**For Governor of Manitoba.**  
Winnipeg, Nov. 28.—It is rumored here that D. C. Cameron, defeated Liberal candidate for the House of Commons at the last general election, will succeed Sir Daniel Millan as next Lieutenant-Governor of Manitoba. Mr. Cameron has had considerable legislative experience in Ontario, and it is expected that the announcement of his appointment will be approved by all. He is manager of the Rat Portage Lumber Co., one of the biggest lumber companies in the west, and is prominent in the business, social and political life of the province.

**Stenographer Suicides.**  
Toronto, Nov. 28.—"My head is burning now, and I was never properly asleep or never awake."  
Leaving this message, Donald A. Graham, aged 25, a stenographer in the "head office of the department" of the Imperial Bank, ended his life in his room, 9, Homewood avenue, Saturday night. Duncan J. McLehane found him dead in bed at 11 o'clock and summoned the police. An empty carbolic acid bottle was found in the room.

**Michael Cudaby Dead.**  
Chicago, Nov. 28.—Michael Cudaby, founder of the packing firm bearing his name, died last night at a hospital here of pneumonia. He had been ill for two days.  
Mr. Cudaby was born in Ireland, Dec. 7, 1841. He came to the United States with his parents in 1849, the family settling at Milwaukee, Wis. When a boy of fifteen, he became an employee in a Milwaukee packing house.

**Infants Are Starving.**  
Chicago, Nov. 28.—The citizens' strike committee, which has investigated conditions in the families of striking garment workers, reported yesterday that 5,000 babies are starving here, as a result of the labor war. The report was made at a meeting at Hull House, and a special babies' milk fund was started at once by members of the committee.

**The Struggle Bitter.**  
Ottawa, Nov. 28.—Further bitterness has been introduced into the struggle between the two political parties here by the fact that the Government on the occasion of R. L. Borden's speech last Thursday departed from the usual Parliamentary courtesy of detailing the Premier or a Minister of the crown to follow the leader of the Opposition, and instead put on H. H. Miller of South Gray, in Parliamentary practice this is regarded as a deliberate insult.

**No Prohibition for Missouri.**  
Jefferson City, Mo., Nov. 29.—Prohibition was defeated in Missouri at the recent election, according to official announcement yesterday, by 215,145 votes. It received 207,231 votes, with 425,406 against it, and carried only 37 of 115 counties.

**A Good Start.**  
Ninagwa Falls, Ont., Nov. 29.—Nearly \$1,500 is the result of the first day's canvass in this week's whirlwind campaign to raise \$10,000 for erecting a nurses' home, in connection with the General Hospital.

**Collapsed Under Snowslide.**  
Fort William, Nov. 28.—An ironclad annex to elevator A collapsed yesterday under a huge slide of snow from the roof of the main building. It was built a year ago and valued at \$8,000.

## CHURCHILL IS ASSAULTED

Male Suffragette Attacks the Home Secretary With a Whip—Welshman Vigorously Arraigns the Lords for Their Lack of Knowledge of the misery and Squalor to Be Found on Every Side.

London, Nov. 28.—(C.A.P. Cable.)—Right Hon. David Lloyd-George, the skinner at the centre of the struggle, addressed several meetings at Edinburgh on Saturday. He declared that the referendum would be a prohibitive tariff against Liberalism, and again attacked the House of Lords with a vigor which will earn for him additional titles to those he already possesses, such as Limehouse, Mile-end Mobmonger, Specialist in Official Denial, and the Liberal policy was revolutionary. Even the members for Wales, the most radical portion of the kingdom, had no interest in overturning institutions or assailing property. He declared that the brilliance of the sunshine of the peers' lives blinded them to the squalor around them. They could not legislate because, while sympathy without knowledge was impossible.

F. E. Smith, in the course of a speech at Burnley, made reference to Redmond's "American dollars," and said he wanted no foreign country to help redress the constitution. "Let them keep their breath to cool their own porridge."

Lord Hugh Cecil emphasized the danger of unchecked tyranny of chance majorities in the Commons. T. P. O'Connor, speaking at London, stated that if the Tories could get a subscription from Laurier for tariff reform, there would be nothing heard about dollars.

The Tories are making urgent appeals to the moderate man among the Liberals, and profess to be afraid of apathy on his occasion, but nothing else. The Opposition expect to win half a dozen seats on the balance in London, but are looking with hope, rather than confidence, to Lancashire. The Stock Exchange wags show that the opinion of the brokers is that the Radical chances are declining.

