BAND OF ROBBERS CAPTURE AND LOOT MEXICAN TOWN

Boldest Raid in History of the Country—Fifteen Armed Men Swoop Down on Town and Take Possession—Brisk Fight with Troops.

CITY OF MEXICO, June 26.—Wild stories concerning a formidable and serious revolutionary outbreak in the northern part of Mexico were wholly discredited today by telegraphic reports received from Governor Cardenas of the State of Chihuahua. According to these telegraphic advices which were received by Vice President Corral, one of the boldest bandit raids ever attempted in the history of Mexico was successfully carried out when the town of Viesaca was assaulted and looted yesterday. The bandits, numbering 15, all well armed and mounted, swooped down upon the town without warning. A feeble resistance was made by the police of the place but after three of them were killed and three mortally wounded, the marauders practically had things all their own way. They first proceeded to the jail, releasing all of the inmates, some of whom joined the robbers. The bandits next headed for the bank of Viesaca, a branch of the main institution of that name which is located in the city of Monterrey. They soon overpowered the employees there and robbed the bank of all the money they could get. At the sum is not stated in the official despatches. From these robbers with a hurrah went to the government stamp office, looting it and doing great damage to the postoffice. They then turned back to the express office, robbing it. By this time the whole town's population was terrified. The bandits cut the telegraphic wires and tore up some of the railroad tracks. However, before communication was interrupted, word was sent to the state capital of the assault. Governor Cardenas immediately reported the raid to the secretary of the interior here and dispatched local troops to the scene. After imprisoning the municipal officers and further terrifying a branch of the town, the robbers got word that troops were on the way to the scene. This morning the bandits left and at the town of Matamoros De La Guay, they encountered the first detachment of troops. A lively fight ensued in which one trooper was killed and several wounded. The soldiers succeeded in capturing all of the bandits, but the remainder made their escape and are now in the wilds of the State of Durango. The attack on Viesaca, Texas, June 27.—The attack on Las Vocas, Mexico, yesterday, is separate and distinct from the affair at Viesaca. Thirteen towns are more than 100 miles distant from each other and the assaults were at least 24 hours apart.

NO CAMERA NEEDED. Prof. Lippmann Discovers a Method of Direct Photography.

PARIS, June 26.—As already mentioned in a brief cable despatch to the New York Times, Prof. Lippmann, of the Sorbonne, has just made a discovery which will revolutionize the art of photography. When his discovery has been perfected in a few of its details, cameras may be done away with, and the photograph will give the same effect of relief and perspective which can be secured now only by use of the lens. The discovery is so simple and so easy to make that it may be mentioned that it was Prof. Lippmann who first discovered color photography. His latest discovery is no less extraordinary. Prof. Lippmann's laboratory occupies two entire floors of one of the Sorbonne buildings, far from the noise of the street and the incessant movement of the Latin Quarter. It may be mentioned that the laboratory is perfumed with the odor of Turkish tobacco. The professor smokes all the time—this is a detail for the more part—lighting a fresh one as soon as he has consumed the old. He has been so occupied for months. There was no hazard in it. He arrived at his results by studying the eyes of flies and mosquitoes.

END OF THE WORLD SET FOR OCTOBER

Accordingly All the Holy Ghosters are Preparing to Migrate to Jerusalem. SHILOH, Me., June 26.—Elijah Frank W. Sandford, founder of the Holy Ghost and the Society, is at the despatch at his headquarters in the Holy Hand, and a cablegram has been received from him asking for aid. Mrs. Sandford also is reported to be in feeble health. "Moses" Charles E. Holland, who is in charge of Shiloh, is preparing to sail on the yacht Kingdom with money and supplies to relieve them. It was announced in the chapel this week that a message had been received from Sandford saying that the world will come to an end in October, and warning the Shilohites to be prepared. Holland is now negotiating with a New York yacht club for two discarded vessels to be used to transport the colony to Jerusalem before October. On orders from Sandford all the Shilohites, men, women and children, are learning to swim. The men in charge of Elder "Piper" take a plunge every day at 8 a. m., while the women, in charge of Elder Hatch take their bath in the Androscoggin River each day at 10:30. There is much sickness and insanity at Shiloh. Only last week a Mrs. Shaw who came here from New York several years ago, was sent to the insane asylum at Augusta.

