BASE-BALL — THE RING — AQUATICS
ATHLETICS — THE TURF — WRESTLING

PORTLAND'S GOOSE-EGGED CLIPPERS

The Score Was 8 to 0 on the Every Day Club Grounds Last Evening--Murphy Pitched Great Game.

The Portlands administered a smashing defeat to the Clippers in a game on the Everyday Club grounds last evening, winning by the score of 8—0. Murphy's star pitching was largely responsible for the victory of the North End team. He allowed but one single made by McBrine and had a large number of strikeouts. McBride, for the Clippers, failed to hold the Portlands down and they batted the ball for all it was worth. The Portlands are now in second place and are still looking forward to the championship.

The score by innings was:

	1	2	3	4	5	
Portlands	1	0	2	2	3	— 8
Clippers	0	0	0	0	0	— 0

EXMOUTHS AND CLIPPERS WILL MEET THIS EVENING

The Exmouths and Clippers will meet to-night in the St. John League, on the Every Day Club grounds. As these teams are pretty evenly matched, a fast game may be expected.

SIXTY-THREE STRIKEOUTS

In Nineteen Inning Game---Remarkable Ball at Kemptville, Ont.

Kemptville, Ont., July 7.—The Oxfords of Kemptville were again victorious in the Ottawa Valley baseball series, when they defeated the Carleton Place nine at Kemptville by four to three.

The game was the longest on record in the history of Kemptville baseball, there being nineteen innings. The pitching on both sides was nothing short of phenomenal, sixty-three men being struck out at bat, of which Callaghan, Kemptville's pitcher, is credited with thirty-three, and Ashton, Carleton's pitcher, with thirty.

After the sixth innings not a Carleton man reached the home plate, while the Oxfords were successful in getting only two men home. From the second to the nineteenth the Oxfords had ten men left on bases, Carleton Place thirteen.

Six men got to first on balls.

Only two long hits were made, a three bagger by Bradford of Carleton, and a two bagger by McPherson of the Oxfords.

The Young People's Society of Christian Endeavor, of Tabernacle church last night elected officers as follows: R. B. Addison, honorary president; Edgar Campbell, president; Miss Dora Belyea, secretary; Robert Coggan, corresponding secretary; Miss Mary Patterson, organist; Miss Beyea, assistant organist and Miss Little, treasurer. A. D. Williams, graduate of Bangor Theological Seminary gave an address on Christian Endeavor work.

Morning Cough, Bad Breath.

Miss Counter, of Windsor, Ont., says: "I contracted a heavy cold that settled on my lungs and resisted all treatment. After I had tried several doctors here and specialists in Detroit without benefit I went to my druggist, Mr. D'Avignon, and asked him for the best remedy he had for cold on the lungs. He recommended Catarrhozone which cured my cold in one week. It brought back my voice, and I have ever since been free from my old trouble. For coughs, colds and lung trouble I am sure that Catarrhozone is the best remedy. It goes right to the spot, gives quick relief and makes a lasting cure."
(signed) M. Counter.

Get Catarrhozone today and you'll be cured—all dealers sell it. 25, 50c. & $1.00. The latter size being guaranteed.

MURPHY--GOODMAN BATTLE TONIGHT

Jim Barry and Jim Flynn Tomorrow--Unholz After the Battler --Other Ring News.

Boston, July 7.—Now that the smoke of the big battle has cleared away, the lesser lights will occupy attention for a while. New York holds the centre of the stage this week, and has two bouts scheduled that are of importance to the contestants.

Leach Cross, a lightweight who bids fair to make a name for himself, meets Charley Griffin, the Australian lightweight, for a six-round battle. Summing up Griffin's record, he appears to have the best of the matter, and his initial appearance is awaited with much interest. Should he dispose of Cross, he will have accomplished a big task for a starter, and it will give him prestige for future engagements. To-night Tommy Murphy who is to meet Rudolph Unholz at the Armory A. A. July 28, faces Jack Goodman for a six-round bout. Murphy has gradually overcome the sickness that he has been afflicted with for some time (chills and fever), and is reported to be in the finest condition of his boxing career. Goodman is a hard customer to dispose of, but encouraging reports from his training quarters make Tommy's chances bright.

