PLYMPTON

A meeting of the non-concurring members of the South Plympton church was held at the home of Mrs. John Dewar on Thursday afternoon, July 2nd, for the purpose of organizing a missionary auxiliary. There was a splendid attendance and every one entered heartily into the plans. It was decided that the name "The Pioneer Presbyterian Auxiliary" be used. Twenty-two members were enrolled. The election of officers resulted as follows: president, Mrs. R. McPhedran; vice president, Mrs. John McEwen; secretary, Mrs. P. J. McEwen; treasurer, Miss Lorein Dell. Mrs. John Gillatly, sixth line, invited the next meeting to her home.

London, July 8.—Gray squirrels imported from the United States some years ago have made themselves at home in this climate, and like the English sparrows sent to the United States from the British Isles several generations back, have begun to scatter about the country. The first squirrels of this variety were given their freedom in Regent's park, London, and already they have been found in forests as far as 25 miles north of the British capital. The squirrels have made friends in the parks here among the visitors and take food from the hands of little children. The saucy little fellows have become very popular indeed but it has been so long since they had a peanut, peanuts not being so common here as in America, that they have nearly forgotten what one tastes like.
