DEREHAM

On Thursday afternoon, Dec. 22nd, the teacher and pupils of E. S. No. 1, Dereham, entertained their parents and friends at the school room. A goodly number were present and all spent a good time together.

A lengthy programme was furnished by the pupils, which reflects credit on their teacher, Miss Lints. In addition to recitations, readings, music and tableaux, there was a hoop drill by a number of the older pupils. At the close of the programme Miss Lints was called to the front and presented with a set of ebony brushes and a volume of Longfellow's poems, accompanied by the following address:

Dear Teacher,—Once more 'tis the Christmas season with us, and we have gathered here this afternoon to spend a few hours in fun and frolic before we leave the old familiar schoolroom for our holidays.

We have spent a happy and profitable year and feel that not a little of our happiness and success is due to your earnest endeavors in our behalf, as teacher and friend. Your wise instruction, your sympathy and love have ever been ours; you have helped us in our studies and in our recreation, encouraging us by your cheery presence and kind words. For this our expressions of thanks can be but poor indeed, but we trust that you feel our appreciation, and recognize our earnestness, when we tell you how glad we are that you, dear teacher, are to be with us again for the coming year. We are sure of as much pleasure and profit in our associations in the future as there has been in the past.

This is the season of joy and gladness and of the giving of those little tokens of love by which it is our privilege to express our appreciation

for our friends. Before we part we desire to present these small gifts to you as a slight expression of the love and esteem which we, all of your pupils, feel for you.

We wish to thank you again for all of your kindnesses and to wish you a merry Christmas and a very happy New Year.

Signed on behalf of school—Jennie Laarz, Edna Glidden, Ray McKibbin. After Miss Lints had thanked the children very appropriately for their present to her, the school was visited by St. Nicholas, who happened to be passing, and scholars and visitors each received a bag of oranges, nuts and candies. After exchanging the Christmas greetings the company dispersed to their several homes, feeling that they had spent a pleasant and profitable afternoon.

For Inflammation of the Eyes.—Among the many good qualities which Carmelee's Vegetable Pills possess, besides regulating the digestive organs, is their efficacy in reducing inflammation of the eyes. It has called forth many letters of recommendation from those who were afflicted with this complaint and found a cure in the pills. They affect the nerve centres and the blood in a surprisingly active way, and the result is almost immediately seen.

It Lays a Stilling Hand on Pain.—For pains in the joints and limbs and for rheumatic pains, neuralgia and lumbago, Dr. Thomas' Electric Oil is without a peer. Well rubbed in, the skin absorbs it, and it quickly and permanently relieves the affected part. SPORTING NOTES

(From Wednesday's Daily.)

HOCKEY.

Ingersoll 9 Paris 5 Last night's game in the intermediate O.H.A. series between Ingersoll and Paris, evoked old-time enthusiasm. The attendance—about four hundred—was not as large as the quality of the hockey merited but those present did not want for excitement.

Ingersoll practically clinched the game in the first half, when the score read, Ingersoll 6, Paris 2. The locals continued in the lead in the second half and at the expiration of time the score stood Ingersoll 9, Paris 5. The Parisians, although always in the game, were very dangerous at times. At one stage of the game, shortly before time was called, they showed a splendid burst of speed, which netted them three goals. But for the excellent work of the Ingersoll defence this number would have been considerably increased.

The game throughout was exciting and while several players were penalized for minor offences, the game was played with the best of spirit. In size the teams are pretty well balanced, and with fast and clever forwards the game was more than ordinarily interesting from a spectator's point of view. Both teams showed well and a fearlessness characterized the checking that made the game most exciting.

The locals had the most reliable combination, and their shooting was probably more accurate, but the boys in green were strong in individual rushes. Owing to the failure of one of the Paris players who had been away holidaying, to meet the team here, the game was played with six men a side. This probably made the game appear more ragged at times than it really was, as it is impossible for six men to cover the ice the same as a full team. Gray, of the local

forward line, decorated the fence more than once. His checking was somewhat severe, especially near the boards. Referee Williams, however, allowed none of the guilty ones to escape him, while on the other hand he gave perfect satisfaction to both teams and the spectators. Gray did very effective work and the famous combination work of Montgomery and Dominy was a feature. The two juniors—Cross in goal and Bloor at point—gave a splendid account of themselves. Bloor's excellent lifting prevented many scrimmages in front of the goal, while Cross at different times got in the way of the rubber when a score appeared certain. His work throughout was of the glib variety. The work of Hughes, who has had no practice this season, won him much praise. Not only did he show surprising stamina but his hand has not lost its cunning in the use of the stick.

Paris has a plucky team of gentlemanly players who never say "die" in the face of defeat. This fact they clearly demonstrated in the last half when with the score 8 to 2 against them they pulled themselves together and notched three goals.

The players were as follows: Ingersoll Goal. Paris Cross Point. Peeble Bloor Cover Point. Lowe Hughes Forwards. Stewart Dominy Flannigan Montgomery Coleman Gray Carnie

Berlin, Jan. 3.—Before an audience of two thousand people Berlin played its first intermediate game in the O.H.A. and succeeded in defeating the Brantford team by a score of 7-3.

Hortons Defeated. Woodstock, Ont., Jan. 3.—The Woodstock juniors defeated the Hortons, of London, here to-night by 7 to 3. Hall time score 4 to 1. The game was one of the fastest and cleanest ever seen between juniors in Woodstock, both teams doing excellent combination

work and pressing the defence men very hard. In the first half the puck was mostly in the visitors' territory, the last half being more evenly contested. The line-up: Hortons—Goal, Reynolds; point, Livingstone; cover point, Evans; forwards, Abraham, Powell, Arthur, Carl Carrothers.

Woodstock—Goal, Childs; point, Merrigold; cover point, Lova; forwards, forwards, A. Matthews, Duggwell, Richardson and Dundup. Referee, C. Farnsworth, Woodstock.

Intermediates Drop Out. The Ingersoll intermediate team has dropped out of the O.H.A. race, and will play exhibition hockey for the balance of the season. This step, which will be greatly regretted by the club's supporters, was rendered necessary on account of two players having been disabled in the game at Woodstock and by the action of the O.H.A. executive in suspending Bell and refusing those a permit. Under these conditions only three of the regular players were left, and there is no reason why the lovers of the great winter game should not see some fast contests before the season is over. There are several players in the town league teams who have shown admirable form and the figuring in the games such as are proposed should stand them in good stead for the O.H.A. series next season. The prospects of the Ingersoll Club appeared very bright a short time ago, but an exhibition hockey of intermediates is now the next best thing, and the team should receive all possible encouragement. Hockey players fast enough to compete in the intermediate O.H.A. series are not plentiful in Ingersoll and the support given this team will assist in developing the younger players.
