Three Satteries Complete.

All the men of the three batteries of the 4th Artillery Brigade are now in camp. The third battery, which is now up to strength, is composed of men from Toronto, Hamilton and Brantford, and is under command of Major L. E. W. Irving, D.S.O. of Toronto. This city supplied about 70 members for this battery. Artillery practice with the 12-pounder guns will be held along the lake front soon. Later on the batteries will be equipped with 13-pounders.

Board of Examiners.

A board of examiners for field officers and captains (cavalry) will assemble in the dairy building at 9 a.m. on January 4, with Lieut.-Colonel W.C. W. Chadwick, commander of the Mounted Rifles Regiment, as president, and Lieut, Colonel H. D. L. Gordon, and Major W. W. Denison of the Mounted Rifles, as members.

More Men Cut Off.

An additional list of men discharged from the first contingent, and notice that these soldiers were not to be permitted to join the second contingent, was issued yesterday to officers commanding units. The order stated that sixteen of the men had been struck off for medical unfitness, two because they were "not likely to become efficient soldiers." and two for misdemeanors. Two more men have been discharged from the Exhibition Park Camp. One was under age and the other had not his parents' consent to join.

To Write Letters.

Rev. Canon Jarvis is organizing a soldiers' correspondence league to send letters to members of the Toronto district second contingent and other detachments. The number of men in any one battalion to whom this arrangement would be a boon would not be excessive, and the extra work entailed would be amply repaid. Canon Jarvis says that no time should be lost in the formation of a central organization to complete arrangements on behalf of such correspondence. Canon Jarvis says co-operation must be established with the postal officer attached to each corps.

A Christmas Gift to Canada

Why not contribute to the happiness of the whole Dominion as well as to that of a few of your friends, this Christmas?

The very best Christmas gift you can give to the man who is out of work is a job. Sticking to "Made in Canada" goods will give jobs to a lot of Canadians.

It's easier to confine your Christmas shopping to "Made in Canada" goods than your everyday purchases. From time to time you are bound to need something that cannot be obtained of Canadian make, but if the Christmas gift you have in mind is not "Made in Canada," remember there are plenty of other things that are, that will make just as suitable a gift.

The happiness of a great many Canadians depends on the busyness of Canadian factories.

You can keep them busy by making this---
