## I. O. D. E. FAIR WAS GREAT SUCCESS

Parade Friday Afternoon One of Best Ever Seen in Wolfville

In spite of the fact that both Thursday and Friday were such stormy days the Bazaar and Fair held by the members of the Sir Robert Borden Chapter, I. O. D. E., at Community Hall, proved to be most successful. About a thousand dollars were taken in and after expenses are paid the organization will have over seven hundred dollars to use for its many charitable objects.

The Fair was opened by Mayor Chambers at three o'clock on Thursday afternoon. Mrs. Horton Phinney, Regent, then presented the I. O. D. E. cup to Grade XI of the Wolfville High School, that grade having had the largest percentage of its members pass the Provincial examinations in June.

A large number attended the Fair that afternoon and evening and the different booths and other attractions were well patronized. The fish pond, under the care of Miss Harry, represented a rocky shore with two light-houses. In the adjoining booth, Mrs. Macklin, Mrs. Brown and Mrs. Crawley, attired in bonnets and shawls of the long ago, sold articles for children. The apron table was presided over by Mrs. O. Davidson; the fancy work by Mrs. E. O. Davidson; the white elephant by Mrs. Lawrence Eaton; the flowers by Mrs. Grant Fortier; the hot dogs by Mrs. Woodman; the ice cream by Miss M. DeWitt; the art gallery by Mrs. Eugene Eaton; the peanut booth by Miss Helen Starr; the candy table by the Girl Guides.

The Tea Committee, headed by Mrs. Roy Forbes, served an attractive supper and did a record business both days. The Kentville Orchestra furnished music for dancing both evenings and many attended for this purpose, especially on Friday evening, when in spite of the rain numbers came from out of town points.

Several prizes were given. The door prize was won by Mrs. Carl Farnsworth; the number of his ticket being 113. The prize for guessing the weight of the cake was won by Mr. J. D. Harris, and that for guessing the number of beans in a bottle by Miss Ruth MacDonald.

The parade, which was postponed from Thursday afternoon was held on Friday at 2:30 o'clock. The rain having let up for a few hours. Principal Silver, who had the parade in charge, had spent a good deal of time and energy in its preparation, and is to be congratulated on the result, as the parade was one of the best, if not the best, ever held in Wolfville. A large number of people were present.

Main street was lined with autos. Capt. Henry Rufes, properly uniformed and mounted on a white horse loaned by Mr. Frank Gertridge, of Gaspereau, was marshal of the parade, and was followed by the Wolfville Band and a truck. Behind the band was the fire engine and ladder wagon with members of the fire brigade, and then came the school children, a number of decorated cars, 35 decorated bicycles (including one Victorian high wheel), two pony carts, and 25 doll carriages.

The decorated cars and floats were as follows: Wolfville Electric Commission; Mayor Chambers, advertising Fire Prevention Week; Acadia Dairy Co., Ltd.; High School Girls Club Float (car loaned by Mr. Langille); J. D. Harris; Maritime Tel. & Tel. Co. (Wolfville exchange); Dr. W. L. Archibald; "Acadia"; Mr. Arthur Regan; "Mermaid"; High School Boys Club; "Prince of Wales Car" (car donated by W. E. C. B. Harris); G. K. Prescott. "It Ain't Gonna Rain No More"; Waterbury Co., Ltd.; Mrs. Herbert Johnson; "Hiddenhurst Farm"; A. M. Young; T. S. Seward.

The judges were Mr. C. C. Nowlan, Mrs. Osborne and Miss Ruth MacDonald, and they awarded the prizes as follows: High School Girls Club for the best float, and High School Boys Club for the best decorated car. Both of these cars were very handsome. Grade V representing the circus won the prize among school grades. The prize for the best decorated bicycle was awarded to Vernon Brown, while little Babie Harris received the prize for the prettiest doll carriage, which was in the form of a large pumpkin. Honorary mention was given to the Acadia Dairy Co., A. E. Regan and G. K. Prescott cars; to the pony carts containing the bridal party; to a little dog cart and to Grade III.

