of bad-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 77, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

"To-morrow will be my birthday," remarked the going typewriter maid, "and I'm fixing to take a day off." "Huh!" answered the bookkeeper, who had loved and lost, "you take five years off as you did the last time you had a birthday?"

Mr. Kajones, who happened to step into the parlor while looking for a book, was just in time to see somebody slip hastily off somebody else's knee. "Ah, Bessie," he observed, pleasantly, "this is a merger, is it? Or is it a limited partnership?" "Neither papa," said Bessie, recovering herself instantly, "George is my holding company—that's all."—Chicago Tribune.

LA GRIPPE Arrested, and Consumption Cured. Mr. C. D. Colwell, of Walkerville, Ont., was stricken down with La Grippe in 1905, and it left him in very bad condition. He says: "I was all run down and bed-ridden. I could not sleep at night, had awful aches, and coughed nearly the whole time. This is how I was when I began to take Dr. Williams' Pink Pills for Pale People. I had some relief, but I began to improve. I had some relief, but I began to improve. CANADIAN IS CHIEF.

Once more the strange "Jezebelite" sect and their temple, the huge, square, windowless building on the top of Chatham Hill, North Kent, England, have claimed public attention. The remnants of "the New and Latter House of Israel" have been ejected from Jezreel's Tower by a sheriff's officer owing to the rent being \$250 in arrears. The official army of an order granted by the Rochester County Court, turned out the twenty people, including children, who still remain faithful to the weird religion. "Prince Michael," the leader of the sect, was away, and returned to find the building locked against him. The "princes" and his followers took lodgings in the neighborhood, and later the amount owing was paid.

The remarkable tower, which can be seen for many miles around, is inseparably connected with one of the oddest of the many strange religions which have sprung up in the world.

Over thirty years ago a private soldier bought his discharge from the army and proclaimed himself the prophet of a new sect, calling himself "James Jezebel." He claimed that he had received from Heaven through an intermediary at Jerusalem a document of Divine origin, which he called "The Flying Roll." Extracts were given from this and sold to the disciples of the sect, but no one has ever seen the Flying Roll.

"Jezebel" soon gathered hundreds of credulous followers, who, as prescribed by their faith, let their hair grow long. He soon gained a considerable fortune, married a beautiful Chatham girl named Bethel Hooper, and lived almost as luxuriously as a prince. A quarter of a century ago he started building the temple, which was to hold 5,000. It was to save the sect at the destruction of the world. The Flying Roll stated that the number to be saved was 14,000. Neither Jezebel nor the Roll made it clear where the number 139,000 were to be accommodated.

One mistake, however, was made by Jezebel. He said he would live forever. But he died, and the sect would have received a grievous setback but for the prophetic words of Mrs. Jezebel, who said she would live forever. A real prophet, and proclaimed herself as Queen Esther. Three years later she also died.

For a time the sect languished until the control of the real prophet, brother-in-law of the founder. The building, being gaunt and incomplete, was sold and part of it was rented to the Jesuits. But the real prophet, brother-in-law of the founder, ejected after a struggle with unregenerate policemen.

Three years ago the Jesuits were expelled by a new leader—an engineer and the son of a Canadian Nonconformist minister. He is the self-styled "Prince Michael." He is a tall, thin, thick-set man, with flowing beard and twinkling eyes.

An interesting study at the beginning of every Parliament is to discover who the oldest members are, as the number of those who were returned to Parliament in 1896, when Sir Wilfrid Laurier attained power, is now very rapidly diminishing, the following is the list of the thirty who remain.

Conservatives—Major Thos. Beattie, London; R. L. Borden, Halifax; Andrew Broder, Dundas; Hon. Geo. E. Foster, North Toronto; Hon. J. G. Haggart, South Larnak; David Henderson, Halton; Col. Sam Hughes, Victoria and Haliburton; F. D. Monk, James Cartier, William B. Peck, East Hastings; E. B. Oiler, West Toronto; Dr. John J. Reid, Greenville; Dr. W. J. Roche, Marquette; Dr. T. E. Sprague, East Grey; Dr. Charles Leed; Uriah Wilson, Lennox and Addington; W. F. Maclean, South York—16.

Liberals—Sir Fred. Borden, King's; Hon. L. E. Brodeur, Rouville; J. P. Brown, Chateaugay; Jos. Acetier, Two Mountains; Hon. W. S. Fielding, Sherbrooke and Quebec; Hon. Sydney A. Fisher, Broms; Sir Wilfrid Laurier, Quebec East; Hon. Rodolphe Lemieux, Gaspé; D. B. Meigs, Missisquoi; Hon. Frank Oliver, Ingonville; Hon. Wm. Paterson, Brant; Hon. Clifford Sifton, Brandon; O. E. Talbot, Bellechasse; John Tolmie, North Bruce—14.

