## SUGGESTED PURCHASE OF BRITISH FRIGATES—MOTION UNDER S.O. 43

**Mr. Bob Corbett (Fundy-Royal):** Madam Speaker, as the government is aware, of the 23 ships in the Canadian naval forces only four are presently operational. Our ships are between 17 and 25 years old, and are showing signs of old age as they are developing serious cracks and prove unseaworthy. In view of the fact that our navy is not operating at a satisfactory level and is uncertain to fulfil our NATO obligations, or even defend our own shores in time of war, I move, seconded by the hon. member for Malpeque (Mr. Gass):

That the House of Commons instruct the Minister of National Defence to purchase those British frigates that are for sale to serve as a stopgap until the Canadian navy obtains the frigates planned for 1987.

## AUDIT OF MAIL DELIVERY PERFORMANCE—MOTION UNDER S.O. 43

**Mr. Bill Wright (Calgary North):** Madam Speaker, the Auditor General's 1981 report stated that the national evaluation of postal services, a system used by the Post Office to measure postal reliability, did not accurately report the performance and reliability of mail delivery. I move, seconded by the hon. member for Calgary West (Mr. Hawkes):

That a proper system to measure the reliability of mail delivery be implemented and that the Post Office should report publicly the mail performance of its major postal services at least annually.

## ISRAEL ANNEXATION OF GOLAN HEIGHTS—MOTION UNDER S.O. 43

**Mr. Ian Watson (Châteauguay):** Madam Speaker, I rise under the provisions of Standing Order 43. Yesterday the government and Parliament of Israel unilaterally acted to incorporate the Golan Heights into the State of Israel in contradiction of the terms of Security Council resolution 242, thereby jeopardizing further the quest for peace in the Middle East. I move, seconded by the hon. member for Rosemont (Mr. Lachance):

● (1410)

That this House reaffirms its support of Security Council Resolution 242 and calls upon Israel to halt its actions towards the annexation of the Golan Heights.

## CALL FOR RE-SCHEDULING OF TRAIN SERVICES BETWEEN WINNIPEG AND ONTARIO—MOTION UNDER S.O. 43

**Mr. Bill Blaikie (Winnipeg-Birds Hill):** Madam Speaker, I rise pursuant to Standing Order 43. In light of the fact that the Minister of Transport (Mr. Pepin) has given as his excuse for cutting train service, that people do not use the trains, and in view of the fact that there are many people who would like to use trains 7 and 8 to get to their camps at Winnitoba, Malachi, Ottermere, and other places between Winnipeg and Farlane, Ontario, but cannot use them because of the way the trains are scheduled, making weekend traffic difficult, if not impossible, I move, seconded by the hon. member for Churchill (Mr. Murphy):

That the minister use his authority constructively instead of destructively as he usually does, to have these trains re-scheduled so that people who want to use the trains and will use the trains, can use the trains.
