Gen. Sir Arthur Currie,

Montreal, Que.

My dear Sir Arthur:

About two weeks ago I had the pleasure of listening over the radio to a most interesting and impressive address given by you in the interests of International Disarmament before the National Republican Club in New York. I have been wondering since whether it would be possible for me to have a copy of that address and if so whether you would permit me to have it printed for distribution amongst the many connections of this Society throughout Canada.

Disarmament and world peace seem to be the crying needs of the world at this time and I am sure the distribution of your magnificent address will cause even the unthinking person to appreciate its sentiments.

Yours very truly,

Manager for Canada