Winston Spencer Churchill, Home Secretary, returning to London Saturday night after a special train from Bradford, was attacked in the train by a male suffragette with a dog whip, who cried out "Take that, you cur!"

Two detectives who accompanied Mr. Churchill, parried the blow, and overpowered the Secretary's assailant, who is believed to be a man who interrupted Mr. Churchill during his address and was expelled from the meeting after a violent struggle.

When the train arrived at London three women tried to assault the Home Secretary, but the detectives drove them off.

A little more than a year ago—Nov. 13, 1909—Mr. Churchill had an adventure with a suffragette and a dog whip, not unlike the one on Saturday except that the suffragette was a woman. As the Minister of the Interior, he was attacked in the train by a well-dressed woman broke through the crowd and lashed at him with a dog whip. "Take that, you brute," she cried.

The election address of Arthur J. Balfour, leader of the Opposition in the House of Commons, is a brief document. It declares that the Unionist program legislation is practically the same as the last general election, and asserts that behind the official chamber conspiracy lurks socialism and home rule.

"It is because the Nationalists and Socialists are aware that their darling projects are not in harmony with the considered will of the people," says Mr. Balfour, "that they press for the abolition of the only constitutional safeguard which at critical moments will enable that will to prevail."

The Opposition leader also refers with the greatest brevity to the alternative scheme for the reform of the House of Lords, which Lord Lansdowne proposed.

**New Post Is After Asquith.**  
London, Nov. 28.—William Watson, who obtained great notoriety by his attack on Mrs. Asquith in "The Woman With the Serpent's Tongue," came out this past week with some verses directed against that lady's husband. The Morning Post accorded the hospitality of its columns to the poem, which is entitled "The Chief."

**Woodstock's New Chimes.**  
Woodstock, Nov. 28.—Edward Taylor, aged nine, lies at the point of death in the hospital as the result of being kicked by a colt, fracturing his skull.

A chime of ten bells pealed out from new St. Paul's Church last night in the playing of "The Maple Leaf," the Doxology and other airs. The chimes were purchased with the \$4,000 left the church by the late William Gray, and were played yesterday for the first time.

**A Meeting of Protest.**  
Edmonton, Nov. 30.—A meeting of 2,000 citizens was held Monday night to protest against the reported intention of Premier Sifton to use money from the bonds of the Waterways for public works of the province. The resolution of the Board of Trade, passed last week, was endorsed. It called on the Premier to take immediate steps to build the railway to Fort McMurray.

**Amputated His Own Hand.**  
Richmond, Va., Nov. 30.—Cutting off his own hand with a razor after it had been crushed in a coal shoveler yesterday, J. Bruce Vaughan of Eureka Mills, Charlotte County, Va., calmly awaited the arrival of a surgeon to put the finishing touches to the operation.

## CAUSING CLEAVAGE

Referendum Is Not Acceptable to All Unionists.

## WHAT ABOUT THE TARIFF?

Mr. Balfour Finds Himself With a Disagreement Within the Party—Perils of Home Rule and the Referendum Reform Is the Main Ground of Unionist Appeal—Every Man Is Hard at Work.

London, Nov. 30.—The politicians of all parties are straining every nerve to crowd John E. Redmond's work which in ordinary elections is spread over weeks or months. Nearly all the heavy guns were in action yesterday.

Arthur J. Balfour, leader of the Opposition in the House of Commons, before a big meeting in Albert Hall, where he warmly supported the referendum, described the Government as appetizing dancing to the tune of John Redmond and his American paymasters.

The Prime Minister, Mr. Asquith, spoke at Reading; Chancellor Lloyd-George at Cardiff; John E. Redmond at Dublin; Winston Spencer Churchill at Bristol; John Burns at Battersea, and Austen Chamberlain at Ashton.

The issues are narrowing daily. The Conservatives make much of the menace of home rule. They proclaim that the plan of the Liberals for the reform of the House of Lords means a single chamber and put to the front their new policy of referendum.

An interesting factional cleavage has occurred in Balfour's party over tariff reform. The Spectator, which is the spokesman of the Unionist free traders, has proposed that the tariff reformers pledge themselves to submit the question to a referendum, if the party wins, is not being a leading issue of the campaign.

