Cured a Truro Lady of Both Lung and Kidney Troubles.

Truro, N.S., Jan. 14th., 1910.

Father Morrisey Med. Co., Ltd.

For some time I had been troubled with a very dry cough and pain in my lungs. I made up my mind to try your medecine, and had used one bottle of No. 10 (Lung Tonic) when the pain left me and I felt much better.

My kidneys troubled me quite a lot also, and I purchased a box of your No. 7 (rheist matism and kidney cure) and since taking the tablets I have had no pain in mysside or back. I spent quite a lot of money in medicine, but none of the remedies I tried ever helped me, until a lady friend showed me your advertisement. I am now fat and healthy, and your remedies have saved me from the grave.

(Miss) MARTHA WHITE.

Phonograph

When Mr. Edison invented the Amberol Records he invented the longest Record ever made for a sound-reproducing machine. But the Amberol Record is not only longer; it is better. It is made from a new composition which makes a more perfect reproduction of music or the voice than any known method.

An Amberol Record in an Edison Phonograph is the most perfect reproduction of a song or a piece of instrumental music that you have ever heard.

But do not accept our statement. Go and hear it. There is a dealer near you. Hear the Edison Phonograph and compare it with other instruments before you decide. We will leave it to your judgment as to whether you can buy anything for the price that will give you so much real, genuine fun and pleasure as the Edison Phonograph.