JIM BARRY AND JIM FLYNN.

Jim Barry and Jim Flynn, heavyweights, are down to battle at Denver next Wednesday night. Barry is an outer, and you never can tell when he is going to box right. Against Flynn he ought to do pretty well. He has Teddy Murphy to handle him. As Flynn is the same kind of a boxer it is a toss-up which will win.

Willie Lewis has a bout on for Friday night, facing Mike Donovan of Rochester. Donovan is a good man, and has boxed about all the best men in the welterweight division, holding his own against them. Lewis is a trifle too fast for him, but while he may outpoint Mike. He will have to use all his ring craft.

Battling Nelson's victory over Joe Gans emphasizes the ability of Rudolph Unholz. The latter is credited with besting the Dane in a 10-round bout at Los Angeles. Unholz unquestionably had the best of the contest, as every report showed he had Nelson in straits throughout the bout.

BOER BOXER LOOMS UP.

Now that the Battler has won from Gans, the Boer boxer looms up as a logical candidate for a chance at the championship. Unholz has Tommy Murphy to dispose of, a feat he is confident he will accomplish at the Armory A. A. July 28th. He is due to arrive in Boston during the present week, and will immediately go to Northboro to train.

Kid Abell, who was sparring partner for Bat Nelson for awhile, is seriously ill at a New Jersey hospital.

Billy McCarthy, once a tough fellow in the middleweight class, after an absence of 10 years has returned to Australia. McCarthy was one of the old-timers of the days of LaBlanche the Marine and Jack Dempsey.

At Bar Harbor last Friday night, Tim Sullivan, the Newburyport middleweight, had all the best of his six-round go against Jim Flynn. The pair are to be matched again.

BOUTS FOR THE WEEK.

Tuesday.—Tommy Murphy vs. Jack Goodman, at New York.

Wednesday.—Charley Griffin vs. Leach Cross, at New York; Billy Glover vs. Harry Scrogge, at New York; Johnny Marto vs. Amby McGarry, at New York; Jim Barry vs. Jim Flynn, at Denver, Col.

Thursday.—Bouts at the Broadway A. C., Philadelphia.

Friday.—Willie Lewis vs. Mike Donovan, at New York; Bert Keyes vs. Jimmy Murray, at Colma, Cal.

KRAMER MAKES NEW TRACK RECORD

10 Miles in Vailsbury, N. J., in 21 Minutes, 50 Seconds--- Good Day's Racing.

New York, July 7.—Frank L. Kramer won both of the professional races Sunday afternoon at the Vailsburg cycle track in Newark, making a new track record in the 10-mile event. W. S. Fenn of Bristol, Kramer's team-mate several years ago, when Iver Lawson was Kramer's hardest opponent, made his reappearance after several years' absence from the track, but the best he could do was to finish fourth in the two professional contests. Hill of Boston and Stein of the Empire City Wheelmen disposed of Magin and Smith without much trouble in the deciding heat of the amateur tandem race. Zanes and Beyerman defeated the Vanden Dries brothers in the heat to settle third and fourth places.

SUCCESSFUL FISHERMEN

E. L. Rising has returned after a successful fishing trip to the Adogwaasook fishing club, on Tweedieb rook, bringing with him sixteen trout, weighing from one and a half to three three-quarter lbs. He was the guest of his nephew, E. W. Givan, of Moncton, who took his automobile from there, the ride being seventy-seven miles, by way of Shediac, Buctouche and Richibucto. He says the members of this club are royal entertainers and are justly proud of their club house which is fitted up with all modern conveniences, including acetylene gas plant. J. Little, the genial man in charge makes visitors at home, and puts up a meal equal to a first class hotel.

