

CANADA.

Copy of a Despatch, from His Excellency Sir F. Bond Head, Baronet, Lieutenant Governor of Upper Canada, to His Excellency Henry S. Fox, Her Majesty's Minister at Washington.

Toronto, Upper Canada, 7th Jan. 1838. Sir, I have the honor to enclose to you the copy of a special message, sent by His Excellency Governor Macarty, to the Legislature of the State of New York, in relation to a matter on which your Excellency will desire the earliest notice and the most accurate information.

In Upper Canada, which contains a population of 400,000 souls, the most perfect tranquillity prevailed up to the 4th day of December last, although in the Province of Lower Canada, many of the French Canadian inhabitants had been in open rebellion against the Government for a month previous.

No time since the treaty of peace with the United States in 1763, had Upper Canada been more undisturbed than at the present time. On the 4th of December, a number of persons, including the British and American inhabitants of Lower Canada, were wholly opposed to the revolt, and anxious to render every service in their power in support of the Queen's authority.

On the night of the 4th of December, the inhabitants of the city of Toronto were alarmed by the intelligence that about five hundred persons armed with rifles, were approaching the city—that they had murdered a gentleman of great respectability in the highway, and had made several persons prisoners.

On the 7th of December, an overwhelming force of militia went against them, and dispersed them without losing a man—taking many prisoners, who were instantly released by order, and suffered to depart to their homes.

On the 11th of December, the militia went to the assistance of the militia of the District of London, and in consequence, a militia force of 1000 men was ordered to the assistance of the militia of the District of London, and in consequence, a militia force of 1000 men was ordered to the assistance of the militia of the District of London.

On the 15th of December, the militia went to the assistance of the militia of the District of London, and in consequence, a militia force of 1000 men was ordered to the assistance of the militia of the District of London, and in consequence, a militia force of 1000 men was ordered to the assistance of the militia of the District of London.

seems to have considered himself not called upon to make this aggression the subject of remark for any other purpose than that of an act of self-defence on the part of Her Majesty's Province of Upper Canada, to which such unprovoked hostilities have unavoidably led.

The intelligence from the Mother Country is highly important. H. M. Frigate Inconstant, having on board the late of the 23rd Regt. command Major Arthur, who is a member of the House of Commons, arrived in the harbor yesterday afternoon.

At no period since the restoration of the army has the Government possessed a larger available contingent of troops than at the present time. The 23rd Regt. of Foot, which was a detachment of the 1st Regt. of Foot, is now in the harbor.

to beware of the dust which it is attempted to throw in their eyes, on this subject—to discard for a moment all partisan prejudices, and then to take the question solely on its own merits.

On motion of Mr. Thomson, the House went into Committee of the whole, on a Bill to provide for the payment of Grand and Petit Jurors in the several Counties in this Province.

Mr. Wier, from the Committee on Light Houses, submitted a Report, which he read and handed the same in at the Clerk's Table, where it was again read; and it follows:—The Committee appointed to take into consideration all matters relating to Light Houses, report, that they have under their consideration the Petition of John Pondell, praying for remuneration for the erection of a lighthouse on MacInnis Seal Island; and recommend that the Commissioners of Light Houses for the County of Charlotte do make him a reasonable allowance for the same; the same to be deducted from the salary of the present keeper of the Light House on said Island.

SYMPATHY.

MESSRS. GOSSET & CO.—In these very exciting times, when our neighbors exhibit so much unfeeling sympathy for the Canadians, and also for the lands in Canada, and the Fisheries in the Gulf of St. Lawrence—all of which as well as the rights of the people of this country, are so much at stake, we are glad to see that the friends of the Mother Country are so much interested in the welfare of the poor people of this country.
