McNEAL, BATTERED BY LYNCHING, DEFILES LAW IN THE OLD TOWN OF ST. MARYS

TERMS OF ARMISTICE HAVE THE APPROVAL OF BRITAIN AND ITALY

Announcement By Bonar Law on Adjournment of Commons — Pledges That There Will Be No Intervention Against Russia Without Parliament's Consent— Speaker Empowered to Summon House if Required— No Announcement on Irish Question.

London, Aug. 16.—The house of commons tonight without division agreed to the motion of Andrew Bonar Law, the government leader, adjourning the house until October 19, but empowering the speaker to summon parliament earlier should public interest demand it. This and Mr. Bonar Law's undertaking that in event of Russia's armistice terms to Poland being materially altered the government would take no action without consulting parliament, met the opposition's objections that the country should not be committed to any intervention against Russia without the consent of parliament.

Mr. Bonar Law confirmed that the armistice terms to Poland as announced by Russia had the approval of both Great Britain and Italy, and said that if they were sincerely adhered to, Great Britain would not interfere between Poland and Russia. Little interest, owing to the lack of news from Minsk, where Poles and Bolshevik emissaries are conferring on the question of an armistice and peace.

Telegrams in the newspapers recently, considered by some to have been inspired, had led the public to expect some new declarations of policy toward Russia by the premier or Mr. Bonar Law on the lines of Dominion home rule, but this expectation met with disappointment. Mr. Lloyd George confined himself to repeating his previous offer of indirectly, and part of Ireland from the United Kingdom, and that the government would not agree to anything that would involve any restriction of the security of the British Isles or of their safety in case of war.

This guarded statement, although announced in the policy, will probably be interpreted as an invitation to continue outside discussions of Dominion settlement, which have made such unproductive and entirely unproductive support in hitherto antagonistic quarters.

Premier's Praise of Home.

"St. Mary's is St. Mary's still," said Hon. Mr. Meighen, who closed the close of his address. "It is the old family home and with it are associated memories that can circle round no other place in the world for me. This is the home of my parents, the last to fade from the mind; the home of earliest friendships, the most sacred and the most precious of all the home around which revolves the memory of brothers and sisters now very far away, and whose generation that is gone forever. In the two score and more years since I left this place an hour ago, time has done its work. The furrow it has plowed has been deep and the mark it has left lasting. But I love not love that alters when it alters finds."

Speakers of Afternoon.

Speakers of the afternoon, besides the premier, were Mayor Brandon and President F. G. Sandercock of board of trade, who presented the civic welcome, followed in a golden key, Rev. D. J. Egan of Stratford, a school teacher, a Baptist of London Collegiate staff, who taught Arthur Meighen in St. Mary's; Hon. Peter Smith, a socialist, M.P. for South Perth, and Major H. M. Mowat, M.P., Parkdale.

Telegrams of Regret at Inability to Attend.

Telegrams of regret at inability to attend were received from O. L. (Roy) Hudson and Hon. W. L. King, who were in the town of St. Mary's.

Major Mowat to Stick to National Anthem.

Major H. M. Mowat, M.P., Parkdale, in a brief address, rippling with humor, proved instantly popular with the audience. His principal serious statement was to the attitude of the Liberal Unionists in the house of commons.

"A statement has been made in the press," he said, "which tends to repudiate it, that Mr. Meighen has been trying to bring the Liberal Unionists into the Tory fold. Since we lined up with the Conservatives we have had nothing but generosity and courtesy shown, and not a word said indicating any desire that should change our ideas. There has been a little cackling and also some sneering and sniggering in the city of Toronto. For my part I am going to follow Hon. Mr. Meighen for the rest of this parliament, at any rate."

GERMANY AGAIN ENTERS A PROTEST

Objects to Cutting Off East and West Prussia From the Vistula.

Berlin, Aug. 16.—On receipt of a note addressed to the president of the German peace delegation in Paris regarding boundary demarcation in the West Prussian plebiscite area, the German government has instructed its representatives in London, Paris and Rome to present a note to the supreme council and to the governments in the capitals named, in which protest is made against cutting off east and west Prussia from the Vistula, according to a semi-official communique published here today. The note concludes: "The government herewith solemnly makes protest against the decision of the supreme council, which must recognize the assumption of any responsibility for the consequences that will necessarily ensue from the decision, it cannot recognize the decision, which is incompatible with the provisions of the peace treaty. "The decision is in serious violation of the right of self-determination of peoples as it is of the economic and geographical necessities of the country."

