

CAR WHEEL COY TO ESTABLISH HERE.

Company Looking for Concessions from Sydney and New Glasgow.

CONCESSIONS ASKED FOR "Klondike Dan" Arrested in Smuggling Cases at Sydney.

(Special to the Morning Graphic.)
SYDNEY, Wednesday. — United States Consul Shirley of Charlotte, N. C., P. E. L., approached the city council last evening with a proposition looking to establishment of the Canadian branch of the Illinois Car Wheel Company. The Canadian Car Wheel Company, The Canadian Car Wheel Company, is capitalized at four hundred thousand dollars, fully subscribed and ready to employ, when in operation, about seven hundred men with a pay roll of thirty-six thousand dollars per year. The company asks for free site and concessions in the matter of water, light and property tax. A committee has been appointed to go fully into the matter and report later. The proposition is also being submitted to New Glasgow, but it is understood that Sydney is to be given the preference on account of superior shipping facilities.

Interest in the Chinese smuggling case which caused such excitement in legal and customs circles since the rounding up of celestials last September was again aroused yesterday by the arrest of Daniel J. McDonald (Klondike Dan) by Deputy Sheriff Ingraham on the Sydney and Glace Bay railway car at Reserve Junction. The warrant was issued last September and authorities succeeded in rounding him up only today. The charge is aiding and abetting twenty-one Chinese to enter Canada contrary to the statute. McDonald was released on his own recognizance for \$500.

HALIFAX, Wednesday. — Dan J. McDonald, the celebrated smuggler, charged with aiding and abetting twenty-one Chinese to evade immigration laws and arrested last night after a chase extending over some months, was brought before a magistrate for preliminary hearing this morning. The case has been adjourned.

ATTEMPT IS MADE TO WRECK BRIDGE

Charge of Dynamite Placed
Near One of the
Abutments

ILL FEELING THE CAUSE.

(Special to the Morning Graphic.)
SOUTHAMPTON, N. Y., Wednesday. — An attempt to wreck the new Pennsylvania railroad bridge over the Harlem river between this city and Southamptown, was made today. A charge of dynamite was exploded near one of the bridge abutments causing a damage of \$2,000. The bridge did not fall although it was left in a condition regarded as unsafe. This structure was only recently completed and trains were run across it yesterday for the first time.

About midnight last night a watchman who was guarding the structure saw two men prowling about it. An hour later a quantity of dynamite was exploded at the base of one of the abutments with force sufficient to awaken residents several miles distant. The police suspect that the attempt at destruction is the outcome of ill feeling over the employment of men to build bridges.

WEIRD CUSTOMS OF DOUKHOBORS.

Forbidden Use of Towels and Lamps—
Are a Misguided People.

FOLLOW PETER VEREGIN

(Special to the Morning Graphic.)

WINNIPEG, Wednesday.—Troubles are increasing among the Doukhobors in Yorktown, Saskatchewan district. Peter Veregin's latest order is to forbid the use of lamps in the house. Members of his community are throwing handkerchiefs and shawls in their stoves, and burning them, following the example of their leaders. These repressive measures are causing great dissatisfaction.

A pathetic story is narrated in this connection of an old woman who sick child required some attention during the night. He dared not light a lamp according to order. When the child became very ill the woman lit a lamp, but was immediately compelled to put it out by his wife, whose faith in the traditions of the Doukhobor religion was stronger than her affection for her own child.

MEMO TO MINISTER

Will be a Great Stimulus to Trade
of New Brunswick and
Quebec

(Special to the Morning Graphic.)
OTTAWA, Wednesday.—The following is the text of the memorandum presented to the Dominion government in support of the application for the construction of the Bestigouche Interprovincial combined railway and highway bridge, which application was laid before the Minister of Railways and Canals by Hon. Mr. Lemieux and Messrs. Macell, Reid, Carvell, Turgeon, Michaud, and Macleod, of Campbellton, last week. — Memorandum in support of Application of Interprovincial Railway Bridge Company of New Brunswick for guarantee of its first mortgage bonds to amount of \$650,000.

