AMONG THE DEAD. THE BAD WORK AT SPRINGHILL STILL GOES ON.

SPRINGHILL, Feb. 25.—There still remain in the pile of bodies of thirteen miners including the underground manager. Yesterday afternoon, the bodies of Roger Miller, John Hunter and John J. McDonald were found near the spot where the explosion occurred. They were badly mutilated, and had to be buried immediately owing to decomposition which had set in. The debris, earth and rocks being removed rapidly and it is believed if there are no more overfalls, that the other bodies will be reached within a few days. Underground manager, Henry Smith, is thought to be buried between balances 8 and 7 on the main level, and it may be some time before they find him. A day or two ago one of the searching party in passing through stepped on a man's back. It was the only part visible the head and limbs being covered with stones and fallen beams, and it took considerable time to remove them. Among the victims is "Internal," the well known cricketer who came out from England to coach the Wanderers Club of Halifax. He came to the mines to work during the winter. A few weeks ago he sent his wife home of the company's employ and he would have left within a month.

Another body not on the list was found yesterday, Thomas Davis, a boy, and one also last night, which was first thought to be that of Ernest Chandler. The relatives of Arch. Shipley identified it as his, and took it home to Springhill Junction. The dead so far as known numbered 121.

During the past three days the scene at the carpenter shop where the bodies were first carried was heart-rending. Here relatives and friends came to identify those who had perished. Some of the dead were natural but it took a careful examination to recognize the features of many. Women wept without ceasing, men broke down and sobbed. There were those who were too tired to do anything yesterday, today and tomorrow, brings sympathy to the heart, and tears to the eyes of those who had not otherwise shared in the awful visitation.

Queens Victoria has telegraphed to Mayor Hall through the Governor General expressing sympathy with the relatives of the dead and asking for particulars concerning the disaster. The Governor General has also telegraphed, sympathizing very deeply with the afflicted and contributing one hundred dollars towards the relief fund.

The inquest was continued here yesterday and about twenty and the witnesses were unable however, to give the cause of the explosion. Thomas Scott did not know there had been an explosion until he went into the pits on Sunday. In No. 3 level balance 7 he saw where the shot had been fired.

The party found Wilson who had fired the shot. Each of the other men were lying on their faces. The box was half way between the face and the men. The forward wheels appeared to be bent. Wilson said that "an explosion" was the shot that caused the explosion.

His reasons for this were that the men were eighty feet away as from the shot. The destruction of property was greater in No. 3 level than in Nos. 1 and 2. From the position of the men he would think they had never moved after the shot went off. The shot was not a gun shot. Witness thought it had half as much more powder than it ought to have had. A very small quantity of powder would have been sufficient there. The box was moved a proper distance. The boxes were not dusty when he saw them. The inquest was adjourned until March 10.

LATEST. The searching parties last night after removing large quantities of stone and coal succeeded in bringing out four bodies. They were those of Henry Livingston, Wm. Hyde, Neil McLeod and John Francis. Two others, Donald McKay and Richard Murphy were brought out this morning and at two o'clock John Nairn was recovered and taken to the surface. This leaves four bodies uncovered.

Daniel McDonald who was taken out unconscious by suffocation from the shaft is in a most critical condition.

SECOND EDITION. THE CHIEFTAIN.

THE NATIONAL POLICY ONLY MODIFIED TO ADVISE THE PEACEFUL AND THE COUNTRY.—THE BARRACKS MARKET.—(SPECIAL TO THE GAZETTE.)

MONROE, Feb. 25.—Sir John Macdonald's reception here last night was most enthusiastic. Over eighteen hundred people listened to his address in the course of which he said that the National Policy will not be modified further than to advance the fiscal policy of the country so long as I remain at the head of affairs, and no one need be afraid to invest capital in any and every kind of useful industry while I am in power. He accused Sir Cartwright of being the leader of the Farrer conspiracy and called upon the people to be loyal to the National Policy and to stand by Canada and make her a great, glorious and prosperous country.

THE BARRACKS MARKET. MONROE, Feb. 25.—Of the twenty freemen suffocated by the fire in the Barracks market, two are still suffering seriously, others lightly. The fire of stone keepers leaving everything. The building was an old historical landmark and the loss will amount to over \$60,000.

RELIEF MEETING HELD. MONROE, Feb. 25.—An adjourned meeting of the Board of Trade was held this morning for the purpose of affording relief to the Springfield sufferers. Richard White presided.

SIR CHARLES TUPPER paid a flying visit and said he came to thank the people of Nova Scotia, his friends, and to sympathize with the disaster and said that relief should be sent at once.

A big sum was raised at the spot, Sir Donald Smith, David Morson and Senator Drummond giving a thousand dollars each. A committee was appointed to wait on the finance committee this afternoon to solicit aid from the city.

THE LADY COMMISSION. THE NAME OF THE PRINCE OF WALES HAS BEEN GIVEN TO THE CHIEFTAIN.

MONROE, Feb. 25.—The Chieftain has still to discuss the scope of the labor commission, which will include agricultural as well as industrial affairs, and will probably be brought to the question of almost every branch of the question. The names of the Prince and Lord Derby and Sir John Gait are mentioned for the chairmanship. It is almost certain that Mr. Morley and a few of the peers will be members of the commission. All parties are fairly satisfied with the proposal.

ARRESTED FOR MALPRACTICE. THE NAMES OF THE WOMEN SUBJECTS ARE WITHHELD.

NEW ANGLE, Mass., Feb. 25.—Chief of police Fuller arrested in Williams town last night, Dr. Benj. O. Barber of New York, charged with two cases of criminal malpractice. The names of the women are withheld. A number of the names were found in the doctor's possession and it is intimated he has been doing quite a business in this line.

STUCK BY A SYSTEM. BY TELEGRAPH TO THE GAZETTE. LOUISVILLE, Ky., Feb. 25.—The town of Utopia, Ind., was struck by a cyclone last night and the town had been blown down. A number of people were killed and injured but none was known to have been killed.

A FARMSTEAD DESTROYED. BY TELEGRAPH TO THE GAZETTE. LOUISVILLE, Ky., Feb. 25.—A farmstead in the county of Boone, Mo., was destroyed by a fire which broke out in the barn. The loss is estimated at \$10,000.

THE WEATHER. BY TELEGRAPH TO THE GAZETTE. MONROE, Feb. 25.—Forecast: Threatening weather and rain, turning to snow. High, south westerly winds. Very cold. A heavy snowfall, with westerly winds. Cold wave.

REVENUE, Feb. 25.—Leland has been nominated by a few malcontents in the United States to represent his policy and collect funds for its furtherance.

PARIS, Feb. 25.—A banker of this city has absconded. His deficit will amount to six hundred thousand francs.