HERE AT LAST.

A delayed shipment of Men's Straw Hats, that should have been here in May, was just received at Dineen's today. They are all the highest grade of English sailors, in the very latest London styles, and, on account of the delay, will be sold at half price—\$3.00. Every hat in this shipment is cheap at \$4.00. This means a serious loss to the Dineen Company, which is the result of the congestion in the shipping office in England. Dineen's store is 140 Yonge street.

POLES AT MINSK CURZON ANNOUNCES

London, Aug. 16.—Announcement that the Polish and Russian armistice and peace delegates had met at Minsk was made by Earl Curzon, secretary for foreign affairs, in the house of lords today. Negotiations were doubtless proceeding, he added.

DEMANDS OF MINERS FOR HIGHER WAGES CAUSE A DEADLOCK

Operators Reject Their Proposals and Miners Turn Down Offer of Owners. TRYING SETTLEMENT

Cleveland, Aug. 16.—Members of the joint scale committee of the central competitive bituminous coal field were deadlocked tonight after the operators had refused the miners' demands for increased wages and the miners, in turn, had rejected a counter proposal of the operators and a joint sub-committee, appointed to consider the situation, adjourned after a three-hour session without reaching any agreement. The miners on Sunday presented a demand for a \$2 a day increase for day and month laborers and a ten-cent a month increase for pick and machine mining.

In their reply today the operators offered to correct the seeming inequality of the award of the bituminous coal commission last March, under which the pick miners were advanced \$2 per cent, over the then existing contract, and the day and month men were given an advance of but 20 per cent, by advancing the wages of the latter to the level of the equivalent of the pick miners' advance. The operators, however, refused to consider any other demands made by the miners, including the 10 cents per ton asked for pick and machine mining.

On receipt of the operators' proposal the miners promptly rejected it, and a sub-committee of the joint scale committee was appointed to try and reach a settlement.

After adjournment tonight members of the sub-committee said there was little to indicate any immediate settlement of the matter.

It became known today that the federal government is watching the developments regarding the possibility of any strike action by the miners.

REQUEST BRAZEN, DECLARES MAYOR

His Worship Will Personally Argue Against Higher Telephone Rates.

Mayor Church will move at the meeting of the board of control tomorrow that the city take an appeal to the governor-general-in-council against the proposed increase of rates of railway and telephone rates in Canada, and that the government be asked to deal with the question as a matter of policy. Applications of the railways for 40 per cent. increase of rates is now before the railway board and notice has been given by the Bell Telephone Company that they are applying for increases running up as high as 45 per cent. for flat rates and perhaps 100 per cent. business phone service. "I intend to go to Ottawa and argue this appeal before the cabinet myself," declared the mayor.

Mayor Church said he very much regretted that the province which had supplied the bulk of the aid to build three transcontinental lines, where one would have done, was not represented when the railway rates issue was being argued before the railway board. Ontario had given \$22,000,000 in cash and \$122,000,000 in credits to build the South Sea bubble, known as the G.T.P., and now (Continued on Page 2, Column 6).

BEATTY CAUTIOUS OVER NEW STATION

C. P. R. President Says An- nouncement May Be Made in Near Future.

The date of the opening of the new union station is not yet determined, according to President E. W. Beatty of the C.P.R., who was in Toronto yesterday.

Mr. Beatty stated that his visit concerned mere matters of routine business, and was not to be taken as significant of the opening of the new station at an early date. An announcement in this regard might, however, be made in the near future, he intimated, but he expected in the comparatively near future from Superintendent Kelly of the Toronto Terminals.

President Beatty has not yet taken his annual western trip, and was unable to speak from personal knowledge in regard to crop prospects. He believed, however, that a fully average yield was to be expected, and stated that both the C.P.R. and Canadian National Railways were better equipped this season than ever before for the moving of the grain.

WINNIPEG CAR MEN VOTE ONE BIG UNION

Winnipeg, Aug. 16.—Eighty-three per cent of the members of the Street Railwaymen's Union have voted to join the One Big Union, according to an announcement today by C. A. Tanner, president of the union.

The announcement follows a referendum submitted to the rank and file of the Winnipeg Electric Street Railway Employees' Union.

A change from independence to One Big Union, it is stated, will offset a change of leadership.

TRADE IN WHEAT FUTURES TOMORROW

Winnipeg, Aug. 16.—The council of the Winnipeg grain exchange, at a meeting held this afternoon, decided to open the wheat market for futures on Wednesday next, August 18. The decision was reported to open both October and December wheat. Trading in wheat futures was suspended on May 14, 1917.

