HOE & CO.'S

PATENT GROUND SAWS.

THE SUBSCRIBERS manufacture from the best CAST STEEL, CIRCULAR SAWS, from two inches to eighty inches in diameter. Their Saws are hardened and tempered, and are ground and finished by machinery designed expressly for the purpose; and are therefore much superior to those ground in the usual manner, as they are strengthened and stiffened by increasing them in thickness regularly from the cutting edge to the centre, consequently do not become heated or buckled, and produce a great saving in timber.

They also manufacture CAST STEEL MILLS, BIT AND CROSS-CUT SAWS, AND BILLBLADES, of superior quality, all of which they have for sale, or they may be obtained of the principal hardware merchants throughout the United States and Canada.
