## CANADA'S GREAT FAIR.

The Toronto Industrial Exhibition, which is to be held from the 3rd to the 15th of September, will no doubt be the greatest fair of the present year, and from present indications it promises to excel all others, both in point of exhibits and in attendance of visitors. The grounds have been vastly improved since last year, and most of the space in all the buildings has been applied for. A good programme of special attractions, both novel and interesting, will be provided. Our readers cannot choose a better holiday trip than this offers. Cheap excursions will as usual be run on all railways at rates in keeping with the times. This great Fair has now become one of the best and most popular educational and entertainment enterprises on this continent and attracts visitors each year, not only from all parts of the Dominion, but from the United States as well and those who have never been there would be surprised at its magnitude and attractiveness, being almost like a World's Fair, only on a smaller scale.

## HELLO !

Within the last two months accounts have been sent to those who read GRIP every week but have not paid for it. A large number owe for longer or shorter periods previous to the suspension of GRIP in July, 1893, as well as for the present year. We want all these old arrears to be wiped off. The list came into our hands when GRIP was revived and we paid hard cash for it, which we would like to get back. We know times are hard, but they are hard for us as well as for you, and as "mony lit this mak' a muckle," the small sums you owe aggregate a large amount. Come, now, you won't miss the small sum, while it will help to replenish our coffers and make us happy. Look at your address label, and if you are not clear on GRIP's books let him hear from you by next mail.

WHAT would Toronto be without its Island! Sir John Thompson referred during his late visit to the metamorphosis which has been wrought during the last twelve years, when it was converted from a strip of sand to a great pleasure ground. Then it is so easy to reach. See the number of ferry boats running back and forth. And think of getting there and back for five cents, which has been made possible by the liberality of the Hanlan Ferry Co.

Mr. A. ANDERSON, of this city, who is making a business trip to the towns along the Canadian Pacific Railway between Toronto and Victoria, B.C., is authorized to represent GRIP and to take subscriptions and grant receipts in our name. We trust he will receive a cordial reception from GRIP's friends and be able to add many new names to our list.

## APPLETON'S POPULAR SCIENCE MONTHLY

Edited by WM. JAY YOUMANS.

The Popular Science Monthly is without a competitor.

It is not a technical magazine.

It stands alone as an educator, and is the best periodical for people who think.

All its articles are by writers of long practical acquaintance with their subjects, and are written in such a manner as to be readily understood.

It deals particularly with those general and practical subjects which are of the greatest interest and importance to the people at large.

Besides this, it keeps its readers fully informed of all that is being done in the broad field of science.

A reference to the contents of any of the late numbers will more than confirm the foregoing statement.

\$5.00 per annum ; specimen copy, 25c