The Morning Post, content that it is the foremost principle of the party. "The Unionist party breaks into fragments," says The Post, "if a Unionist victory does not mean tariff reform."

Mr. Balfour last night announced his willingness to leave it to a referendum. In the meantime the leaders are making every appeal to the independent vote, believing that it controls the issue.

The Irish Unionists sent a message of defiance of home rule to Mr. Balfour's meeting, and deputations from the Nonconformist Unionist Association of England, and 600 ministers of non-Episcopal churches in Ireland have addressed Mr. Balfour in opposition to home rule.

The reading of the message from the Irish Unionists at Albert Hall caused much enthusiasm.

"In all solemnity," said the message, "we now declare that home rule will bring Ireland, not peace, but the sword. If an Irish Parliament is set up by the Unionists of the south, allied with the men of Ulster, will not neither obey its decrees nor pay its taxes."

Mr. Balfour pronounced strongly in favor of the referendum as the best method of settling deadlocks between the two Houses without requiring the reform of the House of Lords, and it could be carried into effect before the House of Lords was reformed.

He ended by declaring that the Cabinet was governed by its noisiest members, who were governed by Patrick Ford, who was governed by Patrick Ford. "Don't trust the puppets who are performing their parts on the stage," admonished Mr. Balfour.

"Don't trust the Irish wirepuller. Don't trust the American paymaster, who calls for a tug. Trust alone the sound judgment and enlightened patriotism of the people of the country."

J. H. Seavern, who was member of Parliament for the British division of Lancashire in 1906, and who was at one time a resident of Boston, has become the Liberal candidate in the same constituency against Davidson Dalziel, Unionist, once a resident of New York.

**Lord Joicey, who was created a peer by the Liberals, has announced his defection from that party because of its failure to provide for the defence of the country, and for its alliance with the Socialists. It is stated that several other Liberal peers are tending in the same direction.**

**Severe Privation.**  
Fort William, Nov. 30.—L. M. Keating, night operator at Ocar, a small town 120 miles west of here on the Grand Trunk Pacific, was found on Saturday at 12 o'clock by W. Lorry and Mark Chown about four miles from the station, sitting beside a small lake, with both feet frozen, and too weak to stand. He had not slept nor eaten for 94 hours. The rescuers carried him to the station, and a message was immediately sent to Fort William. A special engine was sent out.

It will not be known for a day or two whether amputation of the feet will be necessary.

**A Black Picture.**  
Washington, Nov. 30.—A black picture of prospects for the railroads unless they are able to raise their rates was painted before the Interstate Commerce Commission yesterday by C. O. McKay, chairman of the Trunk Line Association of New York, an organization of eastern carriers. He declared that the wages of thousands of employees and the whole railroad industry had been threatened by the involuntary reduction of rates.

**Electrocuted In Bath Tub.**  
Milwaukee, Wis., Nov. 30.—Edward L. Uhrig, 23 years old, son of a wealthy coal dealer, was found dead in a bath tub in his home Monday night. He had been electrocuted by an electrically operated vibrator which he was massaging his body.

## ANNUAL REPORT OF THE M.H.O.

To the Provincial Board of Health—"Sanitary Conditions Almost all that Could be Desired"

From Wednesday's Daily.  
There is much of interest to the people of Ingersoll in the annual report of Medical Health Officer, Dr. Neff, which was forwarded to Toronto yesterday. The total number of deaths during the year was 63 and the number of births reported 97.

Following is the report in detail; Ingersoll, Nov. 29th, 1910  
To the Provincial Board of Health, Toronto, Ont.

Dear Sirs:—In making this, my annual report for the year ending Nov. 15th, 1910, I am pleased to say that the health of our people and the sanitary condition of our town have been almost all that could be desired during that period.

The total number of deaths, including still born, were sixty-three and the number of births reported were ninety-seven. There has only been one death from typhoid fever and one from tuberculosis during the year. The total death rate after deducting the still born is only 12.2 per thousand.

We have been remarkably favored in not having an epidemic of any kind to contend with, there having been but two cases each of diphtheria and scarlet fever reported during the year and these were all mild cases. In each of these cases, the premises were thoroughly disinfected before the placards were removed.

Milk samples were taken from the vendors supplies and tested during the summer. All samples tested well showing that the citizens were receiving milk of good quality. Some of the milk men are delivering their milk in bottles for which they should be commended. I hope the rest will soon adopt this method of delivery.

