### COL. LYNCH

Promptly Arrested on a Charge of High Treason.

The Rebel Member For Galway Gathered in by the Police.

LONDON, June 11.—Colonel Arthur Lynch, who fought with the Boers in South Africa, and who, in November last, was elected to represent Galway in the house of commons, was arrested this morning on his arrival at New Haven from Dieppe, France. Colonel Lynch, who was accompanied by his wife, was brought to London and was afterwards taken to the Bow street police station.

Subsequently Colonel Lynch was arraigned at the Bow street police court on the charge of high treason and was remanded until Saturday, June 14th, after formal evidence of his arrest had been presented.

The prisoner, who was described on the charge sheet as a "journalist," sat in the dock apparently unconcerned until the magistrate asked him if he had anything to say in reply to the charge.

The colonel, who is tall, erect and of military bearing, then arose, grasped the iron railing in front of the dock, hesitated and finally almost inaudibly replied:

"No, sir."

Col. Lynch, who did not apply for bail, was taken to the cells. When he was searched, nothing but a small sum of money was found on his person.

(Special to the Star.)  
FREDERICTON, June 11.—Seven shares of the People's Bank stock, owned by the Jas. D. McPherson estate, were sold at auction this morning. They were bought by Willard Kitchen at \$290 a share. The par value of the stock is \$150.

William Richards, whose condition was quite serious last night, is considerably improved today. He is today able to retain food upon his stomach, which he has not been able to do for late.

### WEALTHY AUSTRALIAN

Did Not Live to See His Children in London.

CHICAGO, June 11.—While hurrying to London, England, to see his children, while life lasted, William Somers, a wealthy merchant of Melbourne, Australia, has been overtaken by death at a hotel in Chicago. Mr. Somers, who was 70 years old, was accompanied by his aged wife. The old man was ill, but hoped to reach London, where his children reside. Mr. Somers is said to have been a prominent figure in the business and social world of Melbourne.

### THE SUNNY SOUTH.

Two Boys Lynched and Riddled With Bullets.

CHARLOTTE, N. C., June 11.—A mob of about fifty masked men broke into the jail at Salisbury at 1 o'clock this morning, took out two negro boys, Harris and James Gillespie, charged with murdering a white girl, and lynched them. They were hanged to a tree on the outskirts of the city. Their bodies were riddled with bullets.

### WARSHIPS ASKED FOR.

BERLIN, June 11.—The German cruisers Gazelle and Falke have been sent to Venezuela, at the special request of the German charge d'affaires at Caracas, Herr Von Pittelinn-Baltatz, owing to a revolution having broken out in the suburbs of Laguar, leading to the bombardment of the town by the forts and Venezuelan warships.

### DIED IN ST. STEPHEN.

(Special to the Star.)

The deceased bey is succeeded by his son Mohamed, who was born in 1865. The reigning family of Tunis has occupied the throne since 1691.

### THE WEATHER.

### OCEAN STEAMERS.

Westminster Gazette Says Canadian-British Line Will Come,

With Capital of £10,000,000 For Six Passenger and Twelve Freight Steamers.

LONDON, June 11.—The newspapers here continue to discuss the British shipping combine as though the project had assumed quite tangible shape. The Westminster Gazette intimates today that the Cunard line will not join in forming the proposed Canadian-British line, and it says the Colonial Secretary, Mr. Chamberlain, favors subsidizing the latter project rather than the Cunard plan, which is more especially directed against the Morgan shipping combine.

According to the Westminster Gazette, the capital of the Canadian-British line will be £10,000,000, of which £8,500,000 will be expended on six 25-knot vessels, and a dozen freight steamers, including £200,000 subsidy from Canada. The promoters, it is added, anticipate a total subsidy of £500,000, besides an imperial guarantee of interest on their capital, amounting to £300,000 yearly.

The Westminster Gazette further asserts that the negotiations for a guarantee of the interest on the capital is so far advanced that the only point at issue is whether it shall be 2-1/2 p. c. or 3 p. c.

### DROWNED AT ST. ANDREWS.

(Special to the Star.)

ST. ANDREWS, June 11.—Peter Carroll, an aged and respected resident of this town, was drowned this forenoon in the sea at the western bar. He had driven in his truck wagon across the bar to stake out a mussel bed. By some unknown means he got into the tide, which was then about one hour from flood. The body has not been recovered yet.

The Shirt Waist Corset is in great favor. It comes in white and drab and is of such length that the form is given its natural contour and the dress a correct appearance—at DYKEMAN'S.