## BERWICK APPLES FOR IMPERIAL FRUIT SHOW

BERWICK, Oct. 9.—Berwick will be well represented by a fine assortment of fruit exhibits at the Imperial Fruit Show, which is to be held next month at Birmingham, England. F. A. Parker shipped eighty boxes on Monday. John Buchanan is shipping seventy-two boxes. The United Fruit Company are preparing a large exhibit and the Rockland Fruit Company will forward a collection of its choicest fruit. The varieties will be chiefly Wagener, Cox Orange, Kings, Golden Russet, Spys, Baldwin, Gravenstein, McIntosh, Stark, Gano, and Greening. The exhibits have been carefully selected and prepared for shipment, and should make a fine display at the big show.

Silence is one of the hardest kind of arguments to refute. There is no good substitute for wisdom; but silence is the best that has yet been discovered.

## WALTER J. DONNELLY

Has been appointed Assistant United States Trade Commissioner for Canada. He is located at Ottawa.

## SUCCESSFUL CRICKET SEASON AT WOLFVILLE

Now that the cricket season is over a word of praise is due our cricket team, which was organized last May with Rev. R. F. Dixon as president, A. C. Cox as manager, and Nelson Grant as captain. The club began as the "Wolfville Junior Cricket Club", but later on discarded the "junior" and became simply the Wolfville Cricket Club, ninth-tenths of the old club having left the town.

On the whole the team, almost entirely composed of young fellows well under twenty, has had a most successful season. They have once defeated both Kentville and Windsor. Another time they played Kentville to a draw near a tie and in all the matches they have played have given a good account of themselves. The team now contains some first class players including two or three excellent bowlers. They have been excelled from time to time by Messrs. D'Almeida, E. W. Robinson, A. C. Cox and other members of the old team, but the main burden has been laid on the boys themselves, many of whom are expert players of baseball which is an excellent school for cricketers.

The movement started at Bridgetown last summer to promote interest in the game throughout the Valley has been understood with most gratifying success. A meeting of all cricketers is to be held this winter at some place and will take definitely organized steps.

## ACADIA ACADEMY WINS FROM KING'S COLLEGIATE

Winning the game by a penalty drop within a few minutes of the final whistle Acadia Academy junior team triumphed over the King's Collegiate School foot team by a 3-0 score here Saturday. The features of the game was good punting by members of both squads, and Hamilton of A. C. A. playing the best brand of football in evidence on the field. Both teams were very evenly matched and the punting kept the ball going from one end of the field to the other during the first period. The second half continued much the same as the first, but when towards the end a penalty kick was called near the King's goal line, Hamilton sent a drop between the bars for the only score of the game.

K. C. S.—Forwards, Cooper, Stewart, Fisher, Hudson, Bacon, Greatmore, Campbell; quarters, Godfrey, J. M. Gavich, Leavette; halves, Dymock, J. C. Cavich, Johnston, Gunning; fullback, Boutillier.

A. C. A.—Forwards, Carter, Wright, Carruthers, Titus, Harrison, Lafury, Eaton; halves, Smith, Ackerley, Raymond, Cohen; quarters, Edgett, Ferguson; fullback, Parker.

## SPECTACULAR SCENE

Dynamiting of Cliff is Shown in "To the Last Man"

The dynamiting of a cliff which caused thousands of tons of rocks and debris to fall nearly 1000 feet, is one of the most spectacular scenes of "To the Last Man", a Paramount picture coming to the Orpheum theatre next Wednesday and Thursday. Five cameras photographed the explosion from different angles, the cameramen remaining at their posts until the last moment before running for shelter from falling stones. The face of the famous "Rim" was blown away by the force of 500 pounds of exploding dynamite and hundreds of trees were carried down in the crash.

The explosion is a sequence in the picture showing the wiping out of a band of cattleman by cattle thieves. The avalanche closes the entrance to a canyon and kills all but one member of the band. "To the Last Man" is a Zane Grey production based on the author's famous story of the Pleasant Valley War, a feud of the late eighties, which was fought out literally to the last man. The historic sites of these battles were filmed in making the picture. Besides Richard Dix and Lois Wilson, the principal players are Noah Beery, Robert Edeson and Frank Campeau.

