THAT WOODSTOCK IRON.

It is said on pretty good authority that the Dominion Iron and Steel Co. are negotiating for the purchase of the Upper Woodstock property where the old iron works are situated, and that it is the intention of the company to utilize the iron, says the Woodstock Press. Henry A. Connell has been in communication with the proposed purchasers and expresses himself as confident that the purchase will be made, and that the work of mining the iron will soon be a real thing. It seems almost too good news to be true.

TO QUIET THE NERVES.

Mr. Tweedie, the provincial premier, was in Woodstock part of Friday and Saturday, says the Press. It is rumored that a wing of the liberal party are dissatisfied with certain recent appointments, and the premier was called in to administer some kind of a soothing syrup.

SOUTH AFRICA.

Boers in a Bad State—Trade Between Canada and Natal.

DURBAN, Natal, April 30.—The Boers who are surrendering at Standerton are in a wretched condition. Many of them are wearing trousers made of blankets. They state that fifty per cent of the burghers in the field desire to surrender, but cannot escape from their commandos. The British military police have been successful in capturing cattle within the Boers' lines and from their laagers.

The prime minister of Queensland has been entertained here. At the reception given in his honor representatives of the Canadian government spoke. They said they were investigating matters connected with the trade between Canada and Natal and were seeking means to improve the commercial relations between the two countries. They claimed that Canadians could supply as good products as the Americans, and that they were more honest in their dealings.

THE GRAND TRUNK.

The President Says Canadian Sentiment Must Not Interfere With Business.

LONDON, April 30.—The semi-annual meeting of the shareholders of the Grand Trunk railroad here today was largely attended. The directors' reports, showing decreases in the receipts and an increase in the expenses, were received with criticism. The president, Sir Chas. Rivers-Wilson, said the Buffalo exhibition ought to bring largely increased traffic, and recommended that the shareholders vote it. He dilated on the advantages which accrued to the G. T. R. by the new arrangement, allowing it to enter the Union depot at Buffalo. Referring to the company's intention to spend \$400,000 at Portland, Maine, for the erection of a new grain elevator, Sir Chas. Rivers-Wilson said the feeling in Canada over the patronage of an American port was quite unjustifiable, as Montreal's facilities for shipping and storing grain were extremely inadequate. Sentiment must not be allowed to interfere with the business. But he was glad to say Montreal contemplated making considerable improvements. Portland, however, was the natural outlet of the line. The retiring directors were re-elected.

WONDERFUL FALLS.

ST. PAUL, Minn., April 30.—Word has just been received here of the discovery of a natural wonder in the Yellowstone National Park. James Leathers, a department woodsman for Wisconsin, has found a waterfall 300 feet high, which he has named "Lost Falls." The falls are in Box Canyon, two and a half miles northwest Hell's Half Acre. The water plunges to a depth of 300 feet or more. A dense growth of timber hides the sheet of falling water, and a person can walk to the brink of the falls without realizing his danger, warned only by the noise of the falling waters.

MUZZLING THE PRESS.

TOLEDO, Ohio, April 30.—When the case of Charles Foster, under indictment for the murder of W. C. Johnson, the celery king, was called on the common pleas at Boston, G. Young entered the following singular order against the press: "The court is moved to make an order restraining any person from sending out for publication any of the evidence given in the case, or from publishing anything purporting to be evidence given in this case in the trial on said case."

PAN-AMERICAN TOMORROW.

BUFFALO, N. Y., April 30.—The work of installing the exhibits at the Pan-American exposition is progressing rapidly, but when the gates are thrown open tomorrow morning there will be much vacant space and many exhibits unpacked. The work of installation is not nearly so far advanced as that of construction. The date of the exposition will be thrown open at 8.30 tomorrow morning. Everything in the way of opening exercises have been postponed until May 20.

GREAT CIGAR COMBINE.

CHICAGO, April 30.—The Chronicle says the gigantic consolidation of cigar manufacturers in this city will be announced Wednesday. The American Cigar Company, itself a consolidation of many factories and closely allied with the so-called tobacco trust, is at the head of the scheme. At least seven other firms now united under the name of the Havana-American Company, are to be absorbed, and in addition, it is reported five or six other large factories have already been bought.

