### SUPPRESSING SPEECH.

The 100 per cent. American is a bewildering complex. Some time ago it was announced that Count Karolyi, of Hungary, would visit the United States. Now it has been stated that Karolyi was a Communist, so Secretary Hughes, in a solemn document proclaimed that if the Count set foot upon the "land of the free" it must be upon condition that he refrain from preaching Communism. Mr. Hughes apparently thought that one Communist might destroy the faith of 110 million Americans in their constitution—an appalling compliment to Karolyi.

Karolyi came, saw and was silent. But Washington's indignation was a glorious press agent. For weeks he pushed Charlie Chaplin and John McGraw and the bandit Chapman and other celebrities to the south clear off the front pages; wherever Karolyi, there went the photographers. As an apostle, Karolyi, advertised as an apostle, has contracted for books and pamphlets and articles which, because of Mr. Hughes' free advertisement, will be read all over America and the world.

### Press Comment

#### PROTECTION IN ITALY

London Daily Mail: Italy is a country with high protection, and 20 or 30 years ago we used to be told that no country with a high tariff could hope to compete in the world market with Free Trade England. Today in Free Trade England mills are running short time and in protected Italy they are working the full week. What is more, new mills are being rapidly built in Italy. Where are they being built here? We fear that British workers are not told the truth about what is happening abroad or about the new conditions of competition which we have to meet.

#### REPUBLIC OR MONARCHY?

Baltimore Sun: That there is still widespread monarchist sentiment in Germany is certain. Could this sentiment agree in support of any one candidate, it might even be dangerous. But as Germany gets back on normal footing, the issue of what lines the Republic shall follow supplants that of whether the Republic shall endure. Whether the German Republic shall be Socialistic, Liberal, or dominated by the great industrial and financial powers—that is the basic problem which the coming election will help to decide.

#### SEVEN HOURS A DAY.

Glasgow Herald: The operation of the seven-hours-per-day Act has added 2s 6d per ton not only on every ton of coal shipped, but upon every other article exported in proportion to the

was when Alaska, lying wholly within what was then regarded as the far North, was derisively known as "Seeward's Folly."

### GASOLINE TAX FOR AUTOMOBILES ONLY.

Such an Act was introduced by Hon. William Chisholm in Provincial Legislature on Friday.

By provisions of a bill introduced in the House of Assembly on Friday afternoon by Hon. William Chisholm, a tax, not to exceed three cents a gallon, is to be placed on gasoline sold in the Province, but it does not apply to farmers, fishermen and others using gasoline for any other purpose than in motor cars, providing they make a declaration to the effect that they are using it for other purposes, but penalties are provided for those who make such a declaration and use the gasoline purchased for the operation of motor cars. The Act, which does not come into effect until a proclamation is issued by Governor-in-Council, provided for the payment of the tax when the gasoline is sold by a dealer, who must be licensed, and the dealer remits to the Provincial Secretary the amount collected each month.

### ARABS IN PALESTINE

Brooklyn Eagle: The world cannot see just how the Arabs' "general strike" gets them anywhere. It is a futile, a puerile demonstration. The Hebrew University in Jerusalem is an incident of the revival of Hebrew letters, which is itself an incident of the recognition of the Homeland. It is as close to being non-political as anything that could take place in the Holy Land. And conceding as we must that from the start Great Britain has abandoned in this matter the principle of self-determination, she has done so from the highest motives and at considerable cost to herself in the unsettling of sentiment among the Moslem populations of her colonies. Also she has made good her promise to see that the civic and religious rights of the Arabs are protected.

### TOMMY ATKINS

Times of India: The recent communal disturbances in India have served to strengthen the contention, so firmly maintained both by the Government of India and by the Home authorities, regarding the necessity for British troops. We ourselves have frequently maintained that the aim of the authorities should be gradually to diminish the numbers of the British garrison in India in proportion to the growing capacity of the Indian army to undertake the defence of the country. It is, however, perfectly plain that such a process must, if it is to be safely consummated, be of a gradual character. For, quite apart from the value of British regiments as a nucleus of national defence in case of a serious invasion, their utility when communal disturbances break out is obvious. So obvious, indeed, that it has been frankly admitted by that section of the press which, as a rule, has scarcely a good word to say for anything British.

