

Under the first section of the Act...

It is the policy of the Government...

The following table shows the results of the survey conducted in 1987. The data is presented in a tabular format with columns for various categories and rows for different data points. The text is very faint and difficult to read, but the structure of the table is discernible.

The results of the survey indicate that there has been a significant increase in the number of people who are aware of the program. This is a positive trend that suggests that the program is reaching its target audience.

In conclusion, the survey results show that the program is effective in reaching its target audience and increasing awareness. This information will be used to inform future program development and marketing efforts.