## THANKSGIVING DAY MONDAY NOV. 10th

Monday, November 10th, has been proclaimed a public holiday throughout Canada, Armistice Day and Thanksgiving Day combined. For the past two years Canada's annual day of thanksgiving and the commemoration of the signing of the Armistice have been fixed on the same day.

## BARNS DESTROYED BY FIRE

Bad Conflagration Averted by Rain Soaked Buildings

At about ten o'clock last Thursday evening as patrons of the fair were beginning to return to their homes, an alarm was sounded in consequence of a fire discovered in the barn at the rear of Mr. F. W. Barteaux's house on Main street. The fire company, which responded quickly with the engine and equipment, soon had four streams of water playing on the burning buildings through the roof of which flames were by this time bursting.

Soon the fire was under control, the upper story, in which the fire originated, being badly gutted. In the building when the fire was discovered was a horse and rig belonging to Mr. J. B. Wallace. These with a cow belonging to Mr. Barteaux, were rescued while other contents of the building were destroyed. The cause of the fire is unknown.

But for the favorable conditions the fire might have been a disastrous one, as the building is situated in a congested section and a high wind was blowing. However, the heavy rain which was then falling prevented the flying embers from gaining a lodgement in surrounding buildings, and the prompt action of the firemen proved most effective in confining the fire to the building in which it originated. The loss was covered by insurance and the building will be rebuilt.

After the fire was over the members of the company were treated by Mrs. Barteaux at the fire hall to coffee and other refreshments, which were duly appreciated.

The fine large barn belonging to Acadia University on the property formerly owned by Dr. G. E. DeWitt and now occupied by President Patterson, was totally destroyed by fire on Wednesday night.

Students who were doing overtime practice in the campus track discovered the fire at about 10:30 o'clock and at once sent an alarm. Quickly responding the firemen found the building a seething mass of flames which had made such headway that it was impossible to do more than prevent the spread of the conflagration to surrounding structures.

A large number of citizens gathered to watch the fire which was a most spectacular one and must have been plainly visible at considerable distance. A very light west wind which prevailed was sufficient to carry sparks and live embers over the business section of Main street and finally these caused a small fire in the roof of the Westwood automobile establishment which was soon extinguished.

The doomed building contained a number of automobiles, one of which was uninsured and destroyed. There was also probably four hundred bushels of oats, unthreshed, and other farm equipment. The building itself was covered by insurance.

The cause of the fire is not known but we understand a thorough investigation will be held.

## MR. O'LEARY REPLIES

To the Editor of THE ACADIAN  
Dear Sir,—In a recent issue of your paper appeared a letter from Rev. Douglas Hammon, upon which I should like to contribute a few words of comment. With all due respect to the fairness of Dr. Hammon's letter it is apparent that he allows the shadow to fall upon my side of the line. With no wish to prolong this discussion permit me to say a few words by way of explanation. There are two pools on the Gaspereau river below the power plant, designated for convenience, No. 1 and No. 2. No. 1 pool is reserved water while pool No. 2 is open to the public. The two pools are separated by a short run. Dr. Eaton caught his salmon in No. 1 pool and I wish to say that I am not aware of any other person fishing there. If Dr. Hammon or any other person will give me the name and necessary proof of their doing I will promise a prosecution at once. I will not handle one person bare handed and put on gloves to handle another. I am bound to say in all fairness to the members of the Fish, Forest and Game Association that they did not try at any time to protect Dr. Eaton. A member myself of the association and a believer in the upholding of its principles, I remain  
CHARLES O'LEARY  
Guardian of the Gaspereau River Fisheries.

White Rock, Oct. 8th, 1924.

Before placing your order for Personal Christmas Greeting Cards be sure to have a look at our samples. Phone 217 and our representative will call on you with the sample book. The best values in Canada. THE ACADIAN.

## NEW MEMBERS OF ACADIA FACULTY

Have Splendid Qualifications for Their Duties

The new members of the faculty of Acadia University have entered upon their duties with enthusiasm and have readily won the esteem of their fellow members of the faculty and of the student body.