FOUR RECORDS HELD BY TWO BROTHERS

Bartels Boys of Denver are Great Swimmers--50 Yards Junior and Senior 100 and 220 are the Distances.

Four swimming records in one family would seem to be almost more than that family's share, but when Norman A. Bartels recently swam 50 yards in the Denver Y. M. C. A. plunge in 27 seconds, he and his brother Harlon counted up and found they held that number between them.

In 1906 the brothers journeyed to St. Louis to take part oin the A. A. U. aquatic meet, and although they left Denver unknown they returned famous and bringing with them the record in the 50-yard junior event, which Norman made in 29 4-5 seconds, a record nearly two seconds faster than the intermediate record of today, 31 2-5 seconds, and the records in the 100 and 220 yard intermediate events, which were made by Harlon in 1m. 11 2-5s. and 3m. 2s. respectively.

The remarkable part of the affair is the fact that both boys learned the art of swimming in Colorado, where they were confined almost entirely to the accommodations furnished by sanatoriums and the plunges of private clubs. Both were born in Denver. Harlon is 21 and Norman 18, and both have spent all their lives in Denver.

They keep in constant training by using the Y. M. C. A. and Denver Athletic club plunges in the winter, and the larger pool at Eldorado Springs, Col., in the summer. They hope to be able to push Champion Daniels in the senior events at this year's A. A. U. meet, and declare they have covered the distance in less time (unofficial) than his records.

Their family is socially prominent in Denver.

TODAYS PROGRAMME FOR SACKVILLE MEET

The Sackville races start today. The following is the first day's programme:

FIRST DAY, JULY 7TH.

Purse No. 1. Class 2.20, Trot and Pace.
Buchanan, 2.21¼, Frank Boutilier.
Otto Oaks, 2.21, Geo. W. McKnight.
Daisy Wilkes, 2.20½, Hugh O'Neil.
Claudia Hal, 2.20, Geo. W. Fenwick.
Miss Cadmos, 2.19 3-4, Sp'hill Stables.
Cacil Mack, 2.22½, L. B. C. Phair and Kenneth Allen.

Purse No. 2. Class 2.30, Trot and Pace.
Earl Gray, Geo. Lawrence.

The officials for the meeting will be: Starter, Mr. Frank Power; judges, Messrs T. A. Linton, Truro, Jesse Prescott, Sussex, and W. E. Wilson, Moncton; timers, Messrs Robert Lamy, Amherst, A. L. Somers, Springhill, and Dr. J. O. Calkin, Sackville.

PERSONALS

Among Canadians registered at the High Commissioners' office, London, during the week ended June 22, were W. L. Robson, St. John; G. R. Rogers, Paul Benoit, Miss B. Warren, Sussex; F. Elsie Jardine, Fredericton.

Mr. and Mrs. E. Tiffin announces the engagement of their daughter, Miss Adele, to E. O. Schleuter, of Preston (Ont.). The marriage will take place quietly, early in September.

Dr. G. R. Parkin is on his way from England to Quebec.

Rev. Dr. Phillips, of Jacksonville, arrived in the city yesterday.

Miss Winnifred L. Mallory, graduate of the Lowell Hospital, Lowell, is spending the summer at her home here.

Rev. Dr. Lindsay Parker has arrived here from Brooklyn.

Mr. and Mrs. James F. Robertson and Miss Hooper have gone to the Upsalquitch on a fishing trip.

Mr. and Mrs. A. P. Macintyre have returned after their wedding tour.

Mr. and Mrs. George Ingram came home yesterday after their wedding tour.

The marriage of Miss May Fanjoy, daughter of W. T. Fanjoy formerly of St. John, to Harry H. Jost, of Sydney, is announced to take place in Sydney, on July 15.