This bridge will span the Bestigouche River between Campbellton N. B. and Mission Point, Bonaventure, Quebec, and will connect the railway system of the Gaspé Peninsula being the Atlantic, Quebec and Western Railway, with the railway system of New Brunswick at Campbellton, where it will join both the Interprovincial Railway and the International Railway of New Brunswick.

The Atlantic, Quebec and Western Railway will be completed to Gaspé Harbor next year, and the International will be completed from Campbellton to the St. John River by the end of the present year.

During the greater part of the winter, when the Bay des Chaleurs ports are closed, large quantities of lumber originating on the Interprovincial will be shipped from Gaspé—an open port for most of the winter—to the English markets.

Fish, lumber and other products of the Gaspé Peninsula may be shipped via Campbellton over the Interprovincial railway to Halifax and St. John, for the West Indies, and also to Mexico and South Africa, thus encouraging development of the Gaspé Peninsula, and adding to the traffic of the Interprovincial railway.

The fishing industries of the Gaspé coast are capable of indefinite expansion.

Campbellton is the natural market for a large section of Bonaventure. By getting connection at Campbellton with the International railway a much shorter route will be given from the Gaspé Peninsula to the New England markets, for fish, shingles, lumber and farm products.

The stimulus which the building of the bridge and the completion of this important railway system will give to the section of Quebec extending from Mission Point to Gaspé about 230 miles in length, will create a greatly increased demand for merchandise and manufactures, which will come from Montreal, Quebec and other western wholesale and manufacturing centres over the Interprovincial.

There will also be a greatly increased demand for West India products in Bonaventure and Gaspé counties all of which will come over the Interprovincial railway.

There are already several large lumber and milling industries along the Gaspé coast and more are in contemplation. There will be larger pulp mills established in Bonaventure, a considerable portion of whose product will be sent by railway over this bridge and the International railway to the American markets. The raising of potatoes in Bonaventure and Gaspé (for which they are admirably adapted) will be greatly stimulated by reason of the short haul to the American markets, via this bridge and

Board of Conciliation for the Disputes Between Men and Operators at Springhill.

(Special to the Morning Graphic.)
OTTAWA, Wednesday. — Mr. Fielding informed Borden that in the session of 1899 the government granted a subsidy of \$1,000,000 towards the Quebec bridge, of \$2,000,000 to the Quebec Bridge Company, receiving the guaranteed bonds of the company to the amount of \$475,700. In the session of 1907 the government guaranteed bonds to the amount of \$5,678,200, the cost of the Quebec bridge including the Chaudiere bridge and railway approaches, to March 1st, 1908, was \$5,399,025.

Miller resumed the debate on the budget and handed out some flattery to Sir Wilfrid. He referred to the Toronto Globe's article re King Haakon favoring the Ross rifle for the Norwegian army.

Colonel Worthington said that was contradicted in the Montreal Star next day. Lake criticized the government expenditure and spoke of the great loss to western farmers by a shortage of cars.

Schell spoke on the increase of Canadian trade with Britain and the House adjourned at 6 o'clock.

The labor department has received an appropriation for the coal miners at Springhill, N. S., for a conciliation and investigation to adjust matters in dispute between the men and the company in reference to wages and hours of labor. Some 1600 men are concerned in the dispute. This is the fourth appropriation from the Springhill miners within a year.

OTTAWA, Wednesday. — The General Post-office, London, has again called the attention of the Canadian Postoffice Department to several cases of parcels mailed in Canada addressed to the United Kingdom, which, on being opened at Liverpool for customs examination, have been found to contain matches, and in one case fireworks. The enclosing of matches and other inflammable or explosive materials in mail matter is a most serious offense, as it is liable to endanger the safety of vessels and the lives of passengers. Inquiry by the Postoffice Department into these cases shows that the persons at fault are for the most part new arrivals from the old country, and invariably plead ignorance of the law. The department is so much impressed with the seriousness of this offense that it is determined to bring the next case to trial in order to put a stop to a most dangerous practice.