### ARCTIC EXPLOITATION

Boston Transcript: There are no insurmountable physical obstacles to the exploitation of the Arctic and especially of Baffinland, in which the Canadians are particularly interested. The northern portion of the that great expanse of territory lies beyond the Arctic Circle, but it does not extend farther north than 75 degrees. The northern extremity of Spitzbergen passes the eightieth parallel, and coal has been mined in Spitzbergen. In the years before the Great War several companies were engaged in the business. There was a time when Americans participated in it. What was done in Spitzbergen could be done in Baffinland or elsewhere in the Arctic. Certainly the Canadians are showing wisdom in attempting to find out the extent of the riches which may be concealed beyond the Arctic Circle. They may remember to their ultimate benefit that time

## COULD NOT SLEEP NIGHTS

Pains and Headaches Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Dublin, Ontario.—"I was weak and irritable, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it as I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box 12, Dublin, Ontario.

### HALIFAX NURSE RECOMMENDS

Halifax, N. S.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy or two of your little books on women's ailments, and a return one which I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. M. COLEMAN, 24 Ulnicke Street, Halifax, Nova Scotia.

### SPRITTY YOUNG ROOSTER KILLS RATS.

You have no doubt been troubled with the rat pest around your hen coop, and have like myself tried every thing to overcome it. No cat, no trap, no poison has been effective so far. However, much to my surprise I now have a year old Gamecock Rooster who has sporting himself in my hen house for three consecutive days. I have found a big dead rat pecked through the head in my hen coop. I hope you will try it and say like I did "Thank God."

### COM. LITCHFIELD.

Miss Elsie Sheridan of West Paradise has been visiting her friend, Miss Clara Ellis. Mr. Lawrence Munro of Lake Munro has also been a guest at the same home.

Mrs. Maurice Turpin of Yarmouth, is visiting with Mrs. Alice Dukeshire. Mr. and Mrs. Wilfred Hill and baby motored from Milltown, and I were week-end guests of Mr. and Mrs. John Rupp.

Mr. Dannie Robinson has purchased a new milch cow from Ansel Orde, of Yarmouth.

Mr. Eddie Sproule has purchased a large motor-boat from parties in Digby Co.

The bridge crossing the hollow known as the big bridge is being repaired by Mr. George Kay of Hillsburn.

A heavy northeast snow storm accompanied by wind prevailed here on Monday which seemed very much like winter, but on Tuesday Mr. Sun came up all smiles and soon disposed of all the snow which is very spring-like again.

### VITAMINS

It was while experimenting with cod-liver oil to unlock the secret of its wonderful health-building virtues, that the basis of its great helpfulness to mankind, the vitamins, was discovered.

### Scott's Emulsion

needs no introduction to the millions who during fifty years past have been helped to strength and better health. Scott's Emulsion, the great strength-maker, serves millions of children and adults regularly. Why not you?

### NOVA SCOTIA HORSE WINS BLUE RIBBON.

"Lord Amherst" Shown by the Misses Douglas, Carried Off Honors at Brooklyn Horse Show. New York.—Nova Scotia was represented in the blue ribbon class at the annual Brooklyn Horse Show, which opened Wednesday, by "Lord Amherst," a brown gelding shown by Misses Marion and Grace Douglas, daughters of Governor Douglas of Nova Scotia. "Lord Amherst" carried off the honors in the class for large model horses.

### Can't Keep House Without Minard's

C. E. Wright of Foxboro, Mass., writes as follows: "Will you please advise me how I can get your liniment, can't keep house without Minard's. We never without it in our home in Nova Scotia."

