WELSH POOL RED CROSS DOING GOOD WORK.

Welsh Pool, April 8—The ladies of the Red Cross Society of Welsh Pool and North Road, Camphobello, have been untiring in their efforts to do for those who are so heroically defending the empire, and have accomplished a great deal of hard work both for the Belgian relief and Red Cross. They have recently sent, through Lady Tilley, to the Canadian Red Cross Society a box containing the following articles: Thirty pairs of knitted socks, 30 pairs of bed socks, 30 nightshirts, 14 nightingales, 300 mouth cloths, 17 rolls of bandages, six flannel belts, and one knitted scarf.

This, with several similar boxes, represent a great deal of hard and earnest labor for so small a community, and is the expression of loving hearts going out to our brave boys who are so willingly giving their manhood for the defence of the empire.

It is very gratifying to know that many of the Americans who spent their summers here have generously remembered the work of the Red Cross in this place, and not only nobly responded during the summer but have continued liberally to support the work during the part winter. Among these may be mentioned Miss Brune and Miss Donaldson, of Baltimore, and Mrs. Merriman, of Watertown.

The branch has a lot of material on hand and propose continuing the good work as long as there is any need for such effort.

WHAT'S UP BETWEEN MR. FLEMMING AND HON. MR. CLARKE?

(Evening Times.)

Can it be that relations are strained between Premier Clarke and ex-Premier Flemming? We find in an editorial in the Woodstock Press, which is Mr. Flemming's organ, the following reference to the St. Croix Courier, which is the organ of Mr. Clarke:

"In this (Carleton) county the Courier is in bad standing with the Conservatives, who have doubt as to its bona fides, owing to its silence during the Dugal investigation, when an innocent man was being unmercifully pounded by his political opponents."

That is a somewhat serious charge to make against the newspaper which is the home organ of Premier Clarke. Who was the innocent man in the case? Was it Mr. Flemming? If so, why did not the Royal Commission say so, and why is Mr. Flemming not now occupying the position which is occupied by Mr. Clarke? Of course had there been no Royal Commission report Mr. Flemming would still be premier. Does he blame Mr. Clarke for that report? The present premier certainly did not betray any fierce desire to get Mr. W. H. Berry on the stand, or to bring another gentleman or a certain set of books from the States. Mr. Flemming should surely be thankful to Mr. Clarke on that score, even if the newspaper which is supposed to express Mr. Clarke's views failed to discover in Mr. Flemming a high-souled patriot and an eminent statesman. It is really too bad that there should be any rift in the Tory lute.

TELLS OF TERRIBLE CASES IN HOSPITAL AT THE FRONT

Andover, N. B., April 7—Mrs. G. B. Peat has received the following from her husband, Dr. Peat, at the front in northern France:

From Capt. G. B. Peat, Canadian Casualty Clearing Station.

Just a few lines while I have a few minutes to spare. We have been awfully busy the past week as there has been quite a bit of fighting. We have had between 200 and 300 in every day. They come here from the front as from No. 6 Clearing Hospital (British) and there have been some fierce cases. For example, today I set six fractures caused by bullet and shrapnel.

We have had a number of operations, and then we have done a number of fractured skulls, cutting out bone and relieving pressure on brain.

We have two Germans in. I took the fingers of one off yesterday.

The British soldiers are wonderful. Never a word though they may be torn up in horrible looking messes, and always cheerful.

Most of those in have got their German anywhere from once to a dozen times and they don't seem to have much respect for them, saying they drop their rifles and surrender at the least scare.

You should hear the big guns go. They make an awful row and some nights they go all night.

The British have handed it to them pretty severely the past few days if what the wounded say is correct, and they ought to know. When you hear them talk of climbing over Germans lying three deep it must be rather wicked.

Well, I guess we'll see about all we want to of wounded men, etc. Shrapnel makes horrible wounds and so do bullets and if it has stayed in for a couple of days it gets purulent and stinking. Of course we don't keep cases very long but send them to the base hospitals as soon as possible, so a good number come in at a time and may go out in twenty-four hours.

Last evening 130 came in at one time and we expect another 100 in any time. Now we can send out 150 or more.

