

we a telegram saying, "this is the original telegram they have sent up for you, it was telephoned this morning." I replied, "but I got no telegram this morning". On opening it I found it was the same message the Principal had ~~sent~~ ^{shown} me in the morning! As soon as I could see him, I showed it to him & asked him what he had done about the message, he said, "I tried saying I could not go". We had a good laugh over it. As soon as possible I went out & wired you. That is the explanation of the delay!

I appreciate very much your asking me to do this, for I value very highly my connection with McGill,
