Sir,-

In reply to your letter dated April 20th regarding the erection of outbuildings for the Crowfoot Boarding School, I beg to inform you that the Department accepts your offer for the erection of one ice house, two closets, one root cellar and one shed, all as per plans and specifications submitted.

The Department also accepts your offer of \$2,265. for the furnishing of tables, screens, benches, clothes cup-boards, etc., etc., as mentioned in the specifications and plans for this work.

It is understood that all the above mentioned works are to be completed by the first of September and will be subject to the approval of the Principal of this school and that the general conditions of the specifications of the school building are to form part of the contract.

Your offer for the construction of a barn and poultry house cannot be considered at present, both being much higher than the architect's estimate for these buildings.

Your obedient servant