Minard's is splendid for sprains, bruises, rheumatism, colds, etc.

### TORY M. P. EXPLAINS HIS BIG MAJORITY.

Humorously Tells House of His Many Relatives in His Own Riding.

Ottawa.—How he had obtained a majority of over 6,000 votes in the last general elections was humorously explained in the House of Commons by J. H. Harris (Conservative, York East) during his speech on the budget.

Mr. Harris at the time was making a plea for all nationalities in Canada to remember that they are Canadians. "To my friends from the western provinces let me say, you have not been Canadians as long perhaps as some of the rest of us, but get in line with us as quick as you can. Do not forget that you have not been very long in this country."

"May I ask how long the hon. member has been a Canadian?" enquired Robert Forke, Progressive leader.

"I do not know anything different," replied Mr. Harris. "Like a good many more people in the old province of Ontario, I happen to be a descendant of an Englishman, from Bedfordshire, a man who came here on a cattle boat and earned his first Canadian dollar right on the same street where he lives now. I would hesitate to say how many figures he has now, but he has done well, and he never went to school in his life. He has raised a large family of nine children. I hesitate to say how many grandchildren he has, but he has quite a number. Not only that, when I think of the rest of his lineage I recall one brother with thirteen children in my own riding—that is why I get such a large majority."

### WESLEYAN TO BE CONTINUED.

The annual meeting of the Eastern Section of the Book Committee of the Methodist Church was held in the Board Rooms, Halifax, Wednesday. The reports of the Book Steward, E. J. Vivkey, showed a very satisfactory year's business. Dr. H. E. Thomas gave a good account of his first year's experience as editor of the Wesleyan. Resolutions of appreciation to these servants of the church were heartily and unanimously passed.

It was decided to continue the Wesleyan as a Maritime organ. The future policy of the paper will be determined by the Maritime Conference or conferences of the United Church as provided by the Act of Incorporation. (Chronicle.)

### OBITUARY.

Edgar W. Porter.

Digby.—The death of Edgar W. Porter, one of the most elderly residents of Westport, occurred at the home of his daughter, Mrs. Arthur Payson, Brooklyn, Yarmouth County, April 1st. He was the son of the late Enley and Sarah Porter, of Port Maitland, where he resided until forty-five years ago, when he removed to Westport, where he always took a keen interest in any matter which would tend to the betterment of the community. In religion he was a Baptist.

Besides Mrs. Payson he leaves one daughter, Mrs. Edward Cousins, of Westport; Harry F. Porter, of Inglewood, California; and five grandchildren, Katherine and Ronald Payson, of Brooklyn; Maxwell Cousins, of Westport; Arthur and Evelyn Porter, of California.

The body, accompanied by Capt. and Mrs. Payson, arrived from Yarmouth via Meteghan, Thursday afternoon, and the funeral was held from the Baptist church at 3 o'clock. Rev.

### KEEPING TURKEYS

(Experimental Farms Note).  
Turkey raising is not the difficult matter that many believe it to be, writes Mr. A. G. Taylor of the Poultry Division, Dominion Experimental Farms, who itemizes the essentials to success in this line of poultry keeping as follows:— Well drained soil, free range. Well-developed healthy, unrelated breeding stock; and palatable foods properly and regularly fed.

The birds are not confined to houses and for winter nights require only the shelter of a straw-barn or closed shed. Nor is the feeding an expensive matter. Turkeys, especially the Bronze which is our largest and most popular breed, are great foragers and gather much of their food from the fields. Altogether there is little labor required in keeping a flock; a small initial investment will provide a suitable start; and the market for dressed turkeys is good both at Thanksgiving and Christmas.

A bulletin written by Mr. Taylor Management," (No. 46, New Series) is now in the press. In it are to be found a discussion of breeds; practical directions for successfully managing a flock; and notes on the prevention and cure of disease. Copies will be sent free on application to the Publications Branch, Department of