Paul Campbell Young, who succeeds Dr. K. J. Long in the department of Psychology and Education, is a graduate of the North Texas State Teachers' College. His undergraduate work was taken at the David Lipscomb College at Nashville, Tennessee, and at Bowdoin College, Maine, from which he received the degree of B. A. (cum laude). Bowdoin College is widely known as the college of Longfellow. Professor Young received the degree of M. A. in the Department of English from the University of Minnesota, and the degrees of M. A. and Ph. D., in the Department of Psychology from Harvard, where he did his major work under Professor MacDougall, the well known psychologist. The subject of his doctor's thesis was: "An Experimental Study of Physical and Mental Functions in the Normal and Hypnotic States".

At Bowdoin, Dr. Young was Sewell scholar and an active participant in undergraduate activities, especially debating, tennis, and wrestling. At Harvard he was the Townsend scholar and tutor and advisor in Psychology and assistant in the Department of Psychology. He has had four years of teaching experience, the last two of which were spent as Associate Professor of Education and Educational Measurements in the Florida State College for Women.

Professor Young is a forceful speaker, and in the list of extension lectures by the faculty of Acadia offers the following lectures:

1. What Psychology can and cannot do.  
2. Hypnotism, Telepathy, and Kindred Phenomena.  
3. The Problem of Feeble-mindedness and Insanity.

4. Intelligence Tests and Educational Measurements.  
Paul Patrick Rogers, who comes to the chair of Romance Languages, has splendid qualifications for his task. A graduate of the University of Nebraska, with three years of graduate study to his credit and with several years' teaching experience, he combines with a scholarly knowledge of the language the power of fluent conversation in each. Professor Rogers teaches, especially on Thursdays, the "Hypnotic States" in the Department of Psychology. Messrs. Ginn and Company are bringing out a Spanish text-book, "El Trovador", prepared by him. He has also in preparation a volume entitled "Study of Contemporary Spanish Drama" which will be published later.

Equally fortunate was the selection of Ralph Lent Jeffery as Professor of Mathematics. Professor Jeffery is a graduate of Acadia, with several years of teaching experience before graduation. As a graduate student at Cornell he had had a brilliant record. During his second year at Cornell he was elected to the honorary societies of Phi Beta Kappa, Sigma Xi, and Phi Kappa Phi. From Cornell he went to Harvard, where he accepted an instructorship and at the same time carried on work leading to the Ph. D. degree. Professor Jeffery combines to a unique degree the qualities of a research student and a successful teacher.

## GEORGE E. COX

MIDDLETON, Oct. 13.—The death occurred yesterday afternoon at the home of his son, Frank, of George E. Cox, at the age of 89 years. The deceased was born at Habitant in the county of King's, the eldest and sole survivor of a family of eleven children, whose parents were Edward M. and Mary Pineo Cox.

Mr. Cox lived at Hortonville and Avonport until fourteen years ago, when he removed to Middleton. He was a Baptist in religion, having been a deacon of the former "Free Baptists", and was a man of intellectual tastes, widely read, with considerable musical ability, and a character of staunch integrity. He filled the office of Justice of the Peace for many years in his native county, and was also a member of the old County of Sessions. He was known as a "Joe Howe Liberal" in earlier days and followed Mr. Howe into the Liberal-Conservative Party.

He leaves a family of six children, one son predeceasing him a year ago. The others are: Frank, Fred, Florence and Effie, of Middleton; Doris, of Tacoma, Washington; and Ashley, of Avonport. Interment will take place at 3:30 Tuesday afternoon at Pine Grove Cemetery.

## MAYOR JUTTEN OF HAMILTON

Who with the other members of the City Council, has decided upon a wide open probe into the city's tax scandals as well as prosecution of all who are believed to be guilty of wrong-doing.

## JAMES A. ALLEN

The death of Mr. James A. Allen, of North Grand Pre, which occurred on Tuesday afternoon at Westwood Hospital, was heard of with sincere regret by a large circle of friends. Mr. Allen's health has been in an impaired condition for the past year or more, and six weeks ago he underwent a serious operation. This, while successful, was too late to save his life and very little hope of his recovery was entertained from the first.

