A PLATE YOU CAN BITE WITH HELD IN POSITION BY OUR NEWLY IMPROVED QUADRUPLE ATTACHMENT. People don't want artificial teeth to carry around in their pockets nor keep at home in their bureau drawers. They will know where to find them when the door bell rings. They want teeth for service.

If you have a plate that no dentist has been able to make fit, why not try us, we have satisfied thousands and why not you? Our teeth are so natural in size, shape, color and the expression they afford to the features as to defy detection. EVEN BY A DENTIST unless closely examined.

Our new attachment holds them as solid almost as though they were riveted in the mouth.

**EGGS HIGH AND STILL GOING UP**  
As Much as 50c. to 60c. Per Dozen is Asked for the Really Choice Article.

Eggs at the present time have a soaring tendency, and very fancy prices are the result, as high as 50 and 60 cents being obtained for the really fresh article. In some cases, however, the prices have ranged from 30 to 50 cents. The reason given by one prominent dealer is that eggs were never known to be so scarce, farmers advising that the hens are not laying. There have been three and four days in the week, this dealer said, when he had not an egg in the store. Outside of this, however, it is intimated that there are other and very good reasons for the shortage and consequent high price. It is stated that there is a very large quantity of eggs stored with the New Brunswick Storage Company, as many as 100 dozen a day being put in during May, June and July. These are said to be held by local wholesalers who are holding them for speculative purposes. The local storage officials have declined to discuss the matter at all.

**POLICE COURT**  
In the police court this morning Frank Hennessy, aged 39, was accused of stealing an umbrella from James McDevitt, lying and lurking in the basement of the Opera House and begging money on the street from McDevitt. He failed to recollect committing any of the three offences, and was remanded to jail, as McDevitt, the informant, did not materialize to prosecute.

To Judge Ritchie this morning Hennessy said he was intoxicated last night. McDevitt resides at 25 Long Wharf.

Albert Keda, a Belgian, who was charged with profanity on Sheffield street, last night, was fined \$5 or 30 days.

Policeman Ward testified that Keda complained to him of being deprived of \$25 in a dive conducted by Amelia Francis. Both the officer and the foreigner entered the house, but no evidence was found which would indicate that Keda's tale was true. The latter was thereupon instructed to retire from "smart set" avenue, but instead opened a tirade of invectives with his entire lung capacity. On refusing to check his vile epithets he was taken into custody.

Albert Caswell and Edward Tobin were fined \$4 or 10 days each for inebriation.

William Kennedy, who was reported by the north end police for permitting his bull terrier to run at large unmuzzled, denied that his canine was vicious.

Joseph Carson stated that as a result of a conflict between a dog owned by him and Kennedy's dog, his dog is now at the point of death, with his legs and body badly mangled and has not eaten a particle of food since last Thursday. Another witness saw the melee, but was unable to state which dog was the aggressor. Kennedy agreed to claim his dog hereafter, and as either this means or to muzzle the dog was an acceptable solution of the problem the case stands over until Tuesday.

**THE DOBSON CASE TAKEN OUT OF COURT**

**A Settlement Was Arranged in the Action of Thomas H. Dobson vs. Policeman Harry Steeves.**

The case of Thomas H. Dobson against Policeman Harry Steeves and in which case the name of Chief W. W. Clark figured, was set down for hearing in the circuit court this morning, but was withdrawn from the docket. No reason is assigned for this action by the counsel for the parties.  
The action arose out of a police court case in which Mr. Dobson was arrested for not complying with the policeman's order to "move-on," while standing on Charlotte street. The case was dismissed in the police court, the magistrate commenting rather strongly on the conduct of the police in matters of this kind.  
Mr. Dobson instituted a suit for damages and the chief, after considerable trouble, prevailed upon the common council to defend the suit.  
It is rumored that the city was willing to suffer a judgment in a reasonable amount, but that Mr. Mullin, who was representing Mr. Dobson, refused to consider such an arrangement. The case has, however, been withdrawn, and the persons interested refuse to say for what reason. It is understood that a basis of settlement was reached. Recorder Skinner and J. B. M. Baxter, K. C., represented the defendant.

**EMPRESS HAS A LARGE LIST**

**C. P. R. Liner Sailed This Afternoon With About 1300 Passengers.**

The C. P. R. steamer Empress of Britain sailed this afternoon shortly after 2 o'clock for Liverpool, via Halifax, it being the first outward trip of the present season. The steamer has a large passenger list, there being about 100 saloon, 200 second cabin and 1,000 third cabin, 1,300 in all. A large portion of the passengers arrived in two special trains following the Montreal express and went to Sand Point direct.  
Among the number were a lot of farmers from the west who were going over to the old country to spend the holidays. There are also a number of Chinamen bound for Hong Kong via Liverpool.  
The steamer took away a good general cargo among which was 40,000 bushels of wheat, about 200 barrels of apples, four cars of cheese and 400,000 feet of deal. The passengers who have been in the city for the past few days awaiting the steamer's departure were taken around to Sand Point in a special train that left the Union depot about 9 o'clock. There were ten passenger cars and two cars of baggage.

The Rappahannock is berthed at the west C. B. wharf.

**A SUCCESSFUL FUNCTION**

**Men of St. Jude's Parish Entertained by Church Vestry and Corporation Last Evening.**

The vestry and corporation of St. Jude's church marked out a new line of church work last evening, when they entertained the men of the parish at a supper in the school room. The idea of the gathering was to promote closer acquaintance between the men of the parish and the function was a very pleasant one, that will bear good fruit. After an excellent supper pipes were lighted and the evening given over to entertainment. Brief, pithy addresses were made by Rev. Geo. F. Scoville, W. O. Dunham, Charles Coster, S. M. Wetmore, S. G. Olive, P. W. Wetmore, W. L. Harding, Mr. Smith and others, there were songs by J. A. Coster, Mr. Richards, Mr. Davies and others, recitations by E. R. Ingraham and A. E. McKinley, and an excellent piano solo by Mr. Forrest. As an experiment the affair proved so successful that it was decided to hold another similar gathering in January. All the speakers last evening expressed themselves in favor of developing social intercourse among the men of the parish and it is possible that a men's association may be formed with this object and also to stimulate interest in the church life and work.