Miss Mabel Duffy, of Sussex, spent Sunday as the guest of Miss Ada Currie.

James Gordon, of Rexton, was registered at the Dufferin yesterday.

J. D. Weldon, of Shediac, is at the Royal.

W. C. Casey, of the I.C.R., came in from Moncton yesterday. He has lately been in charge of the Halifax office.

Miss Alberta Jamieson, B. A., of Moncton and Miss Winifred Barbour, of Albert County, came in on the C. P. R. yesterday from Calgary, Alberta, to spend the vacation at their homes. They have been teaching in the west and will return after the holidays.

BITTEN BY DOG

Yesterday afternoon about 4 o'clock as James N. Rogers, of Castle street was walking along Brussels street near Harrigans alley he was attacked and bitten by a dog. He did not know the owner of the animal nor could he learn after diligent inquiry.

Mr. Rogers drove to Dr. Corbett's office where the wound was cauterized. The police have been notified.

To stop any pain, anywhere in 20 minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—Blood—pressure—that is all. Dr. Shoop's Headache—or Pink Pain Tablets—will quickly coax blood pressure away from pain centres. After that, pain is gone. Headache, Neuralgia, painful periods with women, etc get instant help. 20 Tablets 25c. Sold by all Druggists.

LONDON PAPERS LAUD CANADIANS

Papers Enthusiastic Over the Remarkable Work of Canadian Athletes.

Montreal, July 6.—A special London cable says: Kerr's running at the A. A. A. championship has astonished the critics. Some press opinions follow:

Leader—"We have nothing to touch him on this side at the respective distances."

Graphical News—"One of the finest sprinters seen in years."

Mail—"The best American sprinters will find it difficult to beat him."

Express—"Under favorable conditions he will improve his present time."

Chronicle—"An ideal sprinter. Also a magnificent runner for a furlong."

Mirror—"Almost certain to secure Olympic honors."

Referring to Archibald, The Telegraph's expert says: "Soderstrom had the misfortune to meet a pole jumping phenomenon the like of which jumping never has been seen before. Levering his pole by tremendous forearm shoulder power, he takes a flying leap at the bar which it is mere mildness to describe as intrepid. There is really no responsible limit to the height he may clear."

Lord Desborough in an interview at the Stadium, said that he was afraid that there will be trouble about Tom Longboat as, said he, the Americans claim that if they compete against him they will be disqualified from competing as amateurs.

The Olympic committee have had no written protest against the Indian but Desborough thinks one will be made. The trouble, however, will not be of the committee's making.

The Americans threaten to withdraw if Longboat be allowed to compete.

The Star's special correspondent in London cables: "I learn, upon further enquiry that the underwriters of Canada's new £5,000,000 loan will have to take 56 per cent. of it.

ST. JOHN SWELTERED YESTERDAY AT 84.5

The Hottest Weather in Many Years Was Experienced.

Not since 1900 has St. John experienced such warm weather as was the case yesterday. To go back further, there has been only one day since 1866 to equal the temperature shown by the thermometer yesterday. The dense fog which covered the city during Sunday night gave way soon under the attacks of the early morning sun and at 9 o'clock the thermometer at the observatory showed 62.9. It grew steadily warmer and at noon 70 was the reading.

The worst was not by any means known, however, though people wending their way to the circus began to writhe under the heat. At 3 o'clock the mercury showed 82.3 and in the next two hours climbed to 84.5, the highest reached in eight years. After that there was a decline until at 7 o'clock the figure was 83.7. At 9 o'clock last night, however, it was still fearfully warm, the mercury showing 80.9.

All these figures are official, but many thermometers throughout the city put them in the shade. For instance a reading of 110 in the sun in Waterloo street is told of. A King street glass at 6 o'clock last night showed 94 in the sun. The humidity yesterday was from 51 to 58 which is not high.

While everybody suffered there is no record of any prostrations because of the heat.

