

FAREWELL ADDRESSES.

Pictou, 18th Dec. 1838.

Revd. Sir:

We, the undersigned have great pleasure in being the channel through which the Presbyterian Congregations of this County, in connection with the Synod of Nova Scotia, present you with the address which accompanies this, and we beg to assure you that we join most cordially in the sentiments of respect and esteem therein set forth toward you. Having been eye witnesses of the almost unexampled trials, difficulties, persecution, privations, and slanders, which as the friend and supporter—we might add founder,—of liberal education in this country you have for upwards of twenty years been subjected to, we trust, that while in common with your numerous friends in this quarter we regret the loss of your society, and your usefulness in the Institution of learning over which you have hitherto presided, we may be allowed to rejoice that you have at last been appointed to a situation which, while it continues you in that sphere of usefulness so congenial to your nature, will reward you for long and meritorious exertions to promote the diffusion of science and useful knowledge among the youth of the Province. That you may be long spared to fill the elevated station which you now hold, is the ardent wish of Revd. Sir

Your most