I have 63 in my wards now, so you can see I'm busy. Regards to all.

CENSURE TOWN AND RAILWAY FOR ASHE'S DEATH

Sussex, N. B., April 9—At the coroner's inquest into the death of William Ashe, killed last evening by No. 1 train, the jurors brought in the following:

"That William Ashe was killed at Sussex railway crossing by being struck by No. 1 train in charge of Conductor Coles and Engineer Moody on Thursday, April 8. From the evidence given we are of the opinion that no blame can in any way be attached to the trainmen, they having taken all necessary precautions and obeyed orders as to the running of trains over railway crossings. Another fact brought out by the evidence was that at the time of the accident there was no light on the railway crossing, and we would strongly condemn the town authorities in not providing lights at that time of night at so dangerous a place.

"We would further condemn, in the strongest language possible, the criminal negligence of the railway authorities in not having proper protection at this dangerous crossing, situated as it is in the business part of the town, and would recommend that this matter be taken before the proper authorities and asked for immediate action." This is signed by C. H. Perry, foreman; W. J. Hunter, Mel Scott, Thos Coggan, John J. Jackson, Wm. D. Gregory, and John Finnegan.

St. George, April 8—A meeting of the board of trade was held in the town hall last evening, at which matters of interest were discussed.

H. R. Lawrence, who is in town, said he had been asked by the N. B. Southern passenger agent in St. John to obtain the views of the board of trade regarding a change in the running of the trains, having a morning train from St. Stephen and a 5 o'clock train from St. John. FORMER NORTH SHORE RECTOR DEAD.

Mr. Flewelling was a resident of Newcastle some years ago and his wife was Miss Sarah Sinclair, daughter of the late John Sinclair, of Douglastown. In 1879 the mission of Hardwicke was separated from Newcastle and placed in charge of deceased. Later he was the rector at Dalhousie (N. B.)

Who Began the War?

(Providence Journal.)

William Watson answers the question: "Who began the war" in seven lines. And he answers it conclusively. He says:

"If two men fell to fighting of whom one
Carried that day no ready weapon save
Only a oaken stave,
While the other glittered in the summer sun
With casque and corselet, lance and whetted glaive;
By which of these would all but fool or knave
Adjudge the combat to have been begun?"

The logic, as well as the poetry is good. Germany was ready. Great Britain was unready, when the war broke out. Germany began the war.

MORE THAN 600 MEN ALREADY FOR THE 55TH

The recruiting in the provincial centres for the 55th battalion goes on nicely, and Lieutenant-Colonel Kirkpatrick was able on Saturday to announce that the total number of enrollments to date surpasses 600. The North Shore and the south of the province have so far proved the best recruiting ground.

In the 26th battalion there was nothing of importance over the week-end except a number of church parades of sections. The programme that was interfered with on the previous Sunday was in the main carried out. Detachments paraded to churches at which the following ministers took part: St. Paul's, Rev. and Hon. Captain E. B. Hooper; Waterloo street Baptist, Rev. F. H. Wentworth; Portland Methodist, Rev. M. E. Conron; St. Matthew's, Rev. J. J. McCaskill. Army service companies paraded as follows: Carleton Methodist, Rev. and Hon. Captain H. E. Thomas; Carleton Presbyterian, Rev. Dr. J. A. Morison; St. George's, Rev. W. H. Sampson; Ludlow street Baptist, Rev. W. R. Robinson; St. David's, Rev. J. A. MacKeighan; Trinity, Rev. Ralph Sherman; the Roman Catholic members went to mass at the Cathedral and the Church of the Assumption.

The Army Service Corps is continuing its joint drill as a divisional train under Lieutenant-Colonel Massie and are shaping well in their new work.

Extensive work by the Railway Construction Corps at Christopher's Cove will be commenced this week. The drill in the main will be military in its form, as it is felt that the men are already experienced enough to take on anything in actual construction. Major C. L. Hervey, formerly of St. John, has reported for duty.

The brigadier, Colonel J. P. Landry, and the brigade-major, Major Malcolm McAvity, are expected to be back in St. John on Wednesday.

