THE NEW RUSSELL HOUSE.

Mr. Alex. Burgess Now Has One of the Handsomest Hotels in Toronto at 217 Yonge Street.

The famous hostelry, the Russell House, 217 Yonge street, has undergone great alterations of late, and now Mr. Alex. Burgess, the proprietor, can honestly lay claim to having one of the most comfortable, convenient and best fitted-up hotels in the city.

In the rear of the dining room is the kitchen, and it may be said that there is not a better appointed one anywhere in the city.

On the first floor is a splendidly furnished sitting room, and the range and cooking utensils, which were supplied by Mr. George Sparrow, are of the most modern type and brand new.

A large refrigerator stands in one corner, literally crammed with good things.

On the first floor is located a cosy ladies' sitting room, at the head of the stairs, and of the much coveted bedrooms, which have all been enlarged and newly furnished through in oak and mahogany.

The sample room particularly presents a very handsome appearance, and there is not another like it in Canada.

Mr. Burgess has every reason to be proud of his new hotel, and it certainly is a credit to the city.

Producers and Consumers are Getting Together—Improvement in Iron Trade.

New York, July 27.—R. G. Dun & Co.'s weekly review of trade-to-morrow will say: Speculative activity in raw materials is not present to discourage new business.

Better Tone in Iron. Similarly in iron, the depression in which has resulted in hesitation and fear in other industries, the tone is better; and in the Pittsburgh district the mills have booked a decrease of 4,000 tons, against 10,775,500 last year.

Shoes and Leather. Jobbers in boots and shoes are demanding prompt delivery on old orders, but new business is scarce.

As to Wheat Crop. It was not surprising that wheat declined still further this week, for the price had been held far above the quotation ruling at this date in 1899, and crop conditions are so generally satisfactory as to assure an abundance for all home requirements and a usual amount for export.

Next week, beginning Monday afternoon and evening, there will be a remarkable and interesting entertainment. It is one of the strongest bills ever presented in Toronto, whether free or not, and it speaks well for the management that so excellent a bill can be witnessed free of charge.

THE OUTLOOK FOR BUSINESS

No Import Changes in Trade and Speculation—Demand in Some Sections.

IMMENSE CORN CROP PROMISED.

Cancelled Orders for Fall Goods Are Being Renewed in the West.

New York, July 27.—Bradstreet's to-morrow will say: A quiet market, with probably no important changes in trade and speculation, are notably lacking this week, but counter currents of demand in various sections and industries lend a rather more than usually irregular appearance to the general situation.

The Unfavorable Elements. Unsettled conditions in the West probably find their chief and greatest expression in the iron and steel business. That industry, if possible, more depressed than in any time for three years past, and expectations that price declines would be checked by a recovery in demand, based on renewed buying, are disappointed, rather than enquiring for raw wool by manufacturers.

Wheat, including four shipments for the week ending July 27, 1900, against 3,023,383 bushels last week, 3,208,485 bushels in the corresponding week of 1899, 2,822,822 bushels in 1898, 2,248,021 bushels in 1897 and 2,068,748 bushels in 1896. Corn exports for the week aggregate 3,204,745 bushels, against 4,122,129 bushels last week, 2,790,320 bushels in this week a year ago, 2,601,821 bushels in 1898, 2,482,715 bushels in 1897 and 1,455,812 bushels in 1895.

Activity for Summer in Canada. Seasonable summer activity is reported in Canadian trade, and manufacturers are well supplied with orders. Prices are fairly well held, and advance in refined sugar is said to have operated as a check to retail distribution of that product.

Trade in dry goods, at the east particularly, seems backward, pending a clearer realization of the cotton goods situation. Business failures are smaller, numbering 183, as compared with 202 last week, 170 in this week a year ago, 190 in 1898, 23 in 1897 and 21 in 1896.
