British Win An Important Victory On the Aisne

GERMAN SHELLS SET ON FIRE ANTWERP SUBURBS

GERMANS EVACUATE TRENCHES LEAVING TWO HEAVIEST GUNS

British Victory at Most Important Centre of Battle of Aisne Complete—Times Correspondent Tells of Allies' Great Successes.

[Canadian Press.]
London, Oct. 9.—The Times correspondent south of the Aisne line says: "At one centre—and that the most important—the British victory on the River Aisne is now complete. The Germans have evacuated their trenches, leaving in some of them many soldiers who died from a severe visitation of typhoid. They left two of their heaviest guns in the quarries, heavily cemented in place."

"Two salient events mark the part of the fighting of which Soissons was the centre. First, the capture by the Allies of Fort Conde after a siege of sixteen days, and second, the remarkable slaughter by the British in the last of a series of German attacks. It is agreed that wherever the Germans have dealt severe havoc to the allies around this position their success was due wholly to a spy system. The allies found out that the Germans were able to diagnose their movements readily, and instituted a systematic search for offenders. They captured seven spies, one of them a woman, who used electric flashlight signals from a window. It is not altogether true to say that the battle of the Aisne is over even now, but in the last few days considerable areas have been liberated by the Germans and a great wedge of the allies' forces has been thrown forward."

Nearly Destroyed.
London, Oct. 9.—A dispatch from the Central News, under Thursday's date, sends the following: "The German effort towards North France with a view of fixing a wedge between Antwerp and the allies has been nearly destroyed. Fierce fighting is occurring around Lille and south of Ghent. Prisoners have been taken to Dunkirk and Ostend, and a German aeroplane has been destroyed."

COL. HOOGINS WILL RECRUIT IN THIS CITY

Different System is Adopted in Enlisting the Second Contingent.

NO CONCENTRATION CAMP

Men Will Be Given Training at Each Divisional Headquarters.

[Special to The Advertiser.]
Ottawa, Oct. 9.—Lacking British acceptance, the organization of Canada's second expeditionary force has not yet begun.

Everything is in readiness for the start, however, and as soon as word comes, orders will go out to commanders of divisional areas. Enlistment of men and appointment of provisional officers will be looked after in Halifax by Col. R. W. Rutherford, of Halifax; Col. J. P. Landry, of Quebec; Col. S. J. A. Thompson, of Montreal; Col. P. D. R. Hemming, of Kingston; Major-Gen. F. L. Lessard, of Toronto; Col. W. E. Hodgins, of London; Col. S. E. Steele, of Winnipeg; Col. A. Roy, of Victoria, and Col. A. C. Cruikshank, of Calgary.

D. O. C. to Be in Charge.
They command the divisional areas, and under their direction recruiting offices will be opened in the principal centres, and wherever there is a military corps its officer will be called on to enroll men.

Though the order to enlist has not gone out, offers are pouring into Ottawa by wire and by mail from men and units in all parts of the country who want to go to the front.

There is every indication that it will be as difficult to keep down the numbers as it was the first expeditionary force, when 21,000 men were asked for and 33,000 put aboard the transports.

The change of system will make it easier to raise the second force than was the case with the first, as the work which was assumed by the Minister of Militia alone will be divided among nine men.

Train at Each Centre.
The equipment will be shipped to each rendezvous point and preliminary training carried out there.

The weather may make it difficult to give as much shooting drill to the second as to the first force, but the rifle will be used as much as possible before embarkation.

The second expeditionary force will leave Canada for Europe through the port of Halifax, and is likely to go aboard the transports before Christmas.

There will be no difficulty in getting the second as it is hoped that the equipment will be so speedily obtained that there will be no delay in arming and uniforming the men.

Genoa, Italy, Oct. 9, via Paris.—Several cases of plague have been reported at Saloniki, and as a result all steamers scheduled to sail from here have suspended their departure.

L.C.I. PUPILS PARADE TO ANNUAL FIELD DAY

Led by First Hussars' Band, High School Goes en Masse to Park.

With Principal Rogers and the male teachers bringing up in the rear to keep the line in order, all the pupils of the London Collegiate Institute paraded to Tecumseh Park this afternoon, where the annual field day is being held.

