SUNDAY TRAGEDY AT THE WHIRLPOOL RAPIDS

The last moments in the lives of two brave boys. The despatch from Niagara tells of the last awful moments before the punt carrying Hubert Moore, aged 12, and Donald Roscoe, aged 11, entered the Whirlpool Rapids on the way to certain death. "The little fellows, knowing that they were doomed, decided to meet death in a heroic manner. They shook hands, and waved to the Customs officers, who were powerless to aid them. A few moments later the boat was on the crest of the great waves of the Whirlpool Rapids.

**NOTES FROM THE LABOR
WORLD**

Upholsterers employed in Cincinnati furniture factories have formed a union. The United States employs 7,500,000 persons in its 275,000 mills and factories. The salary of Joseph Weber, president of the American Federation of Musicians, has been raised to \$5,000 a year.

The annual convention of the International Steel and Copper Plate Printer's Union will be held next month in Chicago. Cornelius J. Ford, named by President Wilson for the position of Government printer, is president of the new Jersey Federation of Labor.

W. D. Huber, for many years a vice-president of the American Federation of Labor, celebrated his 60th birthday recently at his home in Indianapolis.

The American Federation of Labor is inclined to be jubilant over the fact that for the first time in history its membership now exceeds the 2,000,000 mark.

The Brotherhood of Locomotive Firemen and Engineers has voted in favor of admitting to membership all employees engaged in the operation of electric locomotives.

A handsome monument to the memory of the late Matthew J. Hart, president of the National Federation of Cloth Weavers of America, has been erected over his grave in New Bedford, Mass.

United States Consul General J. L. Griffiths of London believes that no more efficient agency than the Government Labor Exchange has ever been devised in England to relieve the congestion of labor by securing for it a more even distribution.

Coal miners are already preparing for the joint conference next year to make a new wage scale for the competitive States. Ohio miners have declared for payment on the mine-run system, for a six-hour day and a working week of five days.

The Kingston, Ont., branch of the Journeymen Stonecutters of North America was organized in 1900, and since that time the wage scale has been advanced from \$3 per day of ten hours to \$4 per day of eight hours, without resort to strike.

Salt Lake City is preparing to entertain the annual convention of the Amalgamated Association of Steel and Electric Railway Employees of America, which is to meet in that city for a five days' session during the first week of September.

The members of the United Brotherhood of Carpenters and Joiners and of the Amalgamated Society of Carpenters and Joiners are about to vote on a plan of solidification, which it is hoped will dispose of a jurisdictional question which has caused much annoyance in years past.

The Labor party of South Africa, which is based upon the principles of socialism, like the labor parties in other countries, is reported to be making rapid progress in politics. At the present time the party has one member in the senate, five in the lower branch of parliament, several in the Transvaal state legislature, and numerous others holding offices in the municipal governments. The vote

of the party has been increasing very rapidly in the larger cities.

**FINAL SELECTION MADE
OF Y. W. C. A. OFFICERS**

After the recent election of officers of the Y.W.C.A., the board stands as follows:

Honorary President, Mrs. Donald MacEwen; President, Mrs. A. E. Philips; Vice-Presidents, Mrs. Frank Smith, Mrs. J. E. McDiarmid, Mrs. J. E. Gornell, Mrs. J. E. Matheson, Mrs. S. E. Clement; Treasurer, Mrs. A. R. McDiarmid; Honorary Secretary, Mrs. E. H. Johnson; General Secretary, L. Wilhelmine Speers; Travellers' Aid Secretary, Miss A. Drummond; Supt. of Home Department, Mrs. Agnes Simpson; The conveners of the various committees are: Religious Committee work, Mrs. H. L. MacNeill; Educational Committee, Mrs. A. White; House Committee, Mrs. P. Payne; Membership Committee, Mrs. J. E. Hughes; Travellers' Aid Committee, Mrs. J. R. Little; Social Committee, Mrs. S. E. Clement; Finance Committee, Mrs. A. R. McDiarmid.