PRICE OF WHEAT.

Chicago has put down the price of wheat again. December delivery, quoted at \$2.42 Saturday, was \$2.35 yesterday.

BITTER FEELING BEING AROUSED BY TWO KILLINGS

Death of Boy and Alleged Execution of Man in Ire- land Responsible.

DRAGGED FROM HOME

Dublin, Aug. 16.—The success with which "Republican" volunteers maintained order in Dublin Sunday night when they were warned of the possibility of trouble, and the way they endeavored to protect the soldiers and disperse crowds Saturday night is taken as evidence that Saturday's disturbances were not part of the Sinn Fein campaign but were caused entirely by a mob aroused over the killing of a boy named Farrell in the recent riots in this city.

This bitterness, it is the general belief, will be increased by the events of the week end, the worst of which, in the eyes of Irishmen, was the killing of Patrick Lynch on Saturday night. According to the evidence of the soldiers, Lynch was dragged from his house by soldiers and later was found at the roadside. Another witness says he heard soldiers cry "halt." He then heard shots and saw a man being dragged away.

There were disturbances at Limerick, following the shooting of a policeman, which, the police charge was done by a civilian. Others, however, declare the shooting was accidental. Civilians allege that the subsequent events, including the burning of several buildings, were part of the police reprisals campaign.

News alleging that hunger-striking Sinn Fein prisoners are being allowed to die is also arousing the people.

TWO BOYS DROWN IN RIDEAU CANAL

Three Lads Pushed Into Water by Older Ones—Mother of One Victim is Visiting in Toronto.

Ottawa, Aug. 16.—The police are investigating the deaths by drowning of two six-year-old boys, William Ogilvie and Earl McKinnon Henderson, which occurred in the Rideau canal this afternoon. A third boy, who was rescued, Russell Henderson, states that some older boys approached him at distances varying from 15 to 20 miles from the capital; the right wing commands the valley of the upper Bug. Both on the right and the left wing it is the Poles who have taken the initiative in the operations.

The Bolshevik forces, which had crossed the Bug between Hrubieszow and Wlodawa, have been thrown back on the right bank. On the left wing, the Poles, starting from Modlin, have made a successful attack in the direction of Mlava. Thanks to this operation, the positions of the Poles occupy the fork of the Narew and Bug rivers, which constitute the key defenses of Warsaw, are now better protected from a flank attack threatened by the Bolshevik forces on the northwest.

In the centre, on the lower Bug, all attacks delivered by the enemy have failed to approach nearer the Warsaw forts, were repulsed with heavy losses.

Red cavalry continues to dominate along the old Polish-Prussian frontier without opposition from the Poles. This operation is not connected with the battle along the Bug, and cannot have any influence on the issue there, even should the Bolshevik throw in.

HON. SIDNEY FISHER SUFFERED A STROKE

Sherbrooke, Que., Aug. 16.—(Canadian Press)—The Hon. Sidney Fisher, former Dominion minister of agriculture, lies at his home in Knowlton in a rather serious condition. A few days ago he suffered from a stroke, and as a consequence became very weak. The latest reports from his home are that a gradual improvement in his condition has taken place.

MANITOBA REFERENDUM OCTOBER TWENTY-FIFTH

Ottawa, Aug. 16.—(Canadian Press).—Monday, Oct. 25, has been named for the referendum on the proposed importation of liquor into the province, under the amended Canada temperance act. The proclamation to the effect is published in the Canadian Gazette. The vote, it is provided, will be announced on Friday, November 5.

WILDEST CLAIMS MADE BY AGENTS TO LURE PUBLIC

Assets of Old Colony Ex- change Company Amount to \$11,081.

PONZI OWES \$5,000,000

Boston, Aug. 16.—Uncovering of some of the assets of the Old Colony Foreign Exchange Company was one of the developments today in the federal and state investigations of financial concerns promising abnormally large returns to investors. Three officers of this company are in jail and one of its agents is at liberty under bonds on charge of larceny.

Albert Hurwitz, assistant state attorney-general, unearthed the assets, consisting of cash and cheques to the amount of \$11,081, which he took over from the company. He found \$9,928 in cash belonging to the Foreign Exchange Company. The remaining \$1,153 in cash and cheques he obtained at the office of J. F. McCuen, a sub-agent for the company. At this office he seized a quantity of books and papers, which he turned over to the police as evidence.

