Halifax Echo: James Belmont, the man of whom there have been reports to the effect that his wife was in St. John, N. B., was taken to his wife's apartment, said yesterday to the mayor that he was surprised to see the report about him and that he would immediately communicate with his wife. He has been out of work for some time and has been looking for employment. The publication of the report has created an unjust impression of his character.

Before His Honor Chief Justice McKewen this morning an application was made by D. Mullin, K. C., in behalf of George Chatterton for the custody of his children who have lately been with their grandmother in White street. An affidavit was read by W. M. **DR. SPANGLER THE SPEAKER.**  
Halifax Echo: A speaker of rare charm Dr. H. L. Spangler, vice-president of the St. John Rotary Club, who was the headline performer of the "All Rotary" luncheon at the Green Lantern yesterday. Dr. Spangler spoke about the spirit of Rotary, and his eloquence gave animation and interest to a subject that sometimes verges upon being hackneyed. He said that the true Rotarian must place service before self, must put away ancestors and ponder on posterity, must know his neighbor and look always for goodness and gladness. He warned his hearers not to waste time waiting for an opportunity to do something, when the sum of little things was what made life worth living.

**LOCAL RED CROSS**  
At a meeting of the local Red Cross held this morning with the presence of Mrs. Frank S. White, in the chair, a resolution of sympathy in her recent bereavement was passed by the Red Cross. This sum was provided in St. John and a bill was enclosed in each stocking which went to these men. The stockings were provided by the Provincial Red Cross. It was decided that the society should provide for the local military hospitals any requirements in the nature of made up garments.

**POLICE COURT**  
"You must understand he is the head of the house," was the advice given to Mrs. Harriet Bushan by the magistrate in the police court this morning, when she had completed her evidence supporting a charge of non-support against her husband, Philip. The accused said, "Your honor, I am willing to do what is right, but I want my own way in my own house." He left court on a week's probation.

Henry Britney, on suspicion of stealing three pairs of shoes, valued at \$25, the property of W. J. Wiesel, and stealing a pair of gloves, valued at \$3, the property of Harry Earle, pleaded not guilty to the first charge, but admitted the second. Robert Green and Carl Bassen, both in the employ of W. J. Wiesel, identified the shoes and said the accused was a furnace man in the store. Max Lambert and Maurice Finesco told of the purchase of the shoes from the accused in their second-hand store. Detective Biddiscombe gave evidence also. The accused was set up for trial. William J. Merritt pleaded not guilty to being drunk and resisting the police. Detective Saunders told of arresting the accused and said the man struck him in the eye and in the mouth. ## CITY OFFICIALS TO WEST SIDE

Inspection in Connection With Matters between City and C. P. R. Made This Morning.

The mayor and the city commissioners spent nearly all this morning on the West Side investigating matters which have come before the common council recently. In company with J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, and C. C. Kirby, district engineer, they inspected the site of the proposed ramp between No. 4 shed and the immigration building. They also looked over the trestle work and track sections leading to the Sand Point docks, regarding which a change in the agreement between the city and the railway was suggested at yesterday's committee meeting of the council. Both matters will receive further consideration at the next council meeting.

## MR. WIGMORE TO COAST AFTER THE HOUSE SESSION

Likely to Continue Customs Inspection—Speaks of Conditions in East.

Ottawa, Feb. 4.—(Canadian Press)—Hon. R. W. Wigmore has returned to Ottawa after making a tour of inspection of customs and inland revenue offices in Quebec and the maritime provinces with the deputy minister of customs, R. R. Farrow. The deputy minister of inland revenue, George L. Taylor, covered the same ground a few months ago.

It is probable that after the session ends, Mr. Wigmore and his deputies will visit offices in western Canada, going through to the Pacific coast and getting in touch with conditions in all parts of the customs service.

On his return Mr. Wigmore expressed satisfaction with the work being carried on at all the offices in the east, but said that in many centres there was need of more adequate office accommodations for customs and inland revenue staffs.

Although the staff was there last night from 7 to 9 o'clock very few people appeared. About 7,000 returns are to be made altogether but a great many are being received by mail.

Amongst those received by mail yesterday were some which were not sworn to while others did not contain all the information asked. These were returned to the assessors for completion. The office will be open every evening until next Friday.

And these are the Principles that will Appeal to You

Did you ever read "Little Eve Edgarton" by Eleanor Hallowell Abbott? A wonderful character Little Eve, full of droll sayings and a lot of common sense. Here is one of her best: "The things that people shout at you—you forget in half a night, but the things that people whisper to you, you remember to you dying day."

Suppose, instead of simply illustrating this beautiful Chesterfield suite and gently suggesting that it may be seen on the floor of this store, we should head this advertisement with big price figures and perhaps an axe cutting through them—you know the kind.

Which do you think would make the more lasting impression, you thinking people of St. John who read this paper—and you are in every walk of life. Would it be the price alone or are you really looking for Quality and Service?

Lots of high grade furniture here for all departments of the home.
