Col. Lynch informed the correspondent of the Associated Press to-day that he did not expect to be molested when he should go to England at the opening of parliament. He thinks his election is significant, as showing that the Irish party is united, and he has reasons to believe Ireland is on the eve of obtaining a satisfactory Home Rule measure.

Regarding South Africa, Col. Lynch said he had received information which convinced him that the war would end within three months by a settlement securing to the Boers autonomy on the Australian model.

EXPERIMENTS BROUGHT TO A SUDDEN CLOSE
Cow Inoculated by Dr. Barney, Who Combats Dr. Koch's Theory, Has Been Seized.

New York, Nov. 22.—Tuberculosis experiments by Dr. George D. Barney, of Brooklyn, which aroused considerable indignation when he announced recently that he had inoculated a young woman with the disease, were brought to a sudden close by Dr. Robert A. Black, head of the board of health in that borough, who seized the cow on which he had founded his work.

Dr. Barney combats the theory of Dr. Koch, the eminent German medical authority, that consumption could not be communicated from a lower animal to a human being, and with that end in view he inoculated the cow with the disease and kept it in his stable to watch the progress of the disease. The cow has become very sick, and he was preparing soon to hold an autopsy on her when the agents of Dr. Black pounced upon the creature and carried her away to the public pound, where, it is said, she will be destroyed.

LOST CONFIDENCE IN GOVERNMENT

RESOLUTION PASSED AT VANCOUVER MEETING

H. B. Gilmour Made an Attack on A. E. McPhillips, and a Lively Scene Followed.

Vancouver, Nov. 23.—Four hundred people attended a meeting held in the city hall last evening when resolutions were passed similar to those at the Victoria meeting expressing a want of confidence in the government.

Messrs. Tatlow, Garden and Smith Curtis went over practically the same ground as at the last meeting, and roundly roasted the government and its want of backbone and policy. A feature of the evening, however, was the attacks which H. B. Gilmour made upon A. E. McPhillips, of Victoria, and the consequent trouble.

Mr. Gilmour referred sarcastically to the sincerity of such men as Mr. McPhillips, who had supported the government for so long, but had recently been converted when they saw it was losing cause. "What confidence have you in such men?" asked Mr. Gilmour, "for I can say that last winter we were discussing their names in opposition to become members of the opposition, and at the same time they attended government caucuses."

Mr. McPhillips interrupted with the statement that this was devoid of truth. "See how quick he takes the bait," retorted Mr. Gilmour.

"It is a lie, it is a lie," shouted Mr. McPhillips.

Mr. Gilmour attacked Mr. McPhillips' stand on redistribution, on the Coast-Kootenay railway and the eight-hour law, saying that he voted in favor of corporate interests.

"I wanted redistribution arranged on the voters' list," said Mr. Gilmour, "but the honored member here wanted to wait for the census taking this year, so that 5,000 Chinese in Victoria would be included, who were not voters, so there would still be a seat for him. He wanted to represent the Chinese of Victoria."

Mr. McPhillips again rushed forward, but it was impossible to hear anything, so great was the uproar. The Victoria member placed himself in front of Mr. Gilmour with his back to the audience. Mr. Gilmour declared he would stand only one or two more interruptions like that, and grasping Mr. McPhillips' shoulder he pushed him away.

Chairman J. J. Banfield walked between and pushed the men apart. No other incidents occurred during the remainder of the speech.

Smith Curtis was the last speaker.

TICKET SCALPING.
Prohibitory Law Declared by Courts of Appeals to Be Unconstitutional.

Albany, N. Y., Nov. 22.—The law passed by the last legislature prohibiting ticket scalping was to-day declared to be unconstitutional by the Court of Appeals. The decision was rendered in the case of Clarence Fleischman, a ticket broker of Buffalo, vs. Sheriff Samuel Caldwell, of Erie county. The Court of Appeals affirms the judgment of the lower courts, holding that the law which prohibits any person other than the authorized agent of a transportation company from selling its tickets violates the constitutional rights of citizens of the state.

FEW ATTENDED.
Hearing of Charges Against the Jacksons Resumed To-day.

London, Nov. 23.—Public interest in the hearing of the charges against Theodore Jackson and Laura Jackson (Ann Odella Die Debar) at the Marylebone police court has been surprised by reticence, and there were only a few people in the court when the hearing was resumed to-day. INTERESTING CASE.

Can a Man Suffering From Tuberculosis Be Excluded From the States?

New York, Nov. 23.—In deciding the case of Thos. Boden the courts will rule whether or not a man suffering from tuberculosis can be excluded from this country. This is the first case in which the constitutionality of the treasury ruling that consumptives shall be prevented from landing as immigrants will be passed upon by the courts.

Thos. Boden, a native of Ireland on November 9th on the Luccania. His wife and child were with him. He has relatives who live in Philadelphia. They are able to guarantee that he would not become a public charge, and he had money of his own. The authorities at Ellis Island were satisfied on that score, but they declined to admit him because examination by physicians of the marine hospital corps showed he had tuberculosis of the lungs. He appealed to the treasury department, and a re-examination was ordered. The treasury department ordered that Mr. Boden be sent back on the next Cunard line steamer, the Etruria, which sails to-day.

Francis Tracy Tobin, a lawyer from Philadelphia, has obtained a writ of habeas corpus.

The act of congress under which it is proposed to exclude Mr. Boden is framed to prevent the admission of "persons suffering from a loathsome or a dangerous disease." Mr. Boden claims that the majority of physicians do not regard consumption as contagious.

OFFICIALS KNEW OF THE CONSPIRACY

POLICE HAVE BEEN BUSY SINCE SEPTEMBER

Papers Relating to the Scheme Are Known to Exist in Skagway—Messages From North.

