CURES FOR THE UNCURED.

Holloway's Ointment.

AN EXTRAORDINARY CURE
OF SCROFULA OR KING'S EVIL.
Extract of a Letter from Mr. J. H. Alliday, 209,
High Street, Cheltenham dated the
22nd of January, 1850.
To Professor Holloway.

SIR—My eldest son, when about three
years of age, was afflicted with a Glandular
swelling in the neck, which after a short time
broke out into an Ulcer. An eminent medical
man pronounced it as very bad case of Scro-
fula, and proffered for a considerable time
without effect. The disease then for four
years went on gradually increasing in viru-
lence, when he broke the ulcer in the neck, and
then formed below the left knee, and a third
under the eye, besides seven others on the
head and neck with a tumour between the eyes,
which was expected to break. During the
whole of the time my suffering boy had received
the constant advice of the most celebrated
medical Gentlemen at Cheltenham, but being
for several months at the General Hos-
pital, where one of the surgeons said that he
would amputate the left arm, but that the
boy was so impure, that it that limb were
taken off it would be then even impossible to
subdue the disease. In this desperate state I
determined to give your Pills and Ointment
a trial, and after two months perseverance in
their use, the tumour gradually began to
disappear, and the discharge from all the ul-
cers perceptibly decreased, and at the expira-
tion of eight months they were perfectly healed,
and the boy thoroughly restored to the enjoy-
ment of health, to the astonishment of a large
circle of acquaintances, who could testify to
the truth of this miraculous case. Three
years have now elapsed without any recur-
rence of the malady, and the boy is now as
healthy as heart could wish. Under these cir-
cumstances I consider that I should be truly
ungrateful were I not to make you acquainted
with this wonderful cure effected by your
medicines after every other means had failed.
(Signed) J. H. ALLIDAY.
CURE OF ACUTE RHEUMATISM OF FOUR
YEARS' STANDING.
Extract of a Letter from Mr. John Pice, Dudley,
St. Andrews, Dec. 10, 1850.
To Professor Holloway.

SIR—It is with the greatest pleasure that
I write to thank you for the benefit I have
received from your Pills and Ointment, which
have completely cured me of the Rheumatism,
under which I suffered during the last four years,
at times I was so bad as hardly to be able to
walk. I had tried every kind of Medicine that
was recommended without receiving any bene-
fit. I at last thought I would give your med-
icines a trial, and purchased from Mr. Hollis,
Glasgow, of the "Evening Two Boxes of Pills,
and two of Ointment, and in three weeks,
through them and the blessing of God, I was
restored to health and am now as well able to
walk as ever I was in my life. I am well re-
warded for having been so long in your hands,
in the 24th Regiment of Foot.

CURE OF A BAD LEG OF SIXTY

YEARS' STANDING.
Mr. Barker, of No. 5, Graham Place, Drypool
Road, has been afflicted on his leg from the age of
eighteen until upwards of eighty, and although
for many years he had sought the first advice,
in the country, nothing was found to cure them.
He was often advised most exceedingly good
long periods together, which incapacitated him
from attending to his business. He had given up
all hopes of getting a cure, when at last he was
persuaded by Mr. Holloway's Pills and Ointment,
which he did not however consider it may ap-
pear, the leg was thoroughly healed by their
means, and by continuing to use the Pills after
after his leg was well, he has become in health
and able and hearty as now to be more active than
most men of fifty.
N.B.—The truth of this extraordinary state-
ment can be ascertained by Mr. J. C. E. E. E. E.
24, Market Place Hall, February 20th, 1850.

CURE OF A DESPERATE CASE OF RING- WORM OF SIX YEARS' STANDING.

One of the most eminent Surgeons in Lima (the
Capital of Peru) had a child covered with Ring
worm for more than 6 years; in vain he exhausted
all his art in his endeavours to effect a cure. Not
succeeding, he consulted among his brethren, the
most celebrated medical practitioners of the City,
but nothing was found to do the child service.
When he was persuaded by Mr. Joseph P. Hague
the English Chemist and Druggist, residing at No.
24, Calle de Palacio, to try Holloway's Pills and
Ointment, which was done, and after using six
large Pots of the Ointment, with a proportion of
the Pills, the child was radically cured, to the
glory of the whole medical profession. The
name of the parent, from motives of delicacy, is
withheld.

THE PILLS SHOULD BE USED CONJUNCTLY WITH THE

Ointment in most of the following cases:—
Bad Legs, Bad Breasts, Burns, Bunions,
Bleed from Muscles, and Sand Flies, Pustules,
Coco-Bay, Gout, Glandular Swellings, Lumbago,
Piles, Rheumatism, Scalds, Sore Throats,

ple Bar) London, and by all respectable Vendors
of Patent Medicines throughout the Civilized
World, in Pots and Boxes, at 1s. 1 1/2, 2s., 4s., 6s.,
11s., 25s., and 35s. each. There is a very consi-
derable saving in taking the larger sizes.

GREAT AGRICULTURAL

WORK!

THE FARMER'S GUIDE TO
Scientific and Practical Agriculture
By HENRY STEPHENS, F.R.S.E.,
Author of the "Book of the Farm," Editor
of the "Quarterly Journal of Agriculture,"
&c., &c.,
Assisted by
JOHN P. NORTON, A. M.,
Professor of Scientific Agriculture in Yale
College, New Haven, Author of Agricultural
Prize Essays, &c., &c.

This highly valuable work will comprise two
large royal octavo volumes, containing over
1400 pages, 18 or 20 splendid steel en-
gravings, and more than 400 engravings on
wood, in the highest style of the art, illustrat-
ing almost every implement of husbandry
now in use by the best farmers, the best me-
thods of ploughing, planting, laying, harvest-
ing, &c., &c., the various domestic animals
in their highest perfection; in short, the per-
fect (and rare) of the book is unique, and will
render it of incalculable value to the student
of agriculture.

This great work is the joint production of
two of the most talented agricultural scholars
of the day; the one eminent as an author and
editor in Great Britain, and the other as a
Professor in Yale College. Both are emi-
nently practical as well as scientific men, and
all they say may be relied on as the result of
profound research, test and sustained by
practical experiment. The contributions of
Professor Norton are chiefly designed to adapt
the British portion of the book to this country,
and thus to make it an Anglo-American work,
giving to its readers all the really useful agri-
cultural knowledge at present attainable in
either country.

The work is divided into four departments,
distinguished by the four seasons of the year,
commencing with Winter, and Prof. Nor-
ton's notes will be published as an appendix
to each part. The first chapter treats of the
following subjects, under the head of
INITIATION

On the best of the existing Methods for ac-
quiring a thorough knowledge of Practical
Husbandry.
On the Difficulties to be encountered in
learning Practical Husbandry, and on the
Means of overcoming them.
On the Different kinds of Farming.
On the Persons required to Conduct and
Execute the Labor of the Farm.
On the Branches of Science most applica-
ble to Agriculture.
On the Institutions of Education best
suited to Agricultural Science.
On the evils attending the neglect of
Landowners and others to learn practical
Agriculture.
On observing the details and recording the
facts of Farming by the Agricultural Student.
Terms of the Work.—The American edi-
tion, the first number of which is already is-
sued, will be published in semi-monthly
of 64 pages with an English steel engraving in
each number, of which there will be about
22 in all. Price, 25 CENTS PER NUMBER.
