## DR. McKAY'S VIEW

Woodstock-Rev. Dr. W. A. McKay gave the following statement to your orrespondent this afternoon; "If the government's proposal is merely to permit the Ontario electors next to permit the Ontario electors next January to vote for or against the licensing of bar rooms, all I have to say is that such ermission is no fulfilment of the government's oftrepeated promises and pledges, not is it a worthy response to the demand of 200,000 electors who called for the closing of the bars. I do not believe Premier Ross will thus trifle with the people. He is a man of honor."

The directors of the West Kent Agricultural Society met yesterday monning and decided to canvas the merchants for donations for special prizes to be competed for at the Spring Fair. Henry Robinson, the hustling secretary of the Society, was much in evidence all day and he tre ports that the directors were very successful in their canvas. The merchants all respond very willingly and the Society are very gratified at the results of their labors. It seems an assured fact that Chatham will have assisted at that charles were lead to such excellent fairs as she has never had before. O. Austlin is president of the Society and is taking a keen interest in the work of the directors.