The First Hussars band led the parade. Chairman J. F. Calvert, of the sports committee, announced at the school before the parade left that they were favored with a day of "liquid sunshine," notwithstanding which the full program of sports would be run off.

Declines Any "Relief" Funds.
Plucky Little Englishwoman Refuses to Take One Cent While Able to Work.

"I will take anything the Government wants to give me, but I will not take one cent from the relief fund while I am able to earn my living." This was the plucky little Englishwoman who told those who were investigating the cases of the families of London volunteers.

And although the work she must perform is the only kind that a woman without support can secure—washing and sewing—she will find plenty of it. The investigators decided to keep that she will secure enough work to keep herself and family employed.

Rome, Oct. 9, via Paris, 12:10 p.m., Oct. 9.—The arrest by Italian police of Austrian subjects of Italian nationality, who had crossed the frontier to escape military service in the Austrian army, has caused considerable excitement among Italian Socialists. [Canadian Press.]
Berlin, Oct. 9.—It is officially announced that the Germans continue to make progress at Antwerp, and that they are already over the flooded area along the River Nethe.

A writer in the Militar Wochenblatt, however, last night warned the people against an excessive optimism regarding Antwerp, as the garrison of the fortress there is still able to continue a desperate resistance.

BORN ON TRAIN
Son of Michigan Parents Holds Up G. T. R. Express at Glencoe.

If the baby son of Mr. and Mrs. John Hardy, of Pontiac, Mich., does not grow up to be a railway president, a railway man, commercial traveller or something of the kind, it will not have been the fault of the place and circumstances of his birth.

Yesterday afternoon Baby Hardy was born on the Windsor Express, while the train was held up in his honor at Glencoe. Mrs. Hardy was returning to Windsor, where her husband was waiting to meet her. He was telegraphed to come on to Glencoe, where his wife and baby, after the latter's birth, were removed to the home of a resident of the village. Dr. Walker, who was in attendance, stated today that mother and child were doing well.

Check That Caused Minister's Unmasking

One of the checks, signed by the mysterious "George Comstock," that was the first clue to lead to the revelation of the "faked" hold-up of Rev. Isaac Wilson of Milan, Mich. Detective Egelton found pieces of torn checks in the minister's pocket, when he was brought to police headquarters after the supposed assault and robbery of \$4,500 on Wednesday night. Pasting the pieces together, as indicated in the above cut, the detective found they represented the sum Wilson claimed to have lost to his assassins. With this evidence in his possession the detective confronted the minister, and the latter's confession followed. (See Story on Page 1.)

ZEPPELIN HIT BY BELGIANS

(Canadian Press.)
London, Oct. 9.—3:50 p.m.—The Evening Star's Antwerp correspondent, telegraphing by way of Amsterdam, says that eyewitnesses of the Zeppelin flights over Antwerp insist that they saw one such craft hit by shells from the forts and fall to the earth.

During the bombardment of Antwerp Thursday night it is estimated that shells fell at the rate of twenty a minute. Many civilians were killed.

In addition to the law courts and the museum, which were damaged by shells, fires broke out at many points in the city.

BOSTON TAKES FIRST GAME OF WORLD'S SERIES 7 TO 1

Stallings' Braves Get Jump On Mackmen in Second Inning, When Clean Hitting Puts Two Counters Across —"Dicky" Rudolph Pitches Boston to Victory.

[Canadian Press.]
Shibe Park, Philadelphia, Oct. 9.—The Boston Braves, pennant winners of the National League, and the Philadelphia Athletics, champions of the American League, clashed today in the first battle for the world's baseball championship of 1914. Some 22,000 persons saw the opening engagement of the seven-game series. Hundreds were turned away at the gates, unable to obtain admission to the crowded stands. Three and four times the regular seat prices were offered for tickets, and the demand at these prices exceeded the supply.

The day was warm and humid, and one suited for fast baseball. Betting favored the Athletics at 2 to 1 and 3 to 5 when the two teams came upon the field for batting and field practice. The Boston Braves were the first out on the diamond for field practice. The crowd applauded them frequently.

The Athletics went on the field for practice at 1:45. An automobile was presented to Eddie Collins before the game in recognition of his being the most valuable player to his club.
