### "WHARF" IN COW PASTURE.

Amusing Discussion in House Over Disposal of Bridge.

Ottawa, July 4. — (Special).—The house went into supply this morning and devoted many hours to the estimates of the department of public works.

An item of \$750 to complete the Diarrail Wharf revived this familiar scandal. The so-called "wharf" is nothing more or less than a municipal bridge. The town is midway between Lake Aymer and Black Creek, which are connected by a long, marshy depression, used as a cow pasture, and sometimes as a meadow in summer, but an amusing colloquy between Mr. Morin (Dorchester) and Mr. Tohn (Richmond and Wolfe).

W. F. Maclean (South York) suggested that it would be economic to present this bridge by deed of gift to the municipality. As it was, the government would be called upon to keep the so-called "wharf" in repair. He would not be at all surprised to see a wharf-inger appointed.

### NEW NORMAL SCHOOLS.

Hamilton to Have One—Other Sites Yet Undecided.

Four new normal schools are to be built by the government very shortly. For this purpose it will be remembered that the sum of \$100,000 was included in the supplementary estimates. Hamilton may have one of the schools, if the city is willing, and of this there is no doubt. At present the normal college is located in rooms rented in the Hamilton College building. A government grant of \$4500 a year being made towards it.

On the establishment of the new normal schools, the normal college will be abolished, and a new building erected for the school. The county model schools will also be done away with and teachers will be enabled to take out permanent certificates under the new course. Toronto, London and Ottawa already have normal schools. Besides Hamilton, no definite decision has yet been arrived at for the location of the other three schools, but Peterboro, Chatham and Owen Sound have strong claims. Four more schools will be built next year.

### APPEAL DISMISSED.

(Canadian Associated Press Cable).

London, July 4. — By the privy council to-day the Whitley v. Joyce appeal was dismissed with costs.

This was an action taken by Whitley to recover from John Joyce \$2,000, 000, being par value of the stock of the Shawinigan Water and Power Company. The action is based on an alleged verbal agreement of partnership entered into in the year 1899. The respondent denied such an agreement.

### RUSSIAN LOSSES IN WAR.

### YORK COUNTY AND SUBURBS MUCH DAMAGE TO CROPS

Storms of Past Few Weeks Have Left Their Bad Effects.

Councillor Lot Hartman of North York was in the city yesterday and stated that the heavy rainstorm of Wednesday morning had wrought considerable damage in the northern county. While fall wheat had withstood the terrific downpour fairly well, barley in many places was leveled with the ground. Oats, too, had suffered greatly from the rain, but this crop would in a measure recover itself. Hoeing operations have been greatly delayed, and the outlook for this year is not good. In other parts of the county the damage was not so great, but in some places the damage will, it is said, be caused by the flooding of low lands.

In Durham County incalculable loss has been inflicted by a cloudburst, which ruined hundreds of tons of early mown hay, and leveled wheat and barley crops. On high sandy land the corn was in some places ruined, while low planted fields are practically ruined.

**Toronto Junction.**—The funeral of Alfred Maton, the 11-year-old son of Wm. H. Maton, who was accidentally shot on Saturday last, took place to-day to Prospect Cemetery. A piano recital was given in the town hall last evening by Miss L. C. Huxley's pupils. It was well attended, and the proceeds (\$14) go to the Sick Children's Hospital. Lawrence, Master Fred McLaughlin, Miss Alice Brown, Edward Guest, Misses Edwards, Perry, Edna Atkinson, Vera Rundle, M. Armstrong, Ruby Huxley, Amy Quinlan, Lillian Armstrong, Elsie Huxley, Myrtle Armstrong, Ethel Armstrong, Bessie Scavages, Edna Irish, Jane Shaver, Edna Perrin.

### ILLINOIS.

At the regular monthly meeting of the Elmhurst Township Council, a resolution was passed to the effect that the township should be replanted; that the culvert on road division No. 43 be repaired, and also the culvert on road division No. 17. The township was instructed to expend \$125 on Bathurst-street, Mimico, and also \$6 for a gravel walk from the station to the Windsor Hotel. The treasurer was instructed to pay W. J. Garhouse \$4 the price of a lamb killed by dogs on June 3. The clerk was instructed to call for tenders for filling the approach to the concrete bridge on the Scarle-road. The sum of \$60 was granted to the Ontario Horticultural Exhibition. The clerk was instructed to gain notice the Toronto & York Radial Railway Company to at once put in a culvert on Eastwood's Hill, as per agreement.

### East Toronto.

East Toronto, July 4. — C. T. Lyon, J. P., held court in Spruce-avenue Fire Hall this morning, when William McDonald, better known as "Bib Mac," who was charged with assaulting a conductor on the street railway, was fined \$5 and costs, and ordered to remove out of the county for a period of six months. Failing this, a prisoner was granted an alternative of six months in jail. He paid the fine.

Two young men, charged with using the donkeys at Victoria Park, were each fined \$1 and costs.

When the body of the late Frank Flynn, who died in Battleford, was brought here and interred in Lakewood, it was accompanied by Bro. A. Graham, a member of the local branch of Brotherhood of Locomotive Firemen.

