TRADING FAIRLY BRISK ON THE MONTREAL MART

Brazilian Is Leader With Quebec Power Fairly Strong

INDUSTRIALS ARE ACTIVE IN GOTHAM

Various Chemical and Copper Issues Make Good Showing in N. Y.

Canadian Press

MONTREAL, Nov. 9—Trading on the local stock exchange at the opening this morning was fairly brisk with prices revealing an irregular trend. Brazilian led the market, and after opening at 103¼ for a week-end gain of half a point, it eased back to 103 for a net advance of a quarter point. Quebec Power was the strong spot at 173, up one point. Shawinigan lost a half at 267. Steel of Canada advanced a half at 110; Laurentide sold unchanged at 107¾, and Steamships preferred moved forward a quarter at 94¼.

AT NEW YORK

NEW YORK, Nov. 9—Representative rails and industrial shares were in demand at the opening of today's stock market, but with one or two exceptions, initial gains were limited to fractions. Atlantic Coast Line, U. S. Industrial Alcohol, International Telephone and various chemical and copper shares made a good showing.

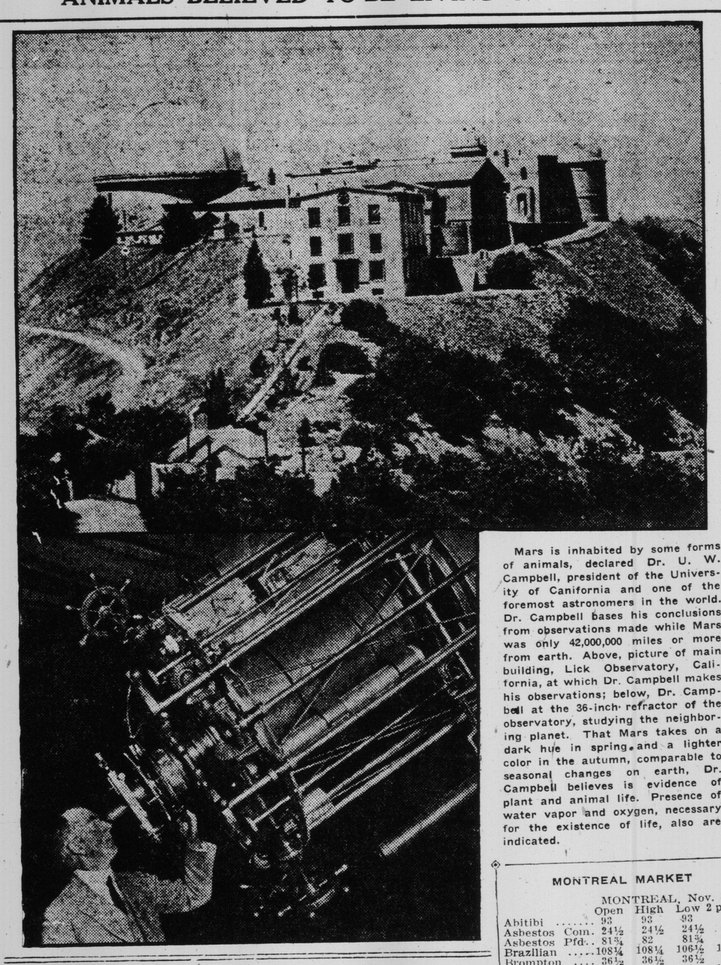
ANIMALS BELIEVED TO BE LIVING ON MARS



Mars is inhabited by some forms of animals, declared Dr. U. W. Campbell, president of the University of Canifornia and one of the foremost astronomers in the world. Dr. Campbell bases his conclusions from observations made while Mars was only 42,000,000 miles or more from earth. Above, picture of main building, Lick Observatory, California, at which Dr. Campbell makes his observations; below, Dr. Campbell at the 36-inch refractor of the observatory, studying the neighboring planet. That Mars takes on a dark hue in spring, and a lighter color in the autumn, comparable to seasonal changes on earth, Dr. Campbell believes is evidence of plant and animal life. Presence of water vapor and oxygen, necessary for the existence of life, also are indicated.

Morning Stock Letter

NEW YORK, Nov. 9—All the rest of the stock market is overshadowed by the strength in U. S. Steel. This stock looks considerably higher. The size and the source of buying indicates that something different is planned towards distributing part of the company's huge asset values to stockholders. We think Steel common can still be purchased. Generally the market is still going up against an over-extended short position. From time to time we look for a great deal of irregularity with some stocks selling considerably lower, but with the main trend, particularly those issues whose purchases we have recently recommended upward. General Motors is one stock which we think may sell lower in the near future despite strength in steel and other industrials. We look for a large extra cash distribution this week, and with the short interest in this issue large, there may be a considerable rally in motors between now and Friday morning. On a rally, though, we would sell long stocks. Consolidated Gas, we believe, will continue to move forward in anticipation of a favorable decision from the Supreme Court before the first of the year, and in anticipation of a possible merger of New York utilities. We continue to look for higher prices in the Northwestern rails and the best oils.