About fifty men of the 40th Regiment arrived in Amherst on Thursday from Halifax and are getting the internment camp in order for the reception of the German prisoners. The matter of the sending of the prisoners there rests entirely with the imperial government.

Miss Annie Stamers, daughter of Mrs. B. A. Stamers, of this city, who has volunteered for foreign service as a nurse, has been instructed to hold herself in readiness to report when called upon.

WAR STAMPS MUST BE USED ON AND AFTER APRIL 15TH

Ottawa, April 9—(Canadian Press)—The Special War Revenue Act received the royal assent today, and is now the law of the land. Its provisions, by the terms of the act, come into force on Thursday, the 15th inst., so that on and after that date a war tax postage stamps of one cent, or a one-cent postage stamp, in lieu thereof, will have to be affixed to all letters and post cards mailing. The extra cent will not, however, have to be placed on circulars, because a circular is not a letter within the meaning of the post office act.

On checks, drafts and promissory notes, issued after the 15th and negotiated through a bank, a two-cent stamp will have to be affixed.

Any persons sending a telegram will have to pay an extra cent to the telegraph company for his majesty's treasury.

Purchasers of railway tickets will have to pay five cents extra for the treasury on all tickets costing over $1 and up to $5; and an additional five cents for each $5, or part of $5, of the cost of the ticket.

Druggists selling proprietary or patent medicines and perfumery, costing twenty-five cents or less, will have to affix a one-cent stamp to each bottle or package sold. If the bottle or package costs more than twenty-five cents, then one cent will have to be affixed for each twenty-five cents or part of twenty-five cents of the selling price. On every bottle of wine and champagne sold special stamps will have to be affixed.

There are heavy penalties for any violation of these regulations, except in the case of the war tax on letters and post cards. If the stamp is not affixed to a letter or post card, the only penalty is that the letter or card goes to the dead letter office.

While special inland revenue stamps with the words "war tax" upon them have been prepared, and will be found on sale with inland revenue officers and with postmasters in many centres, postage stamps will serve the purpose, if the war stamps are not readily available.

Four deaths were caused by pneumonia last week according to the records at the St. John Board of Health offices, while eight others were from the following:—Broncho-pneumonia, two, and old age, paresis, meningitis, tuberculosis of kidneys, pulmonary tuberculosis and cerebral meningitis, one each.

IS FATALLY INJURED IN DYNAMITE EXPLOSION WHILE UPROOTING STUMPS

Monday, April 12.

George Scott, aged 65, of Welsford, is dead at the General Public hospital as the result of a premature explosion while he was uprooting stumps with dynamite. He sustained painful injuries about the face and body, lost the sight of one eye, and physicans feared from the first that he was hurt internally. He died early this morning.

Mr. Scott was engaged at clearing some land on his place at Welsford on Saturday afternoon. He had uprooted many stumps with the explosive, but in one charge which he set, the fuse caught too quickly and before he could move away the explosion occurred and he was thrown to the ground. When he was picked up it was found that he was injured seriously. He was carried to his home, where he was attended by a physician. Upon being ordered to the hospital he came to the city on the Boston train at 11.20 o'clock and was hurried there in the ambulance. All day yesterday it was known that he was in a critical condition with no chance of recovery.

ALBERT COUNTY MAN SENT TO PENITENTIARY

Hopewell Cape, N. B., April 9—(special)—Before Judge Jonah here this morning under speedy trials act, Cyrus Wilson, age 25, of Osborne Corner, was convicted of a heinous offense and sentenced to two years in Dorchester Penitentiary. A younger brother up on the same charge was discharged through lack of evidence. The young sister of the accused men, 18 years of age, who was also tried in connection with the case is to be sent to the home for delinquent girls in Truro. M. B. Dixon, K. C., conducted the prosecution. G. W. Fowler, K. C., and G. H. Adair, appearing for the defence.

Contributions for the Canadian Patriotic Fund have been received by C. B. Allan as follows:—J. W. R., H. L. M., T. F. S., J. R. F. and W. H. R., all of Boston, $1 each; Centenary church, $20; F. B. Ellis for April, $5; Mrs. F. B. Ellis for April, $5; Staff of Provincial Hospital for April, $51.

