GERMAN WITHDRAWALS CONFIRMED.

WASHINGTON, Sept. 9.—Confirmation of the reported withdrawal of the Germans before the attacking French and English armies, and the throwing back of two German army corps on the left side of the River Ourcq was received at the French embassy today. The despatch, which was incomplete on account of error in transmission, further said: "The fourth German army attacked us in the Vitry-le-Francois line, and the falling back movement of the enemy has been clearly observed."

That the success of the Russians continued was confirmed, the despatch added, by the capture of the 45th Austrian Regiment of Infantry, which surrendered all its forces at Stryj-Karlovo.

"Special garrisons have been formed in France as depots for reservists, re-engaged troops and volunteers, where they are drilled, in readiness to be sent to the front to fill gaps caused by the casualties. These depots so far have only been drawn for two per cent. of their effective combatants; that is, if France has 1,000.000 men in the fighting line, 20,000 have been put out of action, of which it may be estimated that 20 per cent. are dead.

Big Exodus From Paris.

The first results of the census now being taken in Paris to provide the military authorities with necessary information in case of siege, show the number of householders to be \$87,267, representing 2-006,786 people, as compared with 1.122.634 households and 2,833,351 people in 1911, showing the exodus represents 30 per cent. of the population. It is expected fuller figures later will show the diminution to be greater than this.

Discontent at the increased rates which has been brewing since July in the ranks of the Workmen of the World came to a head yesterday at the two meetings held in the rooms of Parkdale Camp at 1388 Queen street west. There was considerable indulgence in personalities, but the real object of the meetings was attained; a motion was passed that a communication be sent to the head camp asking them to hold a special session to consider the reduction of the rates now in force. Half of the members of the order, it was stated, had already dropped out. A circular is being issued urging all members to retain their connection with the order until final action is taken by the head camp, probably in January. Present at yesterday's meetings were over 100 representative men from the Woodmen camps practically all over Ontario. Parkdale, St. Catharines, Hamilton and Alvinston were particularly in evidence.
