A despatch from New York states that Granby Consolidated Mining, Smelting & Power Company's report ending June 30, 1916, shows net earnings of \$4,107,621, an increase of \$2,767,063 over the previous year. Surplus, after charges, \$3,819,295, equal to 25.46 per cent. on the stock, compared with 5.52 for the previous year.

Granby, on November 1, will pay the regular quarterly dividend of \$2.00 the share, or \$299,970, to stockholders of record October 4. This will make the payments for the current year \$1,049,894, and will increase the grand total to \$6,776,817.

The Granby Company now is producing some 4,000,000 pounds of blister copper monthly at its two smelters, and information received from sources closely in touch with the management states that there is on hand in New York enough unsold copper and gold to retire the corporation's outstanding bonds, besides retiring all other claims.

The Hedley Gold Mining Company on September 13 declared its customary quarterly dividend of 3 per cent. and additional dividend of 2 per cent., together 5 per cent. (\$60,000) on its issued capital of \$1,200,000. This dividend, which is No. 28, was paid on September 30. This brings the profit disbursements among shareholders made this year by the