Assistant Attorney-General Jay Benton made public today some of the wildest claims made by the company's agents to lure the public.

"A TERRIBLE STATE OF AFFAIRS"

The High Constable Helpless to Regulate the Disorders on County Roads.

High County Constable Phillips of York County is at a loss as to what action he can take to rid the roads leading into Toronto from the county of the number of intoxicated drivers of motor cars and those who are using their cars for purpose of conveying liquor from his cache to the buyers.

"I am well aware of the terrible condition of affairs," he told The Telegram today with reference to an editorial on the subject in a morning paper. "But what can we do?" he asked.

"The county police force cannot cope with the situation and even the constable Phillips in an editorial in yesterday's morning's World, Mr. Phillips admits, "the terrible condition of affairs," and more or less, like Hon. Mr. Drury, he said, "But what can I do?" And then he goes on to say it would be "awful" if he had to increase his force with motorcycle cops, as he says, "an army of men!"

Let Mr. Phillips get off his high perch and come down to facts. The World begs to say to him that if he will engage five Ford cars (and he can rent them at a reasonable figure) and put two live constables in each car, one a driver and give them flashlights, and put them out on the roads in York, Scarborough and Etobicoke, he will clean up the disorderlies in one week.

It is all very fine for High Constable Phillips, who ought to be paid a good salary for the work he does, or is supposed to do, to say that the citizens ought to do constables' work and bring in the numbers borne by the cars that contain disorderlies.

TORN FROM TOWN HALL BY MOB McNEAL'S APPEAL SAVES HIS LIFE AFTER WILD SCENE IN THOROLD

Crowd of Thousand Men, Maddened by Murder of Child, Beleaguers Town Hall for About Eight Hours and Finally Sets Fire to Building and Drives Out Police—McNeal, After Rough Usage, Speaks for 45 Minutes, and Relenting Crowd Allows Him to Be Removed to Welland Jail.

Thorold, Ont., Tuesday, Aug. 17.—(1:05 a.m.)—After setting fire to the town hall and driving out the police, a mob that had been clamoring for the body of David McNeal, committed for trial yesterday afternoon on a charge of murdering four-year-old Margaret Boucock, got hold of McNeal and proceeded to carry out its threats of lynching. After McNeal had been battered about unmercifully, he was given a chance to speak. He was taken to the steps of the public library building, and before a crowd of nearly 2000 made a plea of 45 minutes' duration, that caused the crowd to relent. He appealed to them as an American who had endeavored to become a good Canadian; held up his love of children, and appealed on behalf of his wife and her widowed mother, and asked them, as Britishers, to give him a fair trial.

Finally the suggestion: "Give him a chance," prevailed. He was turned over to the police, placed in an automobile, and at midnight was on his way to Welland Jail; after several thousand dollars' damage had been caused to the town hall. Every window in the building had been shattered with stones before it was fired.

Thorold, Ont., Aug. 16.—(Canadian Press).—Mob rule and civil authority have been at the point of balance in the town of Thorold since before 4 o'clock this afternoon. At a late hour tonight, a crowd of nearly 1000 people still surrounded the town hall, clamoring for the body of David McNeal, who this afternoon was committed for trial on a charge of murdering four-year-old Margaret Boucock on July 15 last, probably the only crowd believes in the only person who can account for the disappearance of six-year-old Kathleen Beechman, missing since May 24.

Although ordered committed to the county jail, McNeal is apparently no nearer the jail tonight than when the commitment was ordered by Magistrate Munroe this afternoon. The voice of the magistrate was the signal for a rush by a large number of 1500 people who crowded the hall, filling the chairs and others upsetting tables, still others reaching for the prisoner with their fists, several landing blows on his face.

The police were successful in clearing the room, but were not able to move the prisoner from the hall.

An appeal was made to Colonel McCormick of St. Catharines for fifty armed men to escort the prisoner to the jail. The reply was that there were no men, and that Thorold was outside his jurisdiction. Chief Green of the St. Catharines police force was appealed to, but could not spare one man. Captain Vanderhulst of Niagara Falls was asked for a military guard, but none was available.

Mayor Foley and Crown Attorney Cowper, the latter visibly bearing the marks of the one-eyed man, who had been in the court room, decided that nothing could be done but wait for the crowd to melt away or for the arrival of sufficient mounted police. The crowd has given no evidence of melting in numbers or spirit and there are now rumors of an attempt at blowing up the building before morning. If the prisoner is not handed over to the crowd in a reasonable time.

