

GREATEST CONVENIENCE—SMALLEST COST

"Up the Flue"

That's the way much money goes.
You'll never lose money on

SOUVENIR RANGES

that way, any more than
you'll lose money on fast
horses.

It is the slow horses
that will drive you to
the free-lunch counter,
and a poor
cook stove will
do you the
same way.

If calamity is
man's true touch-
stone, then Souvenir
Aerated Ovens are the
keen appreciation of
this fact.

These ovens are a man's
best armour and safest helmet,
and the most satisfying inven-
tion for his pocketbook and
stomach.

Souvenirs will save your wife a
whole lot of trouble. You'll never be
troubled with a tardy cook's impudence
either.

Get a **SOUVENIR RANGE** with Aerated
Oven at once.