AUSTRALIA'S LOVE FOR THE YANKEES

The Feeling is Stronger Than One of Mere
Friendship—News of Arrival of Fleet

OPEN ARMS RECEPTION.

(Special to the Morning Graphic.)

SYDNEY, Wednesday. — There was a dramatic scene today at a great gathering of citizens when at the conclusion of an address on the subject of national defence, the premier, Alfred Deakin, read a cablegram announcing that the American fleet of battleships would visit Sydney and Melbourne. He called for three cheers for the United States and the audience rose en masse and responded with a cheering hurrahs.

The prime minister said that he was sure such a welcome as an American fleet had never known, outside of its own country, will be accorded it by Australia, and the cheering that followed this statement seemed evidence of the fact that the Australians, one and all, have a feeling, stronger than mere friendship, for the American people and their navy.

SAN PEDRO, Cal., Wednesday. — Grand's Hotel, which was tastefully night probably fatally shot Margaret Mens, 11 years old, wounded Minnie Shackelford, 7 years old, shot her grandfather, James Shackelford, right through both shoulders, fired at Mrs. A. Mansa, and was himself killed by a policeman.

Mrs. Mansa, her daughter, Margaret and Minnie Shackelford had been seated in the front room of their home, the door being open. Suddenly Elgueta appeared in the door way and opened fire on Mrs. Mansa. He fired one shot and the woman ran to the window and jumped out. He then turned on the woman's daughter, firing a shot which hit the girl's left side and pierced the right lung. He fired two shots at Minnie Shackelford, the first shattering the left hand, and the other going through the right arm into the next room where Shackelford a cripple, was lying on the floor. He then fired two more shots at the prostrate man, one taking effect in each shoulder.

Elgueta then fled from the house and was shot down by a policeman.

DELIVERS AN ADDRESS.

(Special to the Morning Graphic.)
OTTAWA, Tuesday. — Mr. Marcil, deputy speaker of the Commons, was the guest of the Brockville, (Ont.), Club on Saturday at the pretty town of the St. Lawrence, in the Thousand Islands district. A complimentary banquet was tendered him at the Strathcona Hotel, presided over by Sheriff G. A. Dana. This followed an interesting visit of the town in the afternoon. In the evening Mr. Marcil delivered an address before the Brockville Club on the early history of the town and the early history of the town and the counties of Leeds and Grenville and concluded with a reference to the coming celebration at Quebec and an appeal to Canadians personally to seize the opportunity to make it truly national. Senator Derbyshire of New York, P. Graham, M. P. for Brockville and Minister of Railways and Canals followed in brief addresses, the latter advocating the foundation of a Canadian Club. Mayor Russell, of Brockville, moved a vote of thanks to Mr. Marcil, which carried by a standing vote.

The proceedings which had included a musical programme as well as speeches concluded with the singing of the national anthem.

FOREIGNERS TO BE DEPORTED

Uncle Sam is Set Against
Invasion of Undesirables

CRUSADE BEGUN

(Special to the Morning Graphic.)
PITTSBURGH, Wednesday. — An investigation is in progress here which will it is said, result in the deportation of thousands of undesirable foreigners from the Pittsburgh district within the next few months.

John T. Harper, agent at large for the immigration bureau of the Department of Commerce and Labor, is in Pittsburgh now, gathering statistics incident to commencing deportations. While he could not give an estimate as to the number of foreigners who have been taken out of the Pittsburgh district he said it would run into thousands.

The crusade is the carrying out of the recent order of federal authorities to use deportation as a means of checking the growth or anarchistic sentiment and the riding of the country of the burden of taking care of indigent foreigners.