After the court room had been cleared, Chief Mains and Constable McNamara, of the Ontario police, Niagara Falls, held the angry crowd at bay with drawn revolvers at the stairway, while newspaper men and court attaches rubbed some spots that had been received in the onslaught.

Crown Attorney Cowper, who had been hit by a flying chair, had a lump on his head, and received first aid from a press reporter.

McNeal maintains innocence.

While stones were rattling on the town hall floor thru open windows and the police were busy keeping the crowd out of the door, the press had its first opportunity for a statement from the prisoner. To the accomplishment of the yell from the outside, "throw him down," and an occasional rumble of a stone or tin can on the floor, McNeal, quite calm and collected, made his first statement. "I never did that awful thing, I'm an innocent as you are. I always liked little Margaret, and I left her at St. John's Church corner that afternoon." "Is there any truth in the statement that you and Boucock had a row previously?"

"Well, I had a little trouble with her. I'll not deny that, but it was only a neighborly kind of a spat. When the suggested mode of re-

CANADIAN GOVERNMENT BUILDING SIXTY-THREE ADDITIONAL SHIPS

Ballantyne Says He Expects Merchant Marine Will Increase Export Trade Greatly.

Winnipeg, Aug. 16.—Canada's ships, operated under the direction of the Canadian Government Merchant Marine Limited, will prove a highly remunerative investment for the Dominion this year, according to Hon. C. C. Ballantyne, minister of marine and fisheries, who was in Winnipeg today on his way west.

Because of the great increase in shipping, Canada is building 63 additional ships this year, he said.

"These ships will sail all seven seas," said the marine minister, "and we expect them to expand greatly Canada's export trade."

POLES HAVE WON BACK IMPORTANT POSITIONS ALONG THE BUG RIVER

Great Battle Has Just Begun Along Wide Front—Heavy Losses Inflicted on Reds— Key Defences of Warsaw Now Better Protected From Threatened Flank Attack From Northwest.

Warsaw, Aug. 16.—Uninterrupted fighting is going on in the valley of the Bug from its source to its confluence with the Narew river. The great battle, which has just begun along the river, has been marked by appreciable advantages for the Poles. They have inflicted heavy losses on the enemy, and won back important positions.

In Galicia, the Poles, without pressure from the Bolsheviks, have withdrawn to the line of the Bug.

The forces defending Warsaw are now grouped as follows:

The left wing, resting on the forts of Modlin (Novo Georgievsk), holds the line of the lower Narew and Bug, the centre, protected behind by the outer forts of Warsaw, occupies positions situated at distances varying from 15 to 20 miles from the capital; the right wing commands the valley of the upper Bug. Both on the right and the left wing it is the Poles who have taken the initiative in the operations.

The Bolshevik forces, which had crossed the Bug between Hrubieszow and Wlodawa, have been thrown back on the right bank. He found \$9,928 in cash belonging to the Foreign Exchange Company. The remaining \$1,153 in cash and cheques he obtained at the office of J. F. McCuen, a sub-agent for the company. At this office he seized a quantity of books and papers, which he turned over to the police as evidence.

Assistant Attorney-General Jay Benton made public today some of the wildest claims made by the company's agents to lure the public.

"A TERRIBLE STATE OF AFFAIRS"

The High Constable Helpless to Regulate the Disorders on County Roads.

High County Constable Phillips of York County is at a loss as to what action he can take to rid the roads leading into Toronto from the county of the number of intoxicated drivers of motor cars and those who are using their cars for purpose of conveying liquor from his cache to the buyers.

"I am well aware of the terrible condition of affairs," he told The Telegram today with reference to an editorial on the subject in a morning paper. "But what can we do?" he asked.

"The county police force cannot cope with the situation and even the constable Phillips in an editorial in yesterday's morning's World, Mr. Phillips admits, "the terrible condition of affairs," and more or less, like Hon. Mr. Drury, he said, "But what can I do?" And then he goes on to say it would be "awful" if he had to increase his force with motorcycle cops, as he says, "an army of men!"

Let Mr. Phillips get off his high perch and come down to facts. The World begs to say to him that if he will engage five Ford cars (and he can rent them at a reasonable figure) and put two live constables in each car, one a driver and give them flashlights, and put them out on the roads in York, Scarborough and Etobicoke, he will clean up the disorderlies in one week.

It is all very fine for High Constable Phillips, who ought to be paid a good salary for the work he does, or is supposed to do, to say that the citizens ought to do constables' work and bring in the numbers borne by the cars that contain disorderlies.
