7893-LADIES' AND MISSES' DROP YOKE COLLARS

Interesting, If True.

You Can Try It For Yourself and Prove It.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment, which anyone can perform for himself in the following manner: Cut hard-boiled eggs into very small pieces, as it would be if masticated, place the egg and two or three of the tablets in a bottle or jar containing warm water heated to 98 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, at the end of which time the egg will be as completely digested as it would have been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dypepsia Tablets will do to the egg in the bottle it will do to the egg or meat in the stomach and nothing else will rest and invigorate the stomach so safely and effectually. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak, and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, aseptic pepsin, diatase and Golden Seal, which mingle with the food and digest it thoroughly, giving the over-worked stomach a chance to recuperate.

Dieting never cures dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines. When enough food is eaten and properly digested there will be no constipation, nor in fact will there be disease of any kind, because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world-wide, and they are sold at the moderate price of 50 cts for full sized package in every drug store in the United States and Canada, as well as in Europe.

For the information of those interested a little book will be mailed free by addressing F. A. Stuart Co., Marshall, Mich., giving briefly the symptoms of the various forms of stomach weakness, causes and cure.

8091 - CHILD'S DRESS. 4 and 6 years. Attractive little frocks in this mode may be developed in silk, crepe de chine, poplin, henrietta or veurlian with velvet, lace, applique, silk or fancy braids for decoration.

Creeping Paralysis Cured

Mr. G. H. Snyder, 1310 Louisiana St., Lawrence, Kan., tells of his miraculous cure by Dr. Williams' Pink Pills for Pale People.

"I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin, and finally became so bad I was unable to move about. I consulted several distinguished physicians, one telling me that I had locomotor ataxia, another that I had creeping paralysis. I took their medicines but they did me no good and I continued to grow worse.

"One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I did so and before I had finished the first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured. Although it is over six months since I used my last pill there has been no recurrence of the disease. My appetite is now good and my general health is better than it has been for many years."

Dr. Williams' Pink Pills for Pale People are sold by all druggists. Price 50 cents per box; 5 boxes \$2.50. Look for this trademark on every package.
