West Coast Motor Tour

1. The C. P. S. S. Motor Princess. 2. Chaskaunt Drive, a link in the Pacific Highway.
3. Dance floor on the ferry.

NOT only have Bellingham, Wash., and Victoria, B.C., been brought into closer connection and more friendly relations by the recent inauguration of a ferry motor transport service by the new Canadian Pacific "Motor Princess", but western tourists as a whole have been provided with a new route to the Capital City of British Columbia, and one that has the alluring charm and refreshing diversion of a three and a half hours' water trip. The new water route for touring motorists from the mainland to Vancouver Island forms the base of a triangle which provides a circuit over from Victoria through Nanaimo and Vancouver and via the beautiful Pacific Highway through New Westminster and Bellingham to Oregon, and Washington destinations. This tour takes one through some of the most beautiful scenery on the continent. Exciting and beautiful scenes are enjoyed along the whole route, which is through country the climate of which is so healthful and equable, that the semi-tropical foliage is pleasing to the eye and fragrant the year round.

In addition, the ferry links the wonderful roads on Vancouver Island with the California Bee Line, the western arc of the great 6,000 mile circle tour which embraces twelve national parks in the United States and three in Canada, and of which the Banff-Windermere Highway through the Canadian Rockies, to be officially opened on June 30th, forms one of the most delightful parts.

The ship which has made this Mainland-Island Circle tour possible was specially designed for the service and possesses many distinctive features. She has parking space for 50 automobiles on two decks and accommodation for 250 passengers. A saloon, smoking room, restaurant, dance floor and deck spaces for promenading have been fitted up for the convenience of the travelling public, and the vessel is equipped with twin diesel engines which ensure a speed of 34 knots in all weathers.