WRIT AGAINST THE ESTATE OF A. G. BLAIR

(Fredericton Gleaner, July 6.)

A writ has been issued against the executors of the estate of the late Hon. A. G. Blair at the instance of Mrs. McLellan, widow of the late Hon. David McLellan, formerly provincial secretary in the Blair government. Messrs. Blair and McLellan were stockholders in the Caribou Gold Mining Co., of Nova Scotia, and finally obtained full control of the same with Mr. McLellan as president. Mr. Blair acted in the capacity of trustee although he had no power from the company to do so. An option for the purchase of the property held by this company was made by the Nova Scotia Mexican and Mining Co. In the meantime Mr. McLellan died and Mr. Blair closed the deal in 1902. Notwithstanding all the purchase money had been paid in to Mr. Blair by Feb. 19th, 1904, the McLellans were never notified of the fact and it was only discovered by a mere accident that their interests in the company of which their late father was president had been completely sold out, and the receipts kept by Mr. Blair. The amount involved is well on to $6,000.

THE NEW Y. M. C. A.

It is hoped, despite some delays which have arisen in connection with the work on the new Y. M. C. A. building, that the association will be installed in their new quarters by September 1. The whole of the interior has now been plastered and putty coated, the furnaces and radiators have been installed, the big swimming bath is tiled and the plumbing for the shower baths is about completed.. Considerable carpentry work remains to be done and it will be some time before the doors, flooring, baseboards and cornices are finished.

L. P. D. Tilley, when asked yesterday, said the association had still some funds in hand but there were several fairly large subscriptions still to come in. Every dollar would be needed to complete the equipment and he hoped those who had not yet sent in their donations would take an early opportunity to place them at the disposal of the committee.

Piles are easily and quickly checked with Dr. Shoop's Hagic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all Druggists.

H. E. Codner, D. D. G. M., of the I. O. O. F. last night installed the following officers of Siloam Lodge No. 29: Edward J. Ross, N. G.; William Shellington, V. G.; George B. Drake, R. S.; H. E. Codner, F. S.; John Jackson, treasurer; Arthur Boyce, W.; D. C. Wetmore, Con.; F. A. Wright, G.; B. E. Mercer, R. S. N. G.; E. A. Wood, L. S. N. G.; Edward Lawson, R. S. V. G.; George A. Stephenson, L. S. V. G.; W. MacBride, R. S. S.; William Roy Green, L. S. S.; Albert Wiles, V. P. G.; C. John Stamers, chaplain.

HELD POLICE UP DURING PRAYERS

Roving American Fanatics in Saskatchewan are Likely to Give Trouble.

Regina, Ont., July 6.—A party of roving Missourians have arrived at Pierson (Sask.), heavily armed, with a mission to free the Doukhobors. There are six men and two or three women in the party. An attempt was made to hold up the invading fanatics. Constables King and Turner of the mounted police rode out today and were threatened with rifles and defied to come nearer, the men saying they would not be taken alive.

After a while the officers convinced the strangers they meant no harm and entered into a conversation. The leader repeated that he was Christ and was going to care for the leaderless Doukhobors. They held a short service wherein all participated. However, they kept the constables covered and, seeing it was impossible to disarm the fanatics without bloodshed and danger to the women, the constables returned and wired to Regina for reinforcements, which will be on the ground tomorrow when they will doubtless be overpowered and disarmed.

A farmer who objected to the taking of his fence posts for fuel, was told the "Earth was the Lord's and the fulness thereof" and that the leader was the Lord and must take the wood.

ADVANCEMENT IN SUSSEX SCHOOLS

Sussex has recently completed the construction of a very handsome, spacious and up-to-date school house. This building has been in the course of construction for over a year, and is a credit to the town, and is one of the finest school structures to be found in the maritime provinces. It will be opened at the beginning of the new term with due ceremony. A committee has been appointed to assist the trustees in the preparation of a programme suitable for the occasion. This building was erected at a cost of $50,040 and is fitted with up-to-date heating, ventilation, plumbing, wardrobes, desks, fire escapes and drinking fountain, beside a manual training and domestic science department.