The regular meeting of the Y.W.C.A. Auxiliary will be held Saturday afternoon at 4 o'clock in Central Rooms 117 Tenth Street.

**WHILE CLEANING RIFLE
CHAPMAN ACCIDENTALLY SHOT**

Wynyard, Sask., June 26.—Fred Chapman, who was dangerously wounded while cleaning his twenty-two rifle, died this morning at 11 o'clock. He leaves a young widow. Chapman came from England about 8 years ago and has farmed most successfully. Two years ago his parents and brothers and sisters came from England and joined him here.

**PROBATIONARY YOUTH OF 20
HANDS SEVERE SENTENCE**

Calgary, Alta., June 26.—Frank Burns was this afternoon sentenced to ten years in Lethbridge penitentiary by Chief Justice Harvey after being found guilty on a charge of forgery. The youth, who is not more than 20, stole two C.P.R. cheques worth \$140 at Coronation in February and endorsed them, though he knew they were for another and at the time he was out on probation, having been sentenced to two years in the penitentiary for a similar offence in 1911, and his sentence was not really up till May 1913.

GREEN HAIR A PARIS FASHION

Eccentricities of Season are Reaching a Climax

Paris, June 27.—The tango is still the dance of the hour, but its dominance is threatened. There is a new dance which has its adepts in Parisian drawing rooms, where it is secretly practised. It is called the "covecon" and comes from the Argentine, the home of the tango. The "covecon" is a sort of quadrille with varied figures, something like the old country "bourree" danced in some parts of France, notably in Auvergne.

The season appears to be distinguished for eccentricity, not only in its amusement, but in its methods of adornment. No sooner is there a mode for powdered hair than a more startling fashion presents itself, that of green hair.

MEN WITH "PUNCH" ON PLEASURE BENT

HANDSOME PURSE TO BE PRESENTED TO LARGEST FAMILY ATTENDING FROM BRANDON

The order of Railway Conductors are putting on a most attractive program for their second annual excursion to Souris on Dominion Day. Two special trains have been arranged for and leave the C.P.R. Depot at 9:30 a.m. and 1:30 p.m., respectively, leaving Souris at 10:00 and 22:00 o'clock. The program of sports is a most comprehensive one and includes every kind of sport. A novelty has been introduced in the form of a ten dollar prize for the largest individual family attending the picnic from Brandon. A tug-of-war between the great railway companies, the C.P.R. and C.N.R., will no doubt be keenly contested, and the half ton of flour that will be given to the hospital by the winning team will be with out doubt most acceptable.

A \$20 prize for baseball will bring forth the best efforts of both the C.P. and C.N. teams, and when it is known that Archie Leitch and Jack Pasco will do the twirling and catching for the C.P., and Joe Best and Dave Peppard will do likewise for the C.N., this event alone will be responsible for packed trains. Races for young girls and old girls, races for boys straight from their mothers' knees to old men of mature age, races open to the world, and races for members of the B. of R. T. and B. of L. F. and other organizations. Swimming for boys in the beautiful Souris river. In fact nothing has been forgotten, and the prizes are as varied and valuable as they well can be. The railroad men are well known to do things on a lavish scale, and they have always proved a first class bunch of entertainers. Just a glance at their program for Tuesday next will convince the most skeptical that they will uphold the reputation they have gained.

**TO OPERATE TRAINS TO
ATHABASCA IN FALL**

Track Will be Ballasted 130 Miles Northwest from Edmonton and Trains Running

Edmonton, June 27.—Trains will be operated on the Edmonton, Duvernay and B. C. railway between Edmonton and the Athabasca River at Mirror Landing, a distance of 130 miles, this fall, providing the shortest and most direct route to the Peace River country. The Athabasca River will be crossed by a big steel bridge which will be put in during the winter months. Next season will be the big year of construction and steel will be laid along the southern shores of Lesser Slave Lake, while steel will reach Duvernay by the fall of 1915, giving railway communication with the heart of the Peace River country, and connecting the great Peace River waterway with the city of Edmonton and with the three transcontinental railways which run into this city.