SHAW ORDERS NEW ELECTIONS FOR PARLIAMENT

TEHRAN, June 26.—The Shah of Persia will issue a decree and ordering new elections for the assembly and senate, which he will open in state three months hence. A general amnesty has been proclaimed and there is no longer any danger for the refugees in the legations.

PERSIAN SITUATION STILL VERY BAD

Rigorous Restrictions Announced by Shah. Members of Assembly Imprisoned in Royal Camp—Others Have Fled—Governor of Town in Russian Legation.

LONDON, June 27.—The Times Tehran correspondent says that the Shah's proclamation declares Persia to be under martial law from June 22nd, and that it gives General Likhtoff, commander of the Cossacks, free hand to deal severely with the people. The assembling of the people and the carrying of arms is prohibited on pain of death. Several members of the assembly are in chains in the royal camp. The others are scattered and their whereabouts is unknown. The number of prisoners in the camp is increasing hourly. Those detained are being subjected to the worst of ordeals. Messages from the provinces are being censored, thus severing the provinces from communication with the capital. It is difficult to pass mail, but undoubtedly the popular feeling that what is regarded here as the activity of Russia probably will restore the Shah's authority. The correspondent also says that it is reported from Tabriz that the Governor of that city has taken refuge in the Russian Consulate there.

WIFE COMMITS SUICIDE IN COURT

PARIS, June 26.—A tragic scene was enacted at a court-martial in Danzig yesterday. Some months ago a volunteer of the Thirtieth Artillery Regiment named Schwarz became engaged to the daughter of a wealthy merchant. Her parents would not hear of the match, however, and after doing everything they could to dissuade the girl they offered her \$500 if she gave up her lover. The girl agreed, but directly she obtained the money, she hanged herself with her to London, where they were duly married in a registry office. But the young man was moved to repentance for his desertion, and a fortnight ago the two returned to Danzig, where he gave himself up to the authorities. His trial took place yesterday, and owing to the circumstances he was not let him off with a light sentence of three months imprisonment. The young wife was in court, and when she heard that her husband would have to go to prison she swallowed the contents of a small phial of poison, and fell dead on the floor.

HELIE ANNOUNCES HIS WEDDING DATE

PARIS, June 27.—The Matin's London correspondent telegraphs an interview with Prince Helie de Salles, which the prince said that his marriage to Mme. Goull will take place about July 7, and will consist of a religious and civil ceremony. Only four witnesses will be present, two Germans for the prince and two Americans for the bride. When questioned on the subject of conversion to Protestantism, Prince Helie, according to the correspondent, asked him why he should become a Protestant.

A TREAT FOR ST. JOHN.

The fine performance of the Bohemian Girl so successfully put on in Halifax by Max Neil and his talented group of amateurs will be given in the city Monday evening next. When the Halifax amateurs played Capt. Reese here a few years ago they had crowded on as good as Capt. Reese was. St. John theatre goes have a treat in store for them. In the Halifax company are several very gifted singers and it is universally conceded that a more finished production of any opera has never been heard in Halifax and Halifax is famed for its amateur operatic productions. It will be wise to secure good seats early. MRS. JAS. BRICKLEY. The death of Mary Ann, widow of James Brickley, removes one of the oldest residents of St. John. Mrs. Brickley was in the ninetieth year of her age, and has been very feeble for the past three years. Her demise occurred last night at 11:30 at the home of her niece, Mrs. Sullivan, Victoria street. She leaves two sons, James, who resides at Burton, Sunbury County, and John, of Boston. She was born in Ireland and came to St. John when an infant with her parents, and has resided here ever since. Her husband, who was a well known boatman, died about ten years ago. Mrs. Brickley has been a life long member of German street church. The funeral will take place from the residence of Jas. Sullivan, 26 Victoria street, on Sunday afternoon at 2:30.