On his arrival from the east, Bro. Graham was met by a number of the local brethren and escorted to the Y.M.C.A. Hall, where a brief reception was held. On behalf of the members of the B. of L. F. and the C. O. F. E., Bro. Graham was presented with an emblematic pin and three links. Bro. Nelson presided. Addresses were given by Bros. Frank Rine, McCabe, Sands, Reid, Westlake, Shaeffer and W. Westlake. Bro. R. Patterson represented the C. O. F. E. The members were desirous of testifying in some measure to the many acts of kindness extended to the late Bro. Flynn by the order's representative. Mr. Graham left for his home in Battleford to-day.

There is said to be a strong anti-annexation feeling in wards 2 and 3, while the rebuff administered to Chairman Baker has chilled even the ardor of the friends of the measure in Ward 1. Monday night's meeting will, it is expected, furnish material for considerable discussion.

### CONTROL LERS CAN'T AGREE ABOUT A COMMISSIONER

Laid Over Till To-Day—To Enlarge Riverdale Park—Matters at the City Hall.

As was expected, the matter of appointing a commissioner of industries was brought before the board of control yesterday by Controller Jones with a little more success than he has been accustomed to having with it lately, also no appointment was made owing to Controller Ward going on strike and refusing to vote for anybody at all.

The names that came before the board were Fred Dane, George Dunstan, Joseph Paterson and J. Ironsides Thompson. Each of them received two votes and the matter stands over again till to-day. In the meantime it is likely that some arrangement will be reached and it will be plain sailing when it comes to the board.

There is no friendship for the office on the part of Controller Ward. He moved the bill creating the department be revoked. Controllers Hubbard and Shaw said they were following out the wishes of the council regardless of their personal views on the matter, and they defeated Ward's motion.

Frank Hilton's name was proposed by Controller Jones, who at once withdrew it, remarking that he understood the board was particularly against it, and he nominated George Dunstan. Fred Dane was nominated by Controller Shaw and J. L. Thompson by Controller Hubbard.

Controller Ward believed it was a scheme to create a position which would cost \$25,000 a year and he would not vote.

After Controller Jones had voted for Dunstan, the mayor and Controller Shaw voted for Dane, and Controller Hubbard voted alone for Thompson, and then nominated J. F. Paterson and voted alone for him. Then Hubbard voted with Jones for Dunstan and with Shaw for Thompson and Paterson. Then the matter was laid over till to-day.

**Many Contracts.** Contracts were awarded as follows: Asphalt pavements: Broadview, from Gerrard to Danforth, \$28,834; Queen, Niagara to Roncesvalles, \$28,667; Delaware, Bloor to Shanly, \$4866, all to the Constructing and Paving Co. Brick pavements: Fraser-avenue, Liberty to 183 ft. south to J. H. McKnight, \$778; Charlotte-street, King to Adelaide, city engineer, \$293.

Bitulithic pavements: Howie-avenue, Clark to north end, city engineer, \$2883; Avenue-road, from present end to Clinton-street, Gordon Contracting Co., \$22,148; Lake-street, Yonge-street wharf to York-street bridge, \$5818, Gordon Contracting Co. Riverdale Park.

The proposal to purchase an addition to Riverdale Park was endorsed at a meeting of the parks and exhibition committee yesterday, and an assessment Commissioner Forman was in favor of it. The land to be acquired lies between Spruce and Carlton streets, and is owned by J. H. McKnight. It is a small portion of it suitable for building purposes and that piece is valued at \$1800. The whole addition was valued at \$4250. The commissioner will now negotiate for the purchase of the Jarvis property and then the land is valued at \$1800. The whole addition was valued at \$4250. The commissioner will now negotiate for the purchase of the Jarvis property and then the land is valued at \$1800.

**Many More Houses.** The building permits issued during the period between June 18 and June 30 represented an approximate value of \$638,000; within that time permits were issued for 188 dwellings.

**Board of Works To-Day.** At to-day's meeting of the board of works, Ald. George will present the plans for a reorganization of the roadway department. He suggests a plan of ample yards in each ward connected with the headquarters at the city hall by telephone, and a card index system for keeping track of repairs, so that each break or hole in the pavement may be repaired as soon as detected or as soon as the cutting is closed in. Last year \$10,400 was spent in the hire of teams and Ald. George recommends the purchase of sufficient teams, saving \$250 per team per year. At present twelve double and six single teams on repair work. He recommends the purchase of twelve double and six single teams.

There are 210 miles of paved streets and 60 miles of asphalt, and he does not consider the contractors' plant equal to this work. Ald. George therefore recommends the installation of an asphalt plant.

**Unionville.** Invitations have been issued for a barn-raising on the farm of Henry Smith, midway between the fifth and sixth concessions, a mile and a half west of the village, to-morrow (Friday) afternoon.

Miss Ella Hagerman is winning laurels as a vocalist. At a garden party Dunstan's Hall on Tuesday evening, under the auspices of the Presbyterian Church, she met with most flattering reception.

**Green Sickness or Chlorosis**

Just at the threshold of womanhood, that trying period when the whole system is undergoing a complete change, many a girl falls a victim of chlorosis or green sickness.

Her disposition changes and she becomes morose, despondent and melancholy. The appetite is fickle, digestion is imperfect, and weakness and dexterity are experienced on slight exertion.

Chlorosis is much like anaemia, because it arises from poor quality of blood. Iron and such other restoratives and blood builders as are combined in Dr. Chase's Nerve Food are demanded by the system.

The regular and persistent use of Dr. Chase's Nerve Food cannot fail to benefit any girl or young woman suffering from chlorosis, anaemia, or weakness and irregularities, which result from poor blood and exhausted nerves.
