WILL DUNDURN BE BOUGHT?  
A Section of the People Not in Favor of Spending the City's Money That Way.

Canada Life Hold Mortgage On the Property, and it is Said Their Lawyer is an Agitator for the Purchase.

Hamilton, April 16.—Great efforts are being put forth from a certain quarter to saddle Dundurn Park on the city. The park has been a white elephant on the hands of the owner for years. Twice have the ratepayers of Hamilton, by ballot, decided most emphatically that they do not wish to own the park. The present movement, however, is to get the City Council to purchase the park on the installment plan, so a bylaw will have to be submitted to the property-owners. It may be safely said that a majority of the ratepayers will be anything but pleased with the idea of the city buying something they do not want or need. Hamilton, particularly the west end, they say, is not a city of parks. The city owns two parks within a stone's throw of Dundurn—Harvey Park and Victoria Park. A large amount of money has been expended on Victoria Park within a few years. As the city is growing eastwards, if a large park is to be obtained, it should be secured in the east. A great many persons think that if the money is expended in buying Dundurn Park—\$60,000 and interest—spent in buying an exhibition or fair would be better. The question of price was allowed to remain in abeyance for another year. Messrs. J. Thompson, R. Thompson, Baker, S. Wilcock were among those present.

North Toronto. The council meeting has been postponed till the first Tuesday in May. By the decision of Judge McDougall on Saturday the bounds of number two division of the county will remain the same after the withdrawal of the town from the county.

Special services on behalf of the St. John's Cathedral, which is being held at the Eglinton Methodist Church, Dr. German addressed the morning gathering at the church. The question of price was allowed to remain in abeyance for another year. Messrs. J. Thompson, R. Thompson, Baker, S. Wilcock were among those present.

Mr. D. B. Birrell of the York Mills Hotel is reported to have been arrested on Saturday morning and smashed the vehicle.

George Saunders of the Township of Howick Jumped into the Mattland River.

Gorrie, Ont., April 16.—A sad calamity took place this morning when George Saunders, who resides about five miles from Gorrie, on the 12th concession of Howick township, was drowned in the Mattland river. He was driving a horse-drawn wagon in the north branch of the river. It is believed that he has been temporarily insane for some time, and when the horse was harnessed, he noticed the water marks in last night's fall of water. He was seen to be in the bank on making diligent search they recovered the body.

THE BODY FOUND.  
Mate Aykroyd of Toronto Recovered the Remains of Mr. Perkins of Gorrie.

Gorrie, Ont., April 16.—The body of Mr. James Perkins, who was drowned Thursday evening, 13th inst., as reported in Friday's and Saturday's daily papers, was found this afternoon lying in 10 feet of water about a mile and a half below the scene of accident by Mate Aykroyd of Toronto. The body was recovered by the funeral home assistants.

MURDER AT KAMLOOPS.  
Philip Walker Shot at His Cabin Door by Son, Casimer.

Kamloops, B.C., April 15.—Walker, who was shot by his son, Casimer, at his own door, Walker lived 40 minutes after the shooting. The murder was evidently premeditated, and was the result of an old feud. Casimer escaped to the Indian reservation. A large posse is now in pursuit.

A Remedy for Crowding.  
Editor World: As long as all talk about crowded street cars has been going on I have wondered why nobody has ever taken up the Old Country idea, which seats at the top of the car. A very light iron structure added to allow two benches with the backs against each other to be placed on the car's roof, a light, low wire screen along the outer edge will give sufficient protection and a skeleton spiral iron stairway will give access. Generally, there should be no roof over this new addition, but it can easily be put there if wanted, so can canvas curtains for protection against rain.

Pembroke Has a Fire.  
Pembroke, Ont., April 16.—Fire broke out at 10 o'clock this morning at the W.A. Powers' barber shop, the contents being totally destroyed. The C.P.R. Telegraph office, in the building, was badly damaged by fire and water. The building was owned by James C. Cheney, and is partly covered by insurance.

Freight Business Increasing.  
The local freight department of the Grand Trunk handled 23,000 tons of sundry freight during the month of March. Of this amount 5000 tons were transhipped freight and the remainder from Toronto.

The request of the Board of Health, and at a meeting in the Dominion Hotel yesterday, the members of the association will fight it in all probability. The object of the license to sell being withheld till the applicant agrees to allow the city inspector to inspect the cowhouse and the milk.

A Range Light at Once.  
Mayor Teezel yesterday received a letter from the Department of Marine and Fisheries advising him that it had been decided to establish a red light at the west end of the pier, in accordance with the wishes of the deputations that stirred up the Government last week. The range light will be welcomed by the vessel men, and will be kept in place until the close of navigation.

A Serious Accident.  
While coming down the John-street road yesterday morning a young farmer, named George Bethune, living near Ryckman's Corners, was hit by a horse-drawn wagon. The action of the horse, which had been frightened, caused the accident. The wagon wheels went over one of his legs, crushing it. The horse was killed. Bethune was doing well to-day at St. Joseph's Hospital, where he was carried immediately after the accident.

At the Art Loan Exhibition.  
Saturday afternoon's matinee at the Art Loan exhibition was a success. The children who contributed all showed marked talent. The dancing by several juveniles was especially good. The greatest hits were the song entitled "Daddy," sung by Master Arthur George, and the recitation by his brother Tom. In a most creditable manner. This little boy possesses a very sweet voice, and it is not unlikely that a great future is predicted for the little fellow.

The Greatness of Godfrey's Band.  
From its formation, as well as in reputation, Lieut. Dan Godfrey's British Guards Band has proved a success. The band has been in the various Guards regiments, must necessarily be popular to the military authorities. The former band of the Grenadier Guards cannot, of course, be compared to the present organization. Lieut. Godfrey took all the men were trained by his old corps. For instance, the Grenadier Guards, the principal corps of the Grenadier Guards, is only third in the British Guards Band. In making arrangements for a long tour of the world, one or two changes in his regular force were necessary, and Lieut. Godfrey had two vacancies. He had no less than 600 applications from army bandsmen. He says his men much more than any regiment, and has his choice of the best men in England.
