

## BEAUHARNOIS.

St. Louis de Gonzague.—This machine is of great help in keeping our roads in good condition.

## BROME.

West Bolton.—The machine works well and to the satisfaction of all concerned.

Potton.—Our roads have been much improved by the use of road machines, which are regarded here as indispensable.

Eastman.—Nearly all the roads of this municipality have been repaired with this machine and most people here admit that it is a great improvement upon the old system.

## CHAMPLAIN.

St. Stanislas.—The machine is almost indispensable in order to have good roads. In less than a month, last year, all our roads were repaired. To-day, they are finer than ever they have been.

## COMPTON.

Bury.—The roads have been much improved. Roads have been rounded off which could not be so improved in any other way. This machine is used in spots where the plough could never pass. We are in great need of another machine to repair our 75 miles of road in the season.

St. Edwidge.—The machine gives good satisfaction. All the people here are satisfied with the result.

Emberton.—This machine is of great importance to the road service, saving a great deal of labor so that we can reduce the rates by one half and our roads are much finer than formerly.