Ottawa, Nov. 22.—In connection with the alleged conspiracy to capture the Yukon, it is learned at the interior department that on the 21st of September last Comptroller Fred White was advised by Supt. Primrose, Dawson, of a report from Seattle that there was some scheme being concocted to seize Canadian territory in the Yukon. On the 25th Mr. White again received a message from Supt. Primrose saying that he was unable to confirm the report, although it was serious. On the 27th of September Supt. Primrose again wired his previous cipher message referred to the disputed territory, Dalton trail, and that he was writing.

On October 7th Mr. White received again from Supt. Primrose the promised letter, in which he stated that he had been unable to confirm previous reports, which reminded him very much of some of the threats which were made in the earlier years in the Yukon. It appears that a man named H. Grehl had told another man at Dawson that he knew of a conspiracy that was going on to take place against the government, that Grehl had been shadowed by the police, and it was discovered that he had told several stories about himself, that he had been in Dawson about a month, that his conversation was to the effect, that he belonged to a secret organization which intended to take possession of the Yukon territory, their plans being to run to White Horse, take the smaller detachments along the river, and then it would be an easy matter to capture the barracks at Dawson, that the organization had representatives at both Seattle and Skagway, that they expected to be assisted by men from Circle City and Eagle City, and that Grehl was known by a member of the Mounted Police as having been in the grocery business in Butte, Montana.

Nothing more was heard of the matter until November 4th, when Comptroller Fred White received the following telegram from Supt. Wood, Dawson: "Snider reports discovered whereabouts in Skagway of papers relating to conspiracy to seize territory. United States refuse to secure unless Snyder makes affidavit as to conspirators. This, of course, he can't. Am satisfied such conspiracy exists."

The police were also trying to locate a man named "Shorty," who had been mentioned as having knowledge of the conspiracy, but was thought to be somewhat crazy.

Los Angeles, Cal., Nov. 22.—Conductor R. H. Higgins, the eighth victim of the Santa Fe wreck in Arizona, is dead at the hospital. ACTORS AND AUDIENCES.

London Paper On Evils Resulting From Visits to America.

London, Nov. 22.—The St. James's Gazette this afternoon repeats its assertion that English actors are "coarsened" in America and that "visits there are artistically detrimental to English actresses." The paper also says: "We feel there is no doubt about the matter. In the United States a less subtle and a more accentuated style of acting is necessary in order that a player may make his effects. The audiences like a less delicate and a noisier method. They are less quick to catch and appreciate the nuances of the actor's art. Violence of gesture and intonation do not offend them. They do not detect or resent what is crude or shoddy, as a West End audience would. They are easier taken in by clapping."

"We shall still feel some slight anxiety to see the condition in which Mr. Chas. Hawtree and Mrs. Patrick Campbell return from their tour in the United States. If Mr. Hawtree returns with a style approximating that of Wilson Barrett, and Mrs. Campbell becomes indistinguishable in her method from Olga Ethereole, to name two players who have had immense success in America, we shall not consider the result particularly gratifying."

THE ELECTION OF LYNCH.
His Success Was Anticipated, Says a London Correspondent.

New York, Nov. 22.—The London correspondent of the Tribune cables concerning the Galway elections as follows: "A victory for Col. Lynch was generally anticipated, but the plurality is greater than his supporters had expected. Not much sympathy is expressed for Mr. Plunkett, the defeated candidate, in this morning's papers. His attitude in Galway was not sufficiently anti-National to secure for him the full Unionist vote. The government may not have sufficient evidence to show that Col. Lynch fought for the Boers, so that if he decides to disavow the Boers, so that if his backers he may after all be able to act as a member of parliament."

The Figures.
Dublin, Nov. 22.—The result of the voting in Galway was as follows: Lynch, 1,247; Plunkett, 473.

Will Take His Seat.
Ottawa, Nov. 22.—John Redmond, M. P., was shown a dispatch this morning announcing the election of Col. Lynch in Galway. Col. Lynch was Redmond's candidate. The colonel fought on the Boer side in the war. Mr. Redmond does not see any reason why he should not take his seat.

The cable said that the judgment of the Manitoba courts, declaring the prohibition act of the province ultra vires, was overruled, and that the act has now been held intra vires, or within the powers of the province to pass it.

STEAMER FARALLON LOST PROPELLER

WAITING ASSISTANCE AT KENNEDY ISLAND

Steamer New England Damaged in Squall—New Halibut Vessels Are to Be Built.

Vancouver, Nov. 23.—Steamer New England, which arrived to-day from the Northern fishing grounds, is in a badly battered condition. She struck a squall on Thursday night off Hardy Bay and shipped a seven foot sea clear over her bow. Every window in front of the steamer was broken, even in the pilot house. The sea washed into the forward hold used as a sleeping room, carried away all the bunks and furniture towards the engine room. Other huge waves swept the steamer from stem to stern, and did several hundred dollars damage.

Steamer City of Seattle arrived from the North this morning with seventy-three passengers. None of her passengers have come out over the snow. The weather was bitterly cold when the steamer left Skagway, and it was reported on Monday evening that the Yukon was frozen several miles below Thirty Mile.

On the way down the steamer Farallon, of Seattle, was found lying at anchor at Kennedy island, off the Skeena. She had broken her propeller in Dixon's straits, and began to take water whenever the engines were run. She was forced to sail to the Skeena and await a tow to Seattle.

It was definitely announced to-day that Vancouver people have interested English capitalists who will build two halibut steamers here for next season's Eastern trade.

A. H. Nowell and Francis Lee, of the White Pass railway, leave Seattle tomorrow for Chicago, to attend an annual meeting of the company. They then go to Ottawa to take up the important question of northern rates, which they are reported to be willing to arrange to the satisfaction of the government.