TIGNISH (P. E. I.) FIRE LOSS NOW ESTIMATED AT $25,000.

Charlottetown, P. E. I., April 8—The loss in the Tignish fire this forenoon is greater than at first estimated, being about $25,000. Senator P. C. Murphy, now in Ottawa, who was the principal shareholder in the Tignish Trading Company and owner of J. E. Gallant's drug store, lost about $20,000.

J. H. Myric & Company, furniture warerooms and tailoring, lost about $6,000. Fire broke out in Dr. W. P. McBride's room above the drug store. The doctor lost about $1,000.

Great preparations are being made throughout the Dominion of Canada for Red Cross sock day, April 20, as much interest is being taken in the matter. No doubt the province of New Brunswick will have a large number to report, as it has responded so well to every appeal which has been made in the past, and it is not expected that it will let this one go unanswered.

ABOUT YOUR OWN VIGOR

Sent Free to Men

Manhood Wins in all Walks of Life

MR. READER:

Here is something I have to offer you absolutely for nothing—a little private book of special information about the legitimate use and unnatural abuses of manly vigor; about the preservation of manly strength and its possible self-restoration; an illustrated pocket compendium of 5,000 words, 72 pages and 90 half-tone photograph reproductions—which I am very pleased to send by mail, absolutely free of charge, in a plain, sealed envelope, to any man, young or elderly, single or married who writes for it.

Over a million of these books have been thus sent to applicants all over the world since my first free offer appeared. Publishers are charging as much as $3 for books on sex subjects, while my book is free. Therefore, reader, if you would like a great fund of inside information relating directly to the subject of manly vigor, all put in perfectly plain, easy-to-read language, with many hints that you can surely apply to your own self, no matter how strong you may be, or how nervous or run-down you may be—if you want to know the facts about this particular subject, given to you without a single scare, then fill in the coupon below, send to me and receive my book, sealed, by return mail. In one part of this little publication I describe a mechanical invention of my own, which I call the SANDEN Vitaliser, something you wear at night as an aid to the restoration of lost or waning strength; but you are not expected to get one of these appliances unless you decide for yourself that you want one. The book is complete, and there is absolutely nothing you are required to buy or pay, either now or in the future. Therefore, please send your names and address today.

SANDEN, Author.

MANHOOD! The quality which rules the world today. My friend, there never was a time in the history of the human race when real, sturdy manhood, manly vigor and manly courage counted for as much as they do now, this very minute. No matter what your years, whether you are 20 or 80, you must be either entirely in the race or entirely out of it. It is invariably the fellow who proves up strongest in this human strength that forges to the front, while weaklings stand aside; it is he also who is in most demand and most sought after by women and men of his community, simply because he radiates that marvellous magnetic influence which only an abundant vigor and rugged manly health can radiate. I believe any man can hope to completely develop or restore this sense power or manly strength, no matter what his past follies may have been, provided he is willing to REALLY MAKE THE EFFORT; and provided, of course, he is not weighed down by extreme old age or is not incurably diseased. To my mind, the road of the one who wants more vigor is perfectly plain, but it is a road that any man MUST travel if he attains the highest ideals in respect to his own manhood. See information in my free book.

As to the SANDEN Vitaliser, previously mentioned, will say it is a little mechanical appliance, weighing but a few ounces, which you wear at night. This Vitaliser generates and sends forth a certain soft, penetrating force which I call Vitality. It drives this Vitality into your nerves, blood, muscles and organs as you sleep. It is quieting to the nervous system—or, at least, so users say. Men write that it takes pain out of the back often at once and restores vitality in 90 days. Remember, the general information of the free book is independent of this Vitaliser, and you are not expected to get one of these little appliances unless you want to. You can write me later as to that if you so desire. With special attachments, my Vitaliser is used by women as well as men for rheumatism, kidney, liver, stomach, bladder disorders, etc. If you live in or near this city I should be most pleased to have you call in person at my office, where you may see and test the Vitaliser free of charge. Hours—9 to 6; or if inconvenient to call, do not fail to write for the free booklet.
