With Two Members of the Bench Dissenting the Supreme Court of Canada This Afternoon Decided That M. S. A. Orders-in-Council Are Valid.

Ottawa, July 19 .- The supreme court has dismissed the application for habeas cor pus in the case of Pte. Grey.

Ottawa, July 19.—The supreme court, at 2:15 p.m. today, dismissed the application for a writ of habeas corpus made on behalf of Pte. Grey. The judgment established the validity of the orderin-council of April 20 cancelling certain exemptions granted under the M. S. A., and is contrary to the finding of the supreme court of Alberta. Justices Idington and Brodeur dissented from the judgment.

It will not now be necessary to summon Parliament in special session to deal with the matter.

Fritz, Completely Surprised, GERMAN LINE Unable to Withstand Impetuous Advance of the Americans.

London, July 19, via Reuter's Ottawa Agency.-A dispatch from American Will Have to Readjust Front headquarters, dated last evening, reads

A large number of American storming troops co-operated with the French this morning in a powerful offensive. A number of tanks participated in the number of tanks participated in the rush. The Germans resisted very feebly. Here and there stubborn fighters were encountered, but they were quickly vanquished by the American bayonets. The Americans went over the top with a yell, not even waiting for the usual artillery preparation.

The enemy was surprised by the attack everywhere, an attack that was most successful, particularly in the region of Soissons, where the final objectives were passed. The whole operation turned out to be even more suc-

on turned out to be even more suc-essful than had been hoped for. The Germans were so completely surprised that officers were captured in bed, and

their line unless that officers were captured in bed, and one man was taken while cutting rye in the fields behind the first lines.

Took Positions in Storm.

Heavy thunderstorms and violent rain last night enabled the storm troops to take up their positions unobserved, and may account for the enemy's lack of vigilance. Numerous prisoners were taken in the first hour. The French battalions advanced in a dashing fashion, and crossed the River Savieres waist deep, singing all the time.

The operation hitherto may be judged as a big diversion on the flank of the enemy salient between the Aisne and the Marne, with a view to arresting the German offensive towards Epernay, Montagne and Rheims. It is the first time since the 21st of March that the allied command has taken the initiative on such a great scale. This is doubtless owing to the tactics of wearing the enemy down.

Responding to the toast to "The Guests," Sir Robert Borden said that nobody could look back on the events of the last eighteen months without feeling how necessary and desirable had been the inclusion of India in the imperial gatherings. On behalf of Canada, and indeed of all the dominions, he wished the people of India godspeed in the great advance which lay before them. The Hague, July 19.—In outspoken comment on the growth of American strength in France, the Socialist Arbiter Zeitung of the Socialist Arbiter Zeitung of Vienna says there is no doubt that more than a million American troops already have arrived in Europe. It declares that this is a feat of organization as amazing as the creation of the Br'tish army.

"American participation in the fighting," it adds, "increase the German task to one of gigantic magnitude. It is easily understandable that the German command is trying this year to reach a great decision before the full weight of the United States is felt."

FINNISH PARLIAMENT CLOSED. London, July 19.—The Finnish Government has suddenly withdrawn its bill for constitutional reform and the adoption of a monarchy, and has declared the session of the Landtag closed, says a dispatch to the Times from Stockholm. Solssons now is useless to the German's as a base of operations. Rheims is safe apparently for the time beingy and a continued aliled advance between the Alsne and Marne will compel the German crown prince to withdraw his armies along the Marne. Even without a further advance the German position in the triangle is imperiled.

Berlin has not reported fully on the fighting. Its brief statement on Thursday night said that the aliled attack had resulted in the capture of 'some ground." It added that German reserves had been thrown into the conflict.