The father of the House is Hon. Mr. Haggart, who was born in 1836, and is thus 73 years of age. He has been in public life since 1879, when he became mayor of Perth. He was elected to Parliament in 1873 and has held his seat without defeat ever since. He was appointed Postmaster General by Sir John A. Macdonald in 1888.

Montréal Goes Ahead. Mr. Alex. MacPee, the Montreal grain exporter, asked recently whether that port had held its own as against Boston, New York and other United States ports on the Atlantic, in grain shipments for the year said: "I think that Montreal is holding its own. But it is my opinion that the combined exports of grain from the Atlantic ports has decreased of late years. Montreal's supremacy in this regard is to be attributed to our canal system, which gives us cheap freight rates from west of the great lakes to Montreal. The fact that the shipment of grain goes by rail, all water routes, obviates necessity of breaking up bulk of the cargo. The American system of grain transportation, utilizing both lake and rail, is at a disadvantage here.

Something to Be Sure Of. This anecdote is attributed to Rev. Wm. Patterson, of Philadelphia, formerly of Toronto, although as he is the high-spirited pastor of a very wealthy church it seems scarcely appropos. It is said that he once delivered a sermon to a circle of his brethren, that he thought ministers ought to be humble and poor, like their Master. "I have often prayed," he said, "that I might be kept humble; I have prayed that I might be poor; I could trust my church for that!"

HIS STURDY WATCH.

He Keeps It in Regard Himself With the Aid of a Knife. "Some men don't you know," said Mr. Grinnell, "will stop of a curb, step down about a foot and break a leg, and then another man will fall off the top of a seventeen story house and not even muss his clothes. And it's about the same way with watches."

"I dropped my watch the other day about five inches on to a thick plain carpet, and it cost me \$10 for repairs. When I was out walking with my friend Billwitly this morning he dropped his watch on the sidewalk, and it didn't so much as stop it."

"It sounded when it came down like a safe falling out of a high window, and it was only a two dollar watch, and I expected, of course, to see Billwitly just kick the fragments of the sidewalk and pass on, but it seems Billwitly knew the watch better. He picked up the crystal, not even cracked, from where it had fallen, set on feet and put it back in its pocket, and then he looked at the watch."

"It was going all right, but somehow in the fall the long hand had got bent. He straightened out that bent hand with his pocket-knife, and then he picked up the crystal, and then he looked at the watch, and then he looked at the watch, and then he looked at the watch."

A Countryman in London. A countryman who went to London in August lost his gold watch. He trotted off to Scotland Yard and told them about his trouble. With their usual politeness they told him they would leave no stone unturned in their endeavor to find his watch. A few days later he went through some of the leading thoroughfares and saw street after street turned up and found that a few miles were in the same condition. He ran off to Scotland Yard, and said, "I didn't think I was giving you all that trouble. If you don't find the watch by Saturday you needn't pull up any more of the road."

For Asthma and Catarrh.—It is one of the chief recommendations of Dr. Thomas' Electric Oil that it can be used internally with as much success as it can externally. Sufferers from asthma and catarrh will find that the Oil will give immediate relief. Many sufferers from these ailments have found relief in the Oil and have sent testimonials.

IF YOUR BABY IS SICK GIVE BABY'S OWN TABLETS.

The little ills of babyhood and childhood should be treated promptly, or they may prove serious. An occasional dose of Baby's Own Tablets will regulate the stomach and bowels and keep your baby healthy and happy. It will promptly restore health if sickness comes unexpectedly. Mrs. Lenora M. Thompson, Oil Springs, Ont., says: "I have used Baby's Own Tablets on my little girl as a precaution required, and have found them always of the greatest help. No matter, in my opinion, should be without the Tablets."

A Cure for Fever and Ague.—Disturbances of the stomach and liver always precede attacks of fever and ague, showing derangement of the digestive organs and deterioration in the quality of the blood. In these ailments Farnell's Vegetable Pills have been found most effective, abating the fever and subduing the ague in a few days. There are many who are subject to these distressing ailments, and to these there is no better preparation procurable as a means of relief.

The Hunter and the Wind. In-hunting against the wind in open forests more game is passed than when the wind is in the rear. The reason is, the wind will pass them and hide by getting as near to the ground as possible. If they scent him after he has passed they evidently realize that the danger is in the rear. WASTEFUL ECONOMY.

The Caddie's Advice. The caddie followed him around the course silently, solemnly, but not unobtrusively. Their walk behind was marked by scuffs and scratches in the turf. At length he ventured on a tentative remark: "Well, be a stranger to these parts, maybe?" "Well, not exactly a stranger. I've been here for many years, but I've been away many years too. All my folks are buried hereabouts."

"I don't see no' go deep eno' with your driver," remarked the caddie. "You better ask your iron."—From the Liverpool Post.