ONE PERFORMANCE \$10.00.

NEW YORK, April 30.—An audience such as has never before packed itself into the Metropolitan Opera House crowded it last night to bid farewell to the Grand opera stars, who have sung there during the season and to say adieu to M. Gousselin and Mme. Reynolds. The receipts for the performance were about \$10,000. During the rendition of the second act "Tristan and Isolde" sixteen women succumbed to the heat and fainted.

BRIEFS BY WIRE.

The Shamrock II. has arrived at Southampton.

General Trinio, the Filipino leader in the Abren province has surrendered.

An explosion of gas occurred yesterday in the mine of the McArdler Coal Co. at Alderson, I. T., by which five men lost their lives, seven were injured and another is reported missing.

MONCTON.

No More Smallpox—Big Coal Seam in Kent Co.

MONCTON, N. B., April 30.—The small-pox quarantine has been removed by the Albany County Board of health and the guards taken off. The disease had totally disappeared.

It is reported that a seam of coal three and a half feet thick has been discovered at Mount Carryle Coal Mine in Kent county, and prospectors are much encouraged. The mine has been bonded to American capitalists, who are coming to look over the property, and a diamond bore will be put to work in Kent county, and prospectors are much encouraged. The mine has been bonded to American capitalists, who are coming to look over the property, and a diamond bore will be put to work in Kent county, and prospectors are much encouraged. The mine has been bonded to American capitalists, who are coming to look over the property, and a diamond bore will be put to work in Kent county, and prospectors are much encouraged.

SIR WM. VAN HORNE

Says Grand Falls Will Have the Largest Paper Mill in the World.

OTTAWA, April 30.—Before the committee on private bills this morning the bill respecting the Grand Falls Paper and Pulp Co. was read. Sir Wm. Van Horne submitted an amendment in line with the legislation passed by the New Brunswick house, which would require prompt action on the part of the company in developing the power of Grand Falls. He wanted a clause which would compel the company to expend \$50,000 by 1903 and \$200,000 more during the next three years. Sir Wm. Van Horne, president of the company, considered this a hardship as the company had found difficulty in securing titles. When circumstances proved favorable the largest paper mill in the world, involving an expenditure of five or six millions would be put into operation. Paper mill owners in other parts of Canada are behind the scheme. The amendments were struck out and the bill passed, extending the time for the erection of the plant.

AMAZING PHENOMENON

Alleged to Have Appeared to a Devout Catholic.

MELBAURNE, Wis., April 30.—A special to the Sentinel from Menominee, Mich., says: A most strange manifestation is alleged to have developed here today in the home of a humble Polish family. Anton Carneski, a devout Catholic, returned from church and knelt in prayer. On the wall was a picture of the Saviour on a cross. Upon looking up he discovered blood trickling down outside of the glass from the points where the hands and feet were pinned. In great alarm he went for priests. Two came and wiped the blood off, but it reappeared as fast as it was wiped away, running down a distance of six inches. Hundreds affirm the strange occurrence, and great excitement prevails. The house has been closed, and no further visitors will be admitted. So far no one can account for the phenomenon. Bishop Els has been sent for.

THE CREW WERE SAVED.

NEW YORK, April 30.—The steamship City of Washington, which arrived here this morning from Colon, had on board the crew of eight men of the schooner Knowles, which was discovered one day last week on her beam ends off Barro Colorado. They crew were picked up by the steamer Allianca, bound from New York for Colon, April 13, after the steamer had been in collision with the schooner. The Allianca transferred them to the City of Washington on April 25. The Knowles had been bound from Charleston to Fall River, and it being surmised when she was found that she had been in collision with a steamer, probably at night, it was feared that her crew had all been lost.

BRIDEGROOM AND MURDERER.

AMSTERDAM, April 30.—John McDermott was shot and killed early this morning at a wedding in this city by Albert Vetter, bridegroom. Vetter objected to the presence of McDermott and three companions at the wedding and ordered them out. As they did not depart quick enough to suit him, he shot McDermott with a revolver. The dead man was 25 years old. Vetter is in custody.

A BAD LOT.