LIVINGSTON & CO.

Current Events

NEW YORK, Nov. 9—Famous Players-Lasky declared regular quarterly dividend of $2.

Cuba directors meet 4.15 p. m.

Electric Storage Battery directors meet for dividend today.

October Steel Ingot output approximated 4,092,658 gross tons, highest since April, against 3,930,675 in September, and 3,881,814 in October, 1925.

Secretary Mellon approves plan for credit of 12½ per cent. on taxes for 1926 income, payable 1927.

American Rolling Mills declared regular quarterly dividend of $1.75.

Pennsylvania Railroad inquiring for 75 passenger locomotives.

National Food Products declared regular quarterly dividend of 62½ cents on class A.

Chicago Northwestern directors meet for dividend at 11.30 a. m.

Miners wages advanced 30 per cent in part of Virginian coal fields.

Coca Cola special meeting stockholders for Nov. 15, to amend articles of incorporation and cancel preferred stock which has been retired.

Loans on stocks and bonds to brokers and dealers by the reporting member Federal Reserve Bank of New York City in week ended Nov. 3, totalled $2,640,3579,000, against $2,602,196,000 in preceding week.

Stock Exchange announces that error made in compilation of loans issue Nov. 4, which showed total was $80,160,000 less than figures given. Revised figures make actual reduction from preceding month $107,760,085.

Twenty industrials 154.78, up 1.75; 20 rails 119.53, up .57; 40 bonds 95.54, off .01.

THERE'S no surer boomerang than slung mud.

Brokers' Opinions

NEW YORK, Nov. 9—Fenner & Beanne—"We look for urgent short covering this week on advancing prices."

Hall & Selgleitz—"Would stick to the seasoned stocks and specialties."

Hornblower & Weeks—"While the industrial share list remains stable, rail-

COMMISSIONER BULLOCK TELLS OF HIS PROBLEM

Continued from Page 9

a bride were built the city might well contribute to its cost.

The motion to make the repairs to the ferry passed.

On motion of Commissioner Wigmore the credit of $1,616.25 in the Newman Brook sewer account was transferred to the Newman Brook deepening account.

Commissioner Frink pointed the necessity of extending the Newman Brook sewer at the westerly end as the fill was almost covering the end of the sewer.

WATER SERVICE

On motion of Commissioner Wigmore the agreement between the city and the department of marine and fisheries for the laying of an 8 inch water main from the Little River reservoir to the brood ponds of the fish hatchery was ordered signed by the proper authorities. It provides that in the case of break in the Loch Lomond main or the falling of the pressure at Little River below a certain point the city had the right to shut off this main without notice.

Commissioner Wigmore was given authority to purchase from James Robertson Co. 400 feet of 24 inch terra cotta sewer pipe at $2.38½ a foot, this being the lowest quotation received, for the Lombard street work, to be paid for by the Canadian National Railway.

Commissioner Frink said that at the council meeting this afternoon he would give notice of motion for the issue of bonds which have before been ordered.

OLD LAW WORTH $100,000

CHICAGO, Nov. 9—An Illinois law passed in 1877 and never before invoked has been dug from the law books and may bring Mrs. Michael B. Aaron $100,000. The law holds that the property of a husband who deserts his family may be confiscated and transferred to his wife.

GERMAN-FRENCH AHEAD

BERLIN, Nov. 9—Harry Horan of the American team of Horan and Horder competing in the six day bicycle race here, surprised the field last night by a sudden terrific sprint by which he gained two laps. Later, however, these laps were recovered by the entire field.

At the ninety seventh hour of the race tonight the German-French team of Junge and Marcillac, was leading with 1,573.5 miles.

road share movements are likely to be into moderately higher levels."

Pyngcheon—"In this mixed market we expect better prices in the oil shares, railroad and copper stocks."

Quickly Relieved by Tanlac

Mother of 7 Children Gets Back Former Vitality and Vigor. Recommends Tanlac to Anyone.

Mme. Henri Scott, 7 Lecavlier street, Montreal, recently said: "For three years condition was such that I had no desire to even do the ordinary household duties. I was troubled with indigestion. Everything I ate formed a lump in my stomach and at times I was unable to hold my food down, and would have headaches that lasted for hours. My nerves were bad and noises would nearly drive me out of my head.

"I consulted a doctor who gave me some medicine which afforded only temporary relief until I was advised by a friend about Tanlac.

"I began taking it and after two bottles noticed a great change in my condition. I can now enjoy my meals and work without any ill effects and the pains in my stomach are gone. I am my old self again and recommend Tanlac to anyone."

Tanlac, nature's own remedy made from roots, barks and herbs, is sold by your druggist.
