DR. HASSALL'S FOOD FOR INFANTS, CHILDREN, AND INVALIDS.

DR. ARTHUR HILL HASSALL, M.D., the Inventor, recommends this as the most nourishing of all the Infants' and Invalids' Foods which have hitherto been brought out.

It is beyond all doubt that the lives of tens of thousands of infants and young children are annually sacrificed through the use of innutritious and improper articles of diet, prepared, as they so frequently are, with milk that has been largely diluted with water, and hence its nutritious qualities very greatly reduced. It is still a very common thing for infants to be fed upon different kinds of arrowroot and starch, including corn and potato flours and rice-starch substances destitute of nearly all the important elements which a food ought to contain, viz., nitrogenous compounds, sugar, fat, phosphates, etc., with the result that the children thus brought up are in some cases ill-nourished, in others half-starved, and sometimes even starved to death.

Sold by Druggists, Grocers, Oilmen, etc., in Tins, 6d., 1s., 2s., 3s. 6d., 6s., 15s., and 28s. each.

A RICH AND INVIGORATING BALM FOR THE HAIR.

Among the numerous preparations offered to the public for health and comfort,

Oldridge's Balm of Columbia

Is pre-eminent, having withstood all opposition and imitation for sixty years; and by the increasing demand for this famed BALM may be estimated its value and efficacy for repulsing, invigorating, and preserving the Hair either from falling off or turning grey. It imparts to the Hair a bright and glossy appearance, frees it entirely from scurf, and will not soil the most delicate fabric worn as head dress "at home" or in promenade. In the "Aurora" its use is invaluable, and it forms in Infancy the basis of a healthy and luxuriant head of hair.

Sold by all Perfumers and Chemists, at 3s. 6d., 6s., and 11s. only. Wholesale and Retail by the proprietors,