**CANADA THE GARDEN OF
THE WORLD, SAYS BISHOP**

London, June 27.—The Bishop of London, speaking at the mansion house, said he believed that the Anglican church may have started too late in the Canadian Northwest, and he believed they are not too late in Britain. Canada was the garden of the world, he said, and was absolutely a God-given cure for our over-crowded population—not for wasters, but for that great cheerful mass who would be a splendid folk if only given a chance in the church at home. During the next fifty years, he added, if it did its duty, Canada would become the most God-fearing nation the world has ever known.

**CALLED CATHOLIC MASON;
JUDGE AWARDED DAMAGES**

Montreal, June 27.—Because he was called a Freemason, Joseph Dufresne was awarded \$25 in the Superior Court. In his decision Judge Demers ruled that if a Roman Catholic is called a Freemason he may, under certain conditions, claim damages, if such an application is damaging to his good name and sensibilities. The plaintiff in the case is president of a St. Jean Baptiste society branch. The defendant, Edmond Lacasse, maintained that he applied the epithet in a spirit of fun.

**HER WEALTH A MYTH
SHE DAZZLED PARIS**

Meteoric Career of "Princess of Salm" Ends in St. Lazare Prison

Paris, June 27.—The Paris police have succeeded in bringing to light an amazing story of duplicity and deception and in bringing to an abrupt conclusion the meteoric career of a woman who called herself "Princess of Salm." It was under this name that she managed to inveigle into a betrothal both M. Debriere and Baron Marc Villiers du Ferrage.

their dazzled eyes under the chaperonage and sponsorship of no less a personage than Mgr. Journe, and had been accepted in certain circles of Paris society as the representative of a noble Austrian family with a fabulous fortune behind her.

Possessed of considerable beauty and much charm, she had rapidly secured not one but two offers of marriage, had accepted both her suitors and received from them valuable jewelry as presents, and then, pretending that pressing business called her to Madrid, had suddenly vanished.

Men's Suspicions Aroused

By one of those strange chances her two fiancés became acquainted at their club, and in course of conversation discovered that both were engaged to a woman who had been obliged to hasten to Madrid. This aroused their suspicions and inquiries led to the unravelling of a tissue of lies and fraud.

The "Princess" proved to be Marie Sidonie Metsdach, the daughter of a Belgian gamekeeper, whose career in her native land brought her several times into conflict with the police.

FOES OF GROG WIN POINT

British Sailor Must Look for "Three Water" in Future

London, June 27.—"Three water" is not yet abolished in the navy, but those who want it will have to ask for it, instead of asking for the money allowance. Every man in the service above 20 is entitled daily to a pint of grog, which is run diluted with three times its bulk of water. This judicious mixture is served out to the men after their dinner. It is now proposed to abolish the ration altogether and make the blue-jacket a teetotaler willy nilly while he is on board ship.

Rum was originally constituted the official drink of the navy in order to foster the trade of the West Indies. Admiral Vernon first issued it ready mixed to the ship's company, and it is from his nickname Old Grog that the mixture takes its name of "grog."

**ROSENAGLE BUILDING
MONOPLANE**

Vancouver, B.C., June 26.—Chris. Rosenagle, who in 1908 was a pupil of the late Wilbur Wright, is now building a monoplane of his own design, in which he expects soon to make a flight.

You Can Stop Drinking

No man has an excuse for being under the influence of the liquor habit. You can have all traces of alcoholism completely eradicated from your system by the

NEAL

treatment. All that is required is an initiative action by you in coming to our Institute. The Neal treatment consists of a purely vegetable compound taken internally, no hypodermic injections being employed. When the patient leaves the Institute, he is completely restored to health in both mind and body.

The Neal Treatment for the Drug Habit is just as efficient, but requires longer time.

Ask for "A Little Journey to The Neal Institutes" by Elbert Hubbard.
