CANADA LANCET.

A Monthly Journal of Medical and Surgical Science, Criticism aud Aews.

TORONTO, FEBRUARY 1, 1876.

Price 30 Cents. \$\$3 per Annum

CONTENTS.--(Index next page.)

NINE. CINCE

CINCHO-QUININE, which was placed in the hands of physicians in 1869, has been tested in all parts of the country, and the testimony in its favor is decided and unequivocal. It contains the important constituents of Peruvian Bark, Quinia, Quinidia, Cinchonia and Unchonidia, in their alkaloidal condition, and no external agents.

UNIVERSITY OF PENNSYLVANIA, Jan. 22, 1875.

"I have tested CINCHO-QUININE, and have found it to contain quinine, quinidine, cinchonine, and cinchonidine." F. A. GENTH, Prof. of Chemistry and Mineralogy.

LABORATORY OF THH UNIVERSITY OF CHICAGO, February 1, 1875.

"I hereby certify that I have made a chemical examination of the contents of a bottle of CINCHO-QUININE, and by directo I hereby certify that 1 have made a chemical examination of the content of the borne of the trify that 1 found there alka-bids in CINCHO-QUINNER." loids in CINCHO-QUININE."

"I have made a careful analysis of the contents of a bottle of your CINCHO-QUINNE, and find it to contain quinine, minidine, cinchonine, and cinchonidine." S. P. SHARPLES, State Assayer of Mass.

In no other form are contained the important alka-bidal principles of Bark, so as to be accessible to dedical gentlemen.

Vol. VIII

No. 6.

In it is found Quinidia, which is believed to be a better anti-periodic than Quinine; and the alkaloids acting in association, unquestionably produce favor-ble remedial influences which can be obtained from 0 me. to one alone.

In addition to its superior efficacy as a tonic and tiperiodic, it has the following advantages which

1st. It exerts the full therapeutic influence of Sulhate of Quinine, in the same doses, without oppress-Plate of Quinine, in the same doses, without oppressing the stomach, creating nausea, or producing methad distress, as the Sulphate of Quinine fre-quently does, and it produces much less constitutional surpance.

Ad. It has the great advantage of being nearly baseless. The bitter is very slight, and not un-basant to the most sensitive or delicate woman or wild.

3d. It is *less costly*; the price will fluctuate with the the and fall of barks; but will always be much less than the Sulphate of Quinine.

4th. It meets indications not met by that Salt.

Middleburg, Pa., April 13, 1875.

Genilemen. I cannot refrain from giving you and minopy regarding CINCHO-QUININE. In a practice of twenty years, eight of which were to connection with a drug store. I have used Quinine a such cases as are generally recommended by the provision. In the last four of five years I have used Quinine, and I have never been disappointed in my expectations. Gentlemen. I cannot refrain from giving you my

JNO. Y. SHINDEL, M.D.

Gents: It may be of some satisfaction to you to know that I have used the alkaloid for two years or nearly, in my practice, and I have found it reliable, and all I think that you claim for it. For children and those of irritable stomachs, as well as those too easily quintized by the Sulphate, the Cincho acts like a charm, and we can hardly see how we did with-out it so long. I hope the supply will continue. Yours, with due regard, J. R. TAVLOR, Kosse, Texas.

I have used your CINCHO-QUININE exclusively for four years in this malarial region.

It is as active an anti-periodic as the Sulphate, and more agreeable to administer. It gives great satisfacion.

D. H. CHASE, M.D., Louisville, Ky.

I have used the CINCHO-QUININE ever since its ntroduction, and am so well satisfied with its results hat I use it in all cases in which I formerly used the sulphate, and in intermittents it can be given during he paroxysm of fever with perfect safety, and thus lose no time.

W. E. SCHENCK, M.D., Pekin, Ill.

I am using CINCHO-QUININE, and find it to act as eliably and efficiently as the Sulphate.

reliably and emciently as the Surphate. In the case of children, I employ it almost exclu-sively, and deem its action upon them more beneficial than that of the time-honored Sulphate. W. C. SCHULTZE, M.D., Marengo, Iowa.

CINCHO-QUININE in my practice has given the best of results, being in my estimation tar superior to Sul-hate of Quinine, and has many advantages over the sulphate. Northampton, Mazs.

Your CINCHO-QUININE I have used with marked success. I prefer it in every way to the Sulphate. D. MACKAY, M.D., Dallas, Texas.

We will send a sample package, for trial, containing fifty grains of CINCHO-QUININE, on receipt of twenty-five cents., or one on receipt of one dollar and sixty cents, post paid. Special prices given for orders amounting to one hundred Conces and upwards.

WE MANUFACTURE CHEMICALLY PURE SALTS OF Arsenic, Ammonium, Antimony, Barium, Bromine, Bismuth, Cerium, Calcium, Copper, Gold, Iodine, Iron, Lead, Manganese, Mercury, Nickel, Phosphorus, Potassium, Silver, Sodium, Tin, Zinc, etc.

🖝 Price List and Descri+tive Catalogue furnished upon application.