### THE ADDRESS TO THE KING.

The address from the legislative assembly to be forwarded to His Majesty King Edward is a magnificent piece of work. The parchment is done in bronze, purple and black hints. The engrossing is surrounded by a wreath of maple leaves in natural colors, and surmounted by a crown over a sword and sceptre crossed. At the base is the New Brunswick coat of arms with the Union Jack and Canadian ensign also crossed. At the upper corners are the Canadian and British coats of arms. The address as a whole is a splendid piece of work and reflects great credit on the artist and designer, W. C. Clark of the Maritime Lithographing Company.

### TO PRODUCE PEAT MOSS.

A number of gentlemen in this city are looking into the question of peat moss handling, with a view to the formation of a company to place this article on the market. Some few years ago peat moss was introduced as a bedding for cattle and horses and although perfectly satisfactory for this purpose was found to be somewhat too expensive. The present idea is to use the moss not for bedding, but for burning, and it is believed that the plan is feasible. It is thought that by submitting the moss to a very high pressure it can be compressed into blocks which will prove fully as good as coal for heating purposes and can be supplied at about half the price of anthracite coal. If the company is formed, as at present seems probable, the moss will be obtained from the peat bog on the Shore line near Musquash.

### NEW SUMMER HOTEL.

In all probability St. John will have a fine, new summer hotel in the near future. A movement is on foot among a number of citizens, chiefly in the north end, to build a hotel at the Bay Shore. It is understood that a suitable piece of property on the hill just above the shore has been purchased, and that arrangements are being made for the erection of the necessary building. During the past year or two the Bay Shore has been somewhat neglected as a favorite resort, and it is thought that the erection of this hotel will tend to restore it to its former popularity.

### THE LAKE SUPERIOR.

An attempt will be made at high water this afternoon about half-past three o'clock to float the Lake Superior. For some time past men have been employed getting her in condition to make the effort a success. A false lower deck has been placed. The steamer and cement has been used to fill up all the cracks, thus preventing the water from rising above the height of this improvised flood. When the tide serves tugs will be attached, and it is expected that the attempt will prove successful.

There are Shirt Waists in every dry goods store, but the waists, of what is said to be the best and most up to date manufacturer in the Dominion, are to be found only—at DYKEMAN'S.

### STORM-SWEPT.

An Iowa Town Destroyed By a Tornado.

Loss of Life and Property Reported From Illinois—Wires Are Down.

CHICAGO, June 11.—After having been cut off from communication with the outside world since 11:45 o'clock last night, the city of Bloomington was finally heard from this morning. A message received at that hour said that a severe wind and rain storm visited Bloomington last night, leveling wires in all directions. The damage is not yet known.

All attempts to reach Decatur, Springfield, Pontiac, Clinton, Freeport and other cities proved futile last night, nor had they been heard from this morning.

A tornado covering a wide belt of country, crept over Northern and Central Illinois from Freeport to Bloomington and Clinton in the central part of the state.

BLOOMINGTON, Ills., June 11.—Three lives were lost and 20 persons injured at Morna, ten miles north, in the storm that visited this vicinity about midnight.

The dead—Miss Lena Cahagan, of Leray; Mrs. Edward Martin, of Leray, and Miss Annie Kelly, of Morand. Mitchell Cunningham, of Mora, is missing.

About twenty others, more or less, were injured. About two hundred people were attending a dance in the town hall when a tornado wrecked the building, lifting the door and crushing in the walls. Other damage was done at this point, but particulars are meagre.

DES MOINES, Iowa, June 11.—Grinnell, a small town in Marshall county, was destroyed by a tornado last night. Owing to the wires being down, it is impossible to secure definite knowledge as to the facts.

### EMPEROR WILLIAM

Responsible For Turbulent Scenes in Austrian Parliament.

VIENNA, June 11.—There were further turbulent scenes in the lower house of the Reichsrath today, when both the president of the house, Count Vetter Von Der Lile, and the premier, Dr. Von Koberger, scathingly criticized Dr. Von Kiofal and other members who protested violently against the anti-Polish speech recently delivered by Emperor William of Germany at Marienburg, on the occasion of the completion of the work of restoring the ancient castle there.

The premier said he specially regretted the invectives directed against a sovereign who since his accession had been a faithful ally of Austria-Hungary. In conclusion the premier curtly refused to reply to an interpellation on the subject of the German emperor's speech. The premier's remarks were greeted with a storm of mingled cheers and cries of disapproval, the banging of desks and other noisy protests.

### U. S. RECRUITING OFFICER

Said to be Enlisting Returned South Africans for the Philippines.

NEW YORK, June 11.—A special cable to the Herald from London says: "It was stated in the lobby of the house of commons yesterday that an officer in the United States army was present in London enrolling recruits for service in the Philippines from the ranks of seasoned soldiers who are now returning from South Africa. The matter next week will be mentioned in the house of commons in the form of a question by one of its members."