It may also be noted that the compulsory school law was passed at a recent meeting and Rev. Frank Baird offered his assistance to the trustees in taking a census of the school district. Mr. S. H. White also promised to assist. Work will be commenced at once so that the compulsory law may be put in force after the holidays.

NEW KIND OF BOAT

(Sydney Post.)

A boat without sails or propeller is the invention of a former Cape Bretonian, C. P. Bethune, of Centreville, is now working on in Bristol, England. Mr. Bethune, in a letter to friends, says that he got his idea from the foot of a duck, the contrivance being attached to the bottom of the craft, and worked the same as the above bird's pedal extremities. The inventor claims he can secure as much speed from the new power as by any other, besides it will be free from ice at sea and other obstacles. Mr. Bethune, who is a son of Kenneth Bethune, of Centreville, and brother of Messrs. Kenneth and Edward, also of Sydney Mines, left about five years ago and to-day he is a foreman shipwright in the C. P. R. docks at Avonmouth, Bristol. Shortly after Mr. Bethune's arrival in the old country, he distinguished himself by his daring and bravery in rescuing by means of a life basket many lives from the steamer Glenlivet, which was wrecked off the English coast about four years ago.

The Camper's Schedule

Select the site for your camp. No matter what site you select, you will wish that it had been somewhere else.

Build a bark shanty. Any other kind will lack picturesqueness and refuse to leak.

It will rain the first day you go into camp. It won't be strictly on your account, but you can come in for your whack of enjoyment.

On the second morning there will be a row as to who is to cook, wash dishes and do the drudgery. Hard names and insults will be exchanged.

On the third day it will rain again for a change, and for the purpose of wetting up the flour and the ground coffee. There will be another row as to who is to cut the firewood.

The third day will be a good one for fishing. The camp will be deluged with one small fish—an innocent little bass two inches long that didn't know any better. Rain and hail that night.

Fourth morning dawns with rain. The idea is to keep you in camp and let you give your opinions of each other. The bacon has become rancid, the butter bad and the romance full of ants. Change in the afternoon. That is, it rains harder than it did in the forenoon, with some hail mixed in. The dinner is composed of canned salmon. Usual row later in the evening. Such expressions as "idiot" frequently used to soften the situation.

The fifth morning dawns because it has to. Breakfast of canned salmon. More expressions. Good day for going home. Asudden rush to pack up the damp baskets, kick the remains of the provisions into the water and set the shanty on fire.

Romance ended until another year.
JOE KERR.

A SIMILARITY.

Ebner Wayback — Them mosquitoes makes me think of them city visitors we had week before last.

His Wife—How's that, Ebner?

Ebner Wayback—They come pretty near bein' the worst singers an' the biggest eaters I ever saw.

CARRIED 330 LBS TO WIN $55 WAGER

Italian Fruit Dealer Performs a Difficult Task in the Streets of Toronto.

(Toronto World.)

To carry a sack of sugar weighing 330 lbs. on hs shoulder for nearly a mile!

Such was the feat of endurance which Sam Scoletta, an Italian fruit dealer, set himself to accomplish early last evening.

He finished comparatively strong, though his knees were wobbling on the home stretch, and won a wager of $55 which Salvatore Badali, 28 East King street, had staked against him.

Badali is a good sport, however, and seemed even enthusiastic over Sam's success as he surveyed the crowd which followed.

The walk began from the fruit market at the foot of Scott street. Scoletta, who is slight of build, about 35 years of age and weighing 159 lbs., said he could do it with 400 lbs. His fellow countrymen thought he couldn't. The sack of sugar was as near the desired weight as they could get.