PITTSBURG, Pa., April 30.—The grand jury brought in indictments against the Biddle-Dorman gang. A true bill was found against the Biddles and Jesse Bodine Biddle for the murder of Detective Fitzgerald and against the Biddles and Dorman for the murder of Groceriesman Kahner. The bills were found against the gang on five charges of burglary.

THE WEATHER.

TORONTO, April 30.—Today and on Wednesday light to moderate winds, a few light scattered showers, but mostly cloudy today and Wednesday, probably fair.

WASHINGTON, April 30.—Eastern states and northern New York—Partly showers in north portion; variable winds. Western New York—Partly cloudy tonight and Wednesday; winds mostly fresh southerly.

WEDS AN EARL'S DAUGHTER.

LONDON, April 30.—W. Baywaas Cutting, Jr., secretary of the United States embassy here, and Lady Sybil Cuffe, daughter of the Earl of Desart, were married this afternoon at All Saints church. The wedding was a quiet affair. Joseph H. Choate, the United States ambassador, and the other members of the embassy were among the few guests present outside of the families of the bride and bridegroom.

LEYLAND LINE SOLD.

J Pierpont Morgan Takes a Hand in a Steamship Deal.

All the principal ordinary shareholders representing a great majority of the ordinary shares, according to the circular, have intimated to Mr. Ellerman that they will avail themselves of the offer of Mr. Morgan, and the effect will be that the purchasers will become owners, practically, of all the ordinary shares at a cost of upwards of £1,750,000. Mr. Ellerman binds himself not to engage either directly or indirectly in the North Atlantic trade, either with the United Kingdom or the continent, except between Antwerp and Montreal, for a term of fourteen years, on condition that the purchasers sell him the Mediterranean, the Portugal and the Montreal fleets and the business connected therewith at an agreed price. Mr. Ellerman adds that he proposes to retain his entire holdings in preference shares, amounting to over £180,000, and his co-directors will retain all their preference holdings, amounting to £120,000. Mr. Ellerman also offers to buy any preferred shares at par.

CHINESE AFFAIRS.

BERLIN, April 30.—It is stated by officials here that the main German expeditionary force in China is now withdrawing to its former position, leaving a garrison at the pass at the great wall. The non-participation of the French in the battle was not due to a failure to arrive in time. Further expeditions are not projected, and will depend upon whether the Chinese make such expeditions necessary. In official circles it is believed that General Liu acted upon his own initiative, or perhaps at the suggestion of some anti-foreign mandarin, officials not believing that the Chinese government ordered General Liu to resist the Germans, since such actions is plainly against the government's interests.

THE TALE OF A PISTOL.

DENVER, Colo., April 30.—A special to the Republican from Santa Fe, N. M., says it developed at the hearing of William Wilson, charged with furnishing convict George Stevenson with the revolver used by him in the recent attempted delivery at the penitentiary, that the plan was to secure the release of Tom Ketchum, who was executed last Friday, and "Broncho" Bill Carver, a member of his gang.

A FATHER'S CRIME.

ST. PAUL, Minn., April 30.—The police authorities believe that William Rosenfield has thrown his four children, ranging in age from two and a half to seven years, into the Mississippi river from the Marshall avenue bridge, and then leaped in after them. All are supposed to have been drowned. None of the bodies has yet been recovered, but according to police reports, satisfactory evidence is at hand that the crime was committed. A policeman found a horse hitched to a buggy, wandering about in the vicinity of the Marshall avenue bridge Thursday. In the buggy was a dog that had been a pet of the children, but no other trace of the occupants has been found.

A CRIPPLE'S CRIME.

CHATTANOOGA, Tenn., April 30.—William Hamsay, a cripple, last night shot and killed his brother-in-law, Madison Amos, a truck farmer, because the latter refused to take a drink with him. The bullet passed through Amos' body and fatally injured an infant in the arms of Mrs. Amos, who was in the room at the time.

FILIPINO LEADERS SURRENDER.

MANILA, April 30.—The report that Gen. A. Alejandrino has surrendered is confirmed. He was looked upon as the possible successor of Aguinaldo. Padre Aglipay, the ex-communicated Filipino priest, who preached the doctrine of a holy war against the United States, has also surrendered.