SOLDIERS PREFER SUICIDE TO "SIBERIA OF ENGLAND"

GLB WOMEN AT BOSTON INJURED Tally-ho Upsets and Delegates Were Caught Under the Vehicle—Prompt Aid Extended. Five Suicides at Bulford Camp on Salisbury Plains Since Christmas—Men Driven to Desperate by Loneliness—No Amusement But Drink.

NEWPORT, R. I., June 26.—Two thousand club women who came here from Boston today for an outing were back greatly saddened, as a result of an accident which caused serious injuries to several of their number. Many of the visitors, who were delegates to the biennial session of the General Federation of Women's Clubs in Boston, had been enjoying carriage drives about the city and it was the occupants of a tally-ho coach bound for Boston's Beach who met disaster. When the coach had reached the middle of a steep hill on Bath Road, at the corner of Cliff Avenue, one of the forward axles suddenly broke and almost instantly the vehicle collapsed. Most of the women were caught beneath the coach, which turned completely over. The accident occurred in the midst of the holiday throng, and aid was swift in coming. Private automobiles were placed at the disposal of the injured, and all were taken to the Newport hospital before the police ambulances, which had been summoned by a nearby resident, had arrived. At the hospital the utmost secrecy was observed regarding the identity of the injured women, who numbered twelve, the physicians and attendants stating that such was the wish of the women themselves. It was understood, however, that a Mrs. Davenport, of Watertown, Mass., and a Mrs. Wynn, of Malden, Mass., were the two most seriously injured, and that they were in a dangerous condition. One of the other women, who was cut about the face and ankles, was said to be a Mrs. Sinden, of Lincoln, Neb. Most of those taken to the hospital were able to leave the institution after they had been treated for bruises and other minor injuries and tonight only three remained. These were Mrs. Henry Wynn, Malden, Mass., suffering from a skull fracture, Mrs. B. F. Davenport, Watertown, Mass., collar bone and three ribs fractured; Mrs. Sinden, Lincoln, Neb., collar bone dislocated and cuts about head and face.

CLEVELAND LEFT A COMPARATIVELY SMALL FORTUNE

Press of Both Parties Pay Tribute to His Career. BATTLE WITH TROOPS. Exciting Revolution at Las Vocas—All Communication Cut Off—Troops Rushed to the Place. EL PASO, Texas, June 27.—In an encounter between revolutionists and troops of the Mexican Government at the town of Las Vocas in Coahuila, Mexico, near the border, a force from Del Rio, Texas, early yesterday, between forty and fifty were killed and the remainder of the Mexican troops were badly injured, according to a despatch received here last night. The story of the battle as received here is as follows: The quarters of the Mexican officers and barracks were first upon by the attacking band and the assault centered upon the Federal Customs House. Forty troops were finally assembled. In the disorder following the initial attack upon the barracks and the discovery that the quarters of the soldiers were burning, the revolutionists captured about sixty horses belonging to the Mexican cavalry. At the customs house the troops made a determined stand and the fighting lasted all morning without intermission. It is stated that 5,000 shells were expended. The revolutionists cut all telephons and telegraph wires, leading to Las Vocas and thus prevented the besieged town from sending for reinforcements. After heavy firing until about noon, the attacking party was repulsed and communication was established out of Las Vocas. Troops were rushed to the place and it was expected to arrive there last night, but advices from Del Rio say that a second outbreak was feared before the arrival of assistance.

NOT FASHIONABLE.

When a famous politician was informed that his daughter's marriage was announced in the papers under the heading of "Fashionable Intelligence," he exclaimed, with a merry twinkle in his eyes: "How absurd! Why, we pay our bills!"