He was assisted in getting the sack in place, resting well over the head and shoulders. A small pillow of hay protected the head. His hands held the sack well forward as he started north via Scott and Victoria streets.

A twenty-minute rest en route had been stipulated , but the stop made at Richmond street lasted but eight minutes, and the procession continued north. Three wagons, with interested Italians, led the way and a couple of excited friends walked beside Scoletta to prevent any interference from the crowd.

North of Gould street, west to Yonge and across to Elm, and then proceeding to No. 64 Elm street went the curious procession a crowd of some 300 filling the street.

In the last block or so, Scoletta's friends excitedly encouraged him as he was unable to look ahead at all to see his way.

Then as he crossed, Teraulay street the crowd began to cheer, and as he placed his burden in Badali's wagon he was given a conquering hero's acclaim.

Requests for a speech he modestly declined, but after a minute's rest he sprang into the wagon and proudly surveyed the field.

His time for the distance was given as 23 minutes. The sack bore a card "This man carrying 330 lbs. from Scott-street to 64 Elm street for $55."

GIRL MESMERIZED BY UNKNOWN MAN

Peculiar Story Told by Young Girl in Peterboro, Ont.

Peterboro, Ont., July 6.—Mesmerized while bathing near Jackson Park, Dominion Day, fourteen-year-old Etta Kennedy was thrown into a trance from which she went into convulsions so serious that it was necessary to carry her to Nicholls Hospital. She is still under the strange influence of an unknown man who suddenly appeared from behind some bushes where the girl was bathing with companions.

"We were all having a jolly time," said one of the girls. "It was about 2 o'clock and besides Etta Kennedy, the Cresswell girls and the White girls were there. All of a sudden that awful man looked out from behind the bushes. I can see him yet in my sleep."

"Did you see him make any motion with his hands?"

"Yes, he seemed to move his hands in front of his eyes and Etta just stared him straight in the face. We called on her to come, because we were afraid, but she paid no heed to us."

Answering the man's steady gaze the girl went slowly out of the water though it seemed as though she struggled against the influence. The man tried to get rid of the other children but they refused to go.

Mrs. Dawson, who came along, found the child lying on the bank. She spoke to her, telling her to come to her place. She would not move, but stared with widely open eyes into her face.

After some difficulty Mrs. Dawson got her to her feet, coaxing her to come along. The man persisted in following them despite the fact that Mrs. Dawson told him several times to go. He walked beside the child staring her in the face, and the girl in return vacantly gazed at him. By this time the alarm had spread and several citizens in the vicinity had come out. She was taken to Mrs. Dawson's house in a hammock and medical aid was summoned. She cried in a pitiful manner but was partially unconscious. The only words she would utter were, "I want to go home," and these she wailed incessantly. Dr. Scott soon arrived and she was taken to the Cresswell home in North end.

While in the hammock, Etta lay with the same vacant stare in her eyes, her fists clenched, held out as though fighting off some one. Her teeth were closed tightly. She was ghastly white. No man could go near her. If one went in her sight she would scream violently. At the hospital she became so hysterical that she had to be strapped to the bed. She was in the same condition today.

MILNER AND PREFERENCE

(Toronto News.)

All Canada, and Ontario particularly, watches with keen interest the progress of the fiscal reform movement in Great Britain. Here is the centre of Canadian Imperialism and here no name at any public meeting would evoke more enthusiastic cheering than that of Mr. Joseph Chamberlain. Lord Milner, when he arrives in August, will receive a cordial welcome in Toronto, and indeed throughout the whole country. Next to Mr. Chamberlain he stands to Canadians as the chief figure in the Imperial movement, and naturally they will desire to receive him accordingly. With the advance of the tariff reform campaign in Great Britain interest in a mutual preference revives in Canada and it is certain that no Canadian party, in view of what is happening in England, will venture to seem indifferent to the forces which are making all over the Empire for closer fiscal and political relations.

THE MORNING AFTER.