The town water has been tested several times by the Provincial Board of Health and no impurities other than colon bacilli have been reported.

The sanitary inspection of the town has been well looked after by our sanitary inspector who has been most assiduous in his duties.

I would recommend the council to pass a by-law licensing laundries, restaurants and fruit stores that they may be under the supervision of the Board of Health.

Would also like to direct the attention of the council and citizens generally to the great necessity of a sewerage system in the town.

I am pleased to thank the chairman and members of our local Board of Health and the sanitary inspector for so cheerfully giving their time and assistance in all matters of public health.

All of which is respectfully submitted.  
Yours obediently,  
J. A. Neff, M. H. O.,  
Ingersoll, Ont.

## Arrest on Serious Charge.

Goderich, Nov. 29.—Mr. O. Johnston, a prominent lawyer of this town, was arrested Saturday night on serious charges preferred by John Hummel, a mason. The arrest comes as a sequel to the story of the livery rig which was brought to light at the time of the Anderson murder investigation. Johnston kept the rig out till a late hour, and it is alleged that Hummel was his companion.

The other day Hummel returned from Vancouver and gave Johnston a very severe thrashing, injuring his head in the process. He threatened to kill Johnston when his head got better, if he did not leave town, but was persuaded to let the law take its course.

**R. G. Hervey Dead.**  
Brookville, Nov. 29.—At "The Point," Matilda, the death took place yesterday afternoon of R. G. Hervey, a well-known railway contractor, who built the Brookville and Westport, recently purchased by Mackenzie and Mann. He also constructed a line in Nova Scotia, which is a part of the Canadian Northern system. His work stands at many points in the United States.

Mr. Hervey is credited with having made a proposition to Sir Alexander Mackenzie, then Premier of Canada, to build the transcontinental line subsequently completed as the Canadian Pacific Railway. Mr. Hervey was assured of the necessary financial assistance in England, but the Government of the day had no faith in his scheme and turned it down.

He leaves three daughters and one son, Chilton Hervey, consulting engineer, Montreal.

**Trunk Murder Mystery.**  
New York, Nov. 29.—A new turn was given the trunk murder mystery yesterday by statements of witnesses who declared that Albert Callier, the supposed victim, was seen alive in 1906, three years after the crime was supposed to have been committed.

The trunk containing the body, recently found in a tenement basement, is declared to have been left there in 1902, by William Lewis, waiter, for whom a widespread search is now progressing. The investigation of the mysterious crime is turning to-day largely in the direction of enquiry whether the murder may have been committed in a later year than 1902, and if the trunk was empty when left by Lewis. New enquiry into the identity of the victim was also undertaken.

Plans are being prepared for a new C.P.R. station at Edmonton.

Alfred Senecal died at Montreal as the result of a street car accident.

Mexican Revolutionist Is Still Gathering Supporters.

## STRENGTHENING HIS FORCES

His Friends Deny That He Was Wounded as Government Reports Claimed, and Word Is Sent Out That the Centre of Revolt Is Growing Stronger Day by Day—Fortifying Their Position.

San Antonio, Texas, Nov. 29.—That Francisco I. Madero, leader of the Mexican revolution, is safe and uninjured, is the news brought direct from Madero to San Antonio. The courier said that Madero is now gathering his forces in the Laguna district, near Lerdo and Parral. Madero was not wounded at any time, said the messenger. He is constantly gathering allies to his standard.

As far as the confiscation of the Madero estates was concerned, the courier said that Madero was not much concerned, since the bulk of his interests were in the hands of friendly Americans.

**Insurrectionists Fortified.**  
Chihuahua, Nov. 29.—Government troops have returned to Chihuahua from their fight with the revolutionists, four miles west at Fresno on Sunday. Two thousand reinforcements are expected before the Government resumes its attempt to reopen the Mexican and Northwestern Railroad, which is tied up as a result of the fight.

The insurrectionists are said to have been reinforced by a band from Parral. They now number 1,000, and they have fortified positions at various points.

Sunday's fight was the first real fight of the insurrection in this part of Mexico. Three hundred insurgents attacked the Government's rear guard of 400 troops, who were marching along the Mexican and Northwestern (Chihuahua and Pacific) Railroad. Seven dead insurgents were brought in Sunday night. The Government lost one killed and seven wounded. The fight lasted three hours, both sides taking shelter behind boulders and in ditches.
