Refreshments Ri The Lumber Interest.

For the statement that the lumber industry would be ruined, Mr. Smith demed Premier McBride, who, he said, announced this fact twenty-four hours after the agreement was an-nounced, while Mr. Borden sifting in Princess May Sails on First the House, considered that he had not had time to answer until several days had passed. The lumbermen took Mr. McPride at his word, and began to appeal for help. We sent them the schedule and the speech of Mr. Fielding and they looked over it. Then they discovered that the whole change in Resuming her duty on the Skagway the tariff it regard to lumber is in the un a ter having been laid up for the United States. Mr Foster took the past eight months; the C.P.B. steamer duty off lumber coming from the States past eight months, the C.P.B. steamer duty on lumber day. Mr. Fielding company to send a ship well equipped with the latest moder appliances to northern points. During her long ab- her from Canada, giving British Colhas been thoroughly renovated, both table forests. The speaker then redellars of riches placed there by the inside and out, and placed in the best pleed to Mr Sifton, who had said that Spaniards, Capt. friend. Mr. Sifton has commit ted himself to that principle. Mr. Borden has committed himself to that ciple, Mr. Foster has committ himself to that principle. Can any man who has committed himself to that proposition tell me if the history of the trade of this country hears out his argument?" The speaker then showed that in spite of protection trade with the United States had increased. Between 1873 and 1883—Canada's trade with Great Britain decreased ten mit. Of \$250 each. The city prosecutor in Skagway—Overhaul with Great Britain decreased ten millions, and increased with the United States the same amount. In 1878 60 per cent. of the imports from Great Britain and the United States were great to apply for a commission to take evidence in Japan against accused. The remand is until to-morrow. J. A. Alkman appeared for Aris N. from the Mother Country. Now they have decreased to 30 per cent. Thus