The deceased was one of the best known and most highly esteemed residents of this vicinity, a man of sterling qualities and a good neighbor and friend. He was the oldest son of the late Daniel Allen, a prominent farmer of what was then known as Long Island. On his father's death, many years ago, he took over the management of the household on which he has resided all his life.

He was seventy years of age and is survived by his widow, who before her marriage was Miss Mary Woodworth, of Weston, five sons, Leroy, who resides in Massachusetts but who returned home in time to be recognized by his father; Arthur and Gordon, at North Grand Pre; Alden, at home; Clair, in the West; and one daughter (Lena), Mrs. Thomas Alton, in Alberta. The funeral took place this afternoon at 2 o'clock, from the late home of the deceased, the service being conducted by Rev. D. A. C. Beaudin, of Grand Pre, and interment being at Willow Bank Cemetery.

The senior members of the B. Y. P. U. entertained Tuesday evening the junior members and other young people to the number of a hundred or more, at a banquet in the dining hall of the Baptist church. The tables were elegantly decorated with autumn leaves and an excellent programme was arranged.

## ACADIA LOSES TO DALHOUSIE

In Closely Contested Game of Rugby—Score 3 to 0

The Acadia football team played their first game this season on Tuesday afternoon, when they lost to Dalhousie by the close score of 3 to 0. The showing of the local team was a surprise to their followers as Dalhousie always has one of the best teams in the Maritime Provinces and on Tuesday played their varsity team, some members of which are not eligible for the intercollegiate league. The Acadia forwards put up a splendid game and controlled the ball most of the game. The half line, however, was weak and many chances to score were lost by fumbling the ball. The visiting half line were more experienced and got away with some fine rushes. The Acadia team is made up mostly of new material and with some more practice will make a good showing in the league series which begins next week.

With the wind in their favor the visitors had the advantage in the first half and carried the ball to the Acadia line, forcing Noble to touch for safety. Then Acadia gradually worked the play toward the Dalhousie line but was brought back to centre field on an exchange of kicks. The locals here showed their superiority in the scrum and kept getting the ball out to the halves, who, however, failed to make any gain. Near the end of the period the Dal half line got the ball and Haslam raced across the line for the only try of the game. He failed to convert.

In the second half the locals had the wind in their backs and kept the play within Dal's fifteen yard line most of the time. Acadia was awarded a free kick but the ball went wide when Davidson tried to even the score. Acadia then fought hard on the Dal line, several times coming near a score. Dal touched for safety two or three times. The visitors then relieved the situation by getting away and carrying the play to the Acadia end of the field. The locals worked it back slowly to centre and Davidson made a nice rush carrying the ball to the 15 yard line. Acadia again tried hard to score and Dal was forced to touch for safety. The game ended with the play in centre field.

J. Elderkin, A. Noble and Davidson played in great form for the locals, while Haslam and Beardsley were the pick of the visitors. The players: Dalhousie—McLean, McCurdy, Ernst, Hogan, Tupper, Sutherland, Langstroth, Elliott and D. Sutherland, forwards; McCoy, Beardsley, Bates and Miller, quarters; Haslam, Gushue, McCurdy, McClellan and McDonald, halves; Dunlop and Moore, fullbacks. Acadia—Estey, Anderson, Schraffer, Overland, A. Noble, Warren and Taylor, forwards; Davidson, McLatchey and J. Elderkin, quarters; McWha, B. Elderkin, Barteaux and Fullerley, halves; O. Noble (Capt.), fullback.

The place on Gaspereau avenue owned by Mrs. Gibbon has been purchased by Mr. Frank Murphy, who will fit it up for his own residence.

## HIGH SCHOOL PASS MARKS

Results of Provincial Examinations Held in June in Grades IX and X

(Lists below contain all marks of 50 and over.)

## A Barbados Bazaar

The season for them is over here, but not so in Barbados. A big one is planned for November in Bridgetown, Barbados. The Committee unanimously asked Messrs. Harold Proverbs & Co., of that place, to secure Molis Chocolates for the bazaar.

Mornings like these toast tastes great.

The new Bridge Box is coming into wide use. The handsome package matches the wonderful contents: a full pound of Chocolates, a
