Delegates representing cities and towns of Western Ontario meet at the Y. M. C. A. this afternoon to discuss lawn tennis arrangements for 1923. All members of the Ontario Lawn Tennis Association have been invited, and a large turnout is expected.

Some unsatisfactory phases of the tennis situation will be discussed and a decision will be made re the location and date of the championship games during the latter part of August. Last year the Western Ontario championships were staged at Windsor. This year St. Catharines is conceded the best chance of securing the event.

London however, is the logical choice for the tourney, but officials of the newly organized London Tennis Club will not push London's claim, owing to the work and worry entailed in the construction of the new courts and club-house. Next year this city will probably get the championships without the slightest competition.

At the meeting today complaints are expected to be heard from representatives of Listowel, Mount Forest, Har-

Special to The Advertiser. Kitchener, March 12 .- At the annual neeting of the Inter-County Baseball league here this afternoon it was decided to instruct delegates to the annual meeting of the O. B. A. A. to oppose the proposal to bar professional coaches for the bench at games. While the league supports the suggestion that professional coaches should be barred from the coaching lines, it would not go so far as to deprive young players of the benefit of advice by old and experienced men. The various other resolutions of which notice has been given to date by the O. B. A. A. were in-

Toronto, March 12.—Kitchener Juniors, champions of the O. H. A., defeated Iroquois Falls in the O. H. A. Memorial Cup game here tonight by 3 to 2.
