STAR AGGREGATION TO ADVERTISERS ! to the Carnival. Copy for Saturday's Issues of

the STAR must be sent in by Three-The carnival committee today receiv-d word from J. W. Fraser, president t the North West Arm Rowing Club. Thirty O'Clock Friday Afternoons, of the North West Arm Rowing Club, Halifax, that the following oarsmen would come over to take part in the water sports: Coates and Duggan, in single sculis; Heffler and Patterson, in doubles; Coates, Heffler, Patterson and Preeper, amateur four; and the War-ner Duggan professional four. This is claimed to be the beet aggregation of oarsmen that the Nova Scotia city ever sent out to represent her. Another feature of the carnival will be the band competition. Seventeen musical organizations have been asked to take part, and it is expected that most of these will attend. As a special attraction the band of the imperial regiment now stationed at Halifax, is to be brought here, if suitable arrange-ments can be effected. The local football men are now seek-ing to arrange for a match with Fred-ericton to take place during carnival week. otherwise it is absolutely impossible to sure a change for that issue, as the paper goes to press earlier on Satur-days than on other days of the week. POLICE COURT.

Tvo Hobos Disposed of By His Honor This Morning.

This Morning. Two hobos, who gave their names as James Doyle of Halifax and Patrick holding from some part of Ireland. M were arrested by Officer Hamm last evening. They had been making some disturbance on Acalia street, and w ised language both obscene and blas-hemous. On the way to the North by End station, actuated, no doubt, by ap desire to search for coal, the men fell over a stove, but did not break it. This m morning Colligan changed his name to Thomas Cusack, and decided that he halled from the States. But this dis-guise did not save him. He wanted to talking, and talked. Then he talked for some time. After this he began for some time. After this he began for commence a two months' sent-ence. In the menntime Dorde who has hes for

ence. In the meantime Dayle, who has for some time been a prominent figure on the streets, asked for a chance. He said he sold writing paper for a living, but as this was a somewhat unprofitable business he felt weak from hunger. The magistrate gave him a chance to get out of the city by the nearest road to Boston and Doyle started off. Another drunk who had no money was let go.

was let go.

THE HOSPITAL COMMISSONERS.

Delegates Will Be Chosen By the Schools Tomorrow. Sunday, Oct. 5th, will be a day of in-terest in Sunday schools, when they will choose their delegates for the pro-vincial Sunday school convention to be held in Germain Street Baptist church on 14, 15 and 16th of this month. The executive committee, of which T. S. Simms is chairman, are making every possible effort to prepare for a con-vention of unusual interest. There is a heightened anticipation from the fact that Prof. Excell--a famous music writer and leader of some of the largest choruses on this con-tiftent, is coming to conduct the sing-ing. Mr. Excell is a man of fine per-sonal form and noble Christian char-acter. One evidence of his Christian benevolence is that through the in-fluence of distant friends of New Brunswick provincial Sunday school work, he gives his services for the three days of convention gratis. The hymn and music books to be used can be obtained at the convention ses-sions. Copies will be passed to the united choir for previous practice. The pipe organ and piano will be used in all the sessions and the united choir will ad especially in the evening sessions. Alex. Watson is the chairman of the local committee to whom all delegates' names are being sent. Though there is a limited delegation for entertainment, the city schools are not limited in delegation, and all ses-sions are open to the public.

THE HOSPITAL COMMISSONERS. Some five or six wonths ago Dr. Bay-ard tendered to the common council his resignation as a member of the board of hospital commissioners. This re-signation was received at a meeting of the council, and after some compli-mentary remarks had been made it was laid on the table. Since that time nothing has been done in the matter. The resignation has not yet been accepted and Dr. Bayard has not reconsidered his decision. As the affair now stands, he is still a member of the commission, although he has re-signed and since the time of tendering his resignation he has not taken any active part in the work of the institu-tion. Dr. Bayard was president of the commission and his work is now being done by M. W. Maher, the vice-presid-ent.

The insurance appraisers on the re-cent Indianown fire have completed their work. The steamer Star was found to be a total loss and the full amount of insurance, \$9,000, was grant-ed. This is carried as follows: Quebec and Connecticut, \$2,000 each; Norwich Union and National, \$1,500 each; Liv-erpool, London and Globe and Cana-dian, \$1,000 each. The Telegraph this morning charges that Mr. Hazen wrote the report of the Gagetown meeting which appeared in last night's Star. As usual the Tele-graph states what is not true. The re-port was written by a resident of Queens county whose, reputation for fairness is much higher than that of the Telegraph. If a few of the editors of the Telegraph. SOUTH END BAD BOYS.

SOUTH END BAD BOYS. To the Editor of the Star: "Sir,—While the police are kept busy in suppressing the ubiquitous bad boys in the east end, the bold boy and the bad man of certain portions of the south end are also in evidence. It is no reflection on the south end proper to say that such a state of af-fairs exists. There is one corner in particular that calls for an immediate attention—the corner of Brittain and Charlotte streets. A few evenings since some young la-dies had occasion to pass that corner. The crowd gathered there did not make way for them, but transgressed all rules of good breeding and from pipes and cigarettes blew clouds of smoke into the ladles' faces. When remon-strated with by a gentleman one of them growled: "Ah! gwan! What's de matter wid youse! What've you got to do with it anyway? Mind yer own bizness or we'l give you the run." It is time these youngsters were

sot to do with it anyway? Mind yer own bizness or we'll give you the run." It is time these youngsters were dealt with. They are a menace to the neighborhood. Next in line comes the big loafer. There are many of this lik in the south end, who ply their trade between Syd-ney street and Reed's Point, on Brit-tain street. Their sole object in life seems to be to keep in a continual state of inebriation. Some days, wea-ther permitting, they may be found at one of the fish wharves engaged in fishing smelt. They sell the fish, and with the cash immediately get a black bottle replenished. This crowd is known as the "Lawn Gang." chiefly from making their headquarters in a state of ide fish wharves engaged in fishing smelt. They sell the fish, and with the cash immediately get a black bottle replenished. This mode of pro-cedure. It is nothing new for him to "hold up" the passing pedestrian with a "Say, mister, I'm sick. Lend us ten cents to get a drink, will you, an' I'll do as much fer you, some time." These and other appeals are made. If the geod citizen does not respond he is asked to go into some nearby saloon and "Run yer face fer a bottle-full—de bartender will give it to you." If persuasive appeals cannot open the pedestrian's purse strings then down upon his head comes a flood of abuse. It is a common occurrence to notice these fellows rolling around the south end corners at all hours. The street corner loafers, the members of the "Lawn Gang" is easy. Their paths lie along the same grove. They both insult ladies and passing citizens; the one is not afriad of the policeman, the other solicits or begs alms for drinks right in view of the policeman. Any SOUTH END. THE WONDROUS WEST.

The 85c. sale advertised last Saturday has proved a great success. Many new customers have been attracted by the special values. Some of the persons whom we had not noticed here before bought as many as three and four dress lengths. To further advertise our dress goods department, we are going to sacrifice the profits on about 2,000 yards more of this season's newest dress and costume cloths. Next week buyers will find here the best values ever offered in the city at these popular prices-39c., 68c. and 85c. yard.