The window glass is splintered,
The summer kitchen's burned;
The trees are torn and tattered
Where once the pinwheel burned.

The cat is in the woodbox,
The dog has run away;
The parrot hangs its weary head
And feebly says "Hooray!"

The policeman's in the parlor,
And the doctor's in the hall;
The patient may recover,
Though the chance at first was small.

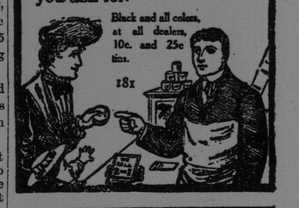
A wise dealer will always show his honest desire to serve you by giving what you ask for.



LUDLOW IS READY FOR REPAIRS AGAIN

She Must be Taken off to Have Her Bottom Painted--Ferry Committee Met Yesterday.

The monthly meeting of the ferry committee was held yesterday afternoon. Ald. Baskin was in the chair and Ald. McGowan, Baxter, Holder, Elkin and Scully were present with the superintendent, director of public works and common clerk.

The superintendent submitted patterns for uniforms for the captains and mates in the service.

The matter was left in the hands of the superintendent on the understanding that the cost did not exceed $14 a suit.

James Burley was granted two days' pay which had been deducted in June during his absence owing to a family bereavement.

The question of repairing the east side ferry house and fitting up new lavatories and heating apparatus was taken up.

This matter was before the committee in October, 1906, when plans and specifications were prepared by H. H. Mott. Tenders were called for and those accepted by the committee amounted to $2,733. The council subsequently decided not to proceed with the work.

After consulting the plans and specifications, on motion of Ald. Scully the committee recommended that the plans and specifications prepared in 1906 should be carried out, that new tenders should be called for, and that the committee be given power to decide what portion should be done by day's work.

The director referring to a recent order of the committee that the board of works should be charged $12 for the use of the ferry for its employes said he considered the amount too high. He suggested that the department should be supplied with tickets to be given out as required.

The chairman expressed the opinion that all civic employes including the aldermen, should have passes.

After some discussion Ald. Baxter moved that on and after August 1 all civic employes who on the recommendation of the executive head of their department and with the approval of the board in whose service they are should be furnished with tickets to be cancelled when used; the tickets to be given up to the gatemen and charged to the service in which the persons using them were employed; the rate chargeable to be two cents a ticket; the tickets to be furnished by the director of each department in such a form as should be approved by the superintendent of ferries. The motion was carried.

Ald. Scully asked why in using the ferry a horse without a team was charged more than one with a team.

Ald. Baxter said it was an anomaly which had existed ever since the Union. At that time the rate for teams was reduced but revision of the rate for a horse alone appeared to have been overlooked.

On motion of Ald. Scully it was decided to make the fare for horse and man six cents, the same as charged for a team.

The superintendent reported that the Ludlow's certificate expired July 27, and that the boat should then be taken off the route to have the bottom painted. He asked if it were the intention of the board to again use Hilyard's blocks.

Ald. Baxter asked if a set of blocks could not be built somewhere.

Various suggestions were made, the most suitable being the slip near the old Market Place and the junction with Prince street, Carleton.

At the request of Ald. Baxter the director said he would look into the matter and report.

Failing a suitable place being found the superintendent was given authority to place the Ludlow on Hilyard's blocks.

In reply to Ald. Baxter the superintendent said nothing but the ordinary repairs would be needed on the Ludlow. He had not yet received a report from the engineer but he believed the machinery was all in good condition.

The committee then adjourned.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Grace—I understand there were 29 June weddings in our church this year.

Harry—No wonder that Jones, the divorce lawyer, owns three automobiles and two steam yachts.

Moving Picture Machines

Edison and Powers, and all standard makes of machines and supplies at lowest prices, ready for immediate shipment, also slightly used films from 3c per foot up. Shipment e prompt, prices right. Write today for price list to Canada's First and Largest Exchange.
